

COMMITTEE ON PUBLIC AFFAIRS

Committee on Public Affairs

January 9, 2014

6. Legislative Session Overview..... Drew Moretz

Situation: There will be an update on the interim legislative committee meeting activities.

Background: A number of legislative committees are meeting during the interim. UNC has been a focus on a number of these committees, including Program Evaluation Division (operational efficiencies), Education Oversight (GPA-weighting, teacher effectiveness research and Comprehensive Articulation Agreement update), and House Select Committee on Education Innovation.

Assessment: The work of the committees could lead to further legislation in the coming short session. We are monitoring the committee meetings closely and engaging legislators as issues arise.

Action: This is for information only.
