GRANTING OF MANAGEMENT FLEXIBILITY TO APPOINT AND FIX COMPENSATION

A. Purpose

Pursuant to the provisions of Chapter 116 of the General Statutes of North Carolina and in an effort to enhance the administrative efficiency of the University, the Board of Governors hereby delegates to the Boards of Trustees for institutions designated as Special Responsibility Constituent Institutions with management flexibility the authority to administer personnel actions as described in this policy. The authority granted by the Board of Governors is subject to the *Code* of the University of North Carolina, policies of the Board of Governors and all applicable federal and state laws, policies, regulations, and rules. This provision requires each Special Responsibility Constituent Institution to comply with, along with other rules, all rules and regulations concerning equal employment opportunity, to act in recognition of funding availability and constraints within each institution's budget, and to take into account the actions of the Governor, the Office of State Budget and Management, and the General Assembly.

B. Institutional Plans For Management Flexibility For Personnel Appointments

The Board of Governors shall review and approve plans for management flexibility for personnel appointments. Upon approval the Board of Trustees of a Special Responsibility Constituent Institution¹ shall have the authority delegated by this policy. An institutional plan shall include the following:

1. Policies and procedures for the recruitment and selection of senior academic and administrative officers. A campus policy for promotion and tenure² that complies with the *Code* of the University of North Carolina and current federal law, provides for periodic pre-tenure, tenure and promotion review at multiple levels, and provides clear requirements for promotion and the conferral of permanent tenure.
2. A schedule and process for periodic review of promotion and tenure policies and a process for amending promotion and tenure policies that includes a review by the Office of the President.
3. Salary ranges, based on relevant data, for vice chancellors, provosts, deans, and other similarly situated administrators³ that are not included in the annual Board of Governors' study establishing salary ranges.

¹ In order for an institution to have management flexibility for personnel appointments, the institution must be designated and maintain the status of a Special Responsibility Constituent Institution.

² As applied to the North Carolina School of the Arts and the North Carolina School of Science and Mathematics, the terms "tenure policy" or "policy for promotion and tenure," as used herein, refer to the institution's policy governing the appointment of faculty.

³ This would include directors of major administrative, educational, research, and public service activities.

4. Evidence of comprehensive salary studies that establish salary ranges for tenured faculty within different disciplines based on relevant data.⁴
5. Policies governing the compensation of faculty and non-faculty EPA (exempt from the State Personnel Act) from non-state sources such as grants, endowment funds, practice plan funds, etc.
6. Policies governing any non-salary compensation of faculty and non-faculty EPA.
7. Documentation that the campus has not had audit findings related to personnel practices, salary or payroll for the previous three years or evidence that any findings have been remedied.
8. Evidence of appropriate accountability procedures in the event that the Board of Trustees delegates the authority granted pursuant to this policy to the chancellor.

C. Delegation of Authority to Boards of Trustees of Institutions With Management Flexibility

1. Simultaneous with approval by the Board of Governors of an institution's plan for management flexibility in personnel, the Board of Trustees of an institution with management flexibility is delegated the authority, which it may not delegate until further action by the Board of Governors, to:⁵
 - a. Upon recommendation of the chancellor, appoint⁶ and fix the salary and non-salary compensation⁷ for all vice chancellors and senior academic and administrative officers (as defined in Section I.A. of policy 300.1.1 titled "Senior Academic and Administrative Officers") for which the Board of Governors establishes salary ranges. Any salary set by the Board of Trustees shall be established consistent with the salary ranges and the policies of the Board of Governors and the regulations and guidelines established by the Office of the President. Once appointed, all vice chancellors and senior academic and administrative officers will be responsible to the chancellor or the chancellor's designee and will serve at the pleasure of the chancellor.
 - b. Upon recommendation of the chancellor, establish salary ranges for deans and other similarly situated administrators that are not included in the annual Board of Governors' study establishing salary ranges. These salary ranges must be based upon available relevant data.

⁴ When used in this policy, the phrase "relevant data" indicates that the institution shall draw comparisons to peer institutions as approved by the Board of Governors. Data from peer institutions will be used when available except in instances in which a campus can demonstrate legitimate labor market differences that justify the use of a supplemental or alternative set of peer institutions.

⁵ The delegation authorized by this policy is in addition to the delegation by the Board of Governors to the Boards of Trustees contained in the Appendix to the *Code of the University of North Carolina*.

⁶ For the purpose of this policy the term "appoint" means the initial appointment, reappointment, or an appointment that constitutes a promotion or a significant change in position responsibilities.

⁷ Throughout this policy, all actions of a Board of Trustees of a Special Responsibility Constituent Institution to "fix the compensation" of employees are subject to the limitations contained in Section D of this policy, the policies of the Board of Governors, guidelines and regulations established by the Office of the President, and institutional plans, policies and procedures.

- c. [Deleted]
 - d. Upon recommendation of the chancellor and consistent with the approved tenure policies and regulations of each institution, confer permanent tenure.
2. Simultaneous with approval by the Board of Governors of an institution's plan for management flexibility in personnel, upon recommendation of the chancellor and consistent with the approved tenure policies and regulations of each institution, the Board of Trustees is delegated the authority set forth below.  - d. Award compensation from non-state sources consistent with policies established by the Board of Governors.
3. The Board of Trustees of each institution with management flexibility:
- a. Shall, prior to the effective date of implementation, file with the Office of the President the salary ranges and relevant documentation for the administrators for whom the campus has authority for setting ranges or salaries. Such documentation shall be based on relevant data.⁸

Audit findings related to weaknesses in the internal control structure, deficiencies in the accounting records, and noncompliance with rules and regulations or any other instances where significant findings are identified. The report should specifically detail any findings regarding personnel practices, salary or payroll for the previous year and remedial action taken in response to audit findings.
- c. Shall submit to the Board of Governors for review, at least 30 days prior to a regularly scheduled meeting, all new or modified compensation policies and salary ranges established for faculty with permanent tenure and senior academic and administrative officer positions.

D. Responsibility of the Board of Governors and the President

1. In consultation with the President, the Board of Governors shall:

3. The Personnel and Tenure Committee of the Board of Governors reserves the right to withdraw the granting of management flexibility to any institution that does not adhere to the policies and procedures set forth in this policy. Should this occur, the Board of Governors will notify the institution of the discrepancies, and if they are not adequately addressed, in the judgment of the Board of Governors, then the management flexibility shall be withdrawn. This will mean another review process will have to be conducted and flexibility reinstated under the original procedure.

E. Implementation of the Delegated Authority

1. Special Responsibility Constituent Institutions seeking to obtain management flexibility may submit a plan to the Senior Vice President for Academic Affairs for review and approval by the Board of Governors or the Personnel and Tenure Committee of the Board on any date after March 1, 2002.
