Robin,

I have enjoyed my time on the UNCP Board of Trustees but due to an employment opportunity I feel I will not be able to give the amount of time to the UNCP Board of Trustees that the University deserves in the future months of my term. Due to this situation I would like to resign my position on the Board effective 1-17-12. I will continue to support the University and Administration in the future in all ways that I can be of service. Thank you for your leadership this year as Chair of the Board of Trustees and for the friendship you have given to me during the time we have served on the Board.

Thomas A. Nance.
