

2009-11 State Legislative Policy Agenda

This year, the University is putting together a two-year legislative policy agenda. The agenda will reflect the policy priorities of the President, Chancellors and Board of Governors. By enacting a two-year agenda, the state government relations team will be able to appropriately time the introduction of bills and move legislation through the General Assembly at the correct pace. To date, we have received 35 policy items from eight campuses.

System-wide priorities may include:

1. Repairs and Renovations
2. HR – Substantially equivalent
3. Immunity for Campus Health Professionals
4. Campuses Retain Energy Savings
5. Extend Phased Retirement Program

Timeline:

November 2008	Internal Review of Campus Proposals
December 2008	Chancellors and President sign off
December 2008	Public Affairs preview of draft agenda
January 2009	Public Affairs and Board approval of agenda
