APPENDIX H

Request to Discontinue a Master of Science and a Doctor of Philosophy in School Psychology and move these programs to concentrations within Psychology

North Carolina State University request the discontinuance of School Psychology from the Academic Inventory as a stand alone degree program and the movement of School Psychology to concentrations at the masters and doctoral levels within Psychology.

School Psychology will then join four other concentrations in Psychology. The program has determined that this is a better way to efficiently use resources. Student will still be able to get a master's or doctoral degree in Psychology with a concentration in School Psychology.

Recommendation

It is recommended that the Board of Governors approve the discontinuation of the master's and doctoral degrees in School Psychology (CIP: 42.1701).
