

APPENDIX D

REQUEST FOR AUTHORIZATION TO DISCONTINUE THE BACHELOR OF SCIENCE IN INDUSTRIAL TECHNOLOGY AT APPALACHIAN STATE UNIVERSITY

In April 2006, the Board of Governors approved two new degree programs for Appalachian State University: (1) Technical Photography and (2) Appropriate Technology. These were previously concentrations within the Industrial Technology program (CIP # 15.0612) in the Department of Technology in the College of Fine and Applied Arts.

Since the above degree programs have been approved by the Board of Governors, Appalachian State University is no longer accepting students into the Industrial Technology Program, and UNC General Administration requests that the Bachelor of Science in Industrial Technology be discontinued effective November 2006.
