Welborn, Reich L.	1/15/2009	Durham	Durham	GOV	2001		No	W	M	
Winslow, Thomas B.	1/15/2009	Durham	Durham	GOV	1998		No	W	M	Chair

LARRY K. MONTEITH

Chancellor, NC State University — 1990 - 1998
Interim Chancellor — 1989-1990

Dean of Engineering, NC State University — 1978-1989
Head of Electrical Engineering, NC State University — 1974-78
Professor of Electrical Engineering, NC State University — 1972-1989
Associate Professor of Electrical Engineering, NC State University — 1968-1972
Adjunct Assistant Professor, NC State University—1965-1968
Member, Tech. Staff and Res. Dir., Research Triangle Institute — 1962-1968
Member, Technical Staff, Bell Telephone Laboratories — 1960-1962

EDUCATION

North Carolina State University	1960	B.S.	Electrical Engineering
Duke University	1962	M.S.	Electrical Engineering
Duke University	1965	Ph.D.	Electrical Engineering

SELECTED PROFESSIONAL ACTIVITIES

Chair, Board of Directors, Greater Triangle Regional Council
Member, Board of Directors, NCEITA
Member, NSF Advisory Committee for Engineering
Member, Board of Trustees, Shaw University
Member, Board of Trustees, National Technological University
Member, Board of Directors, MCNC
Member, Board of Trustees, Wake Education Partnership
Member, Board of Directors, Research Triangle Institute
Member, Board of Visitors, Air University
Chair, Board of Directors, MCNC
Chair, ASEE National Committee for Faculty Professional Development
Member, Board of Trustees, N.C. School of Science and Mathematics
President, Central Carolina Chapter of PENC
Member, Board, Greater Raleigh Chamber of Commerce

HONORS AND AWARDS

Distinguished Engineering Alumnus Award, NC State University, 1999
Fellow, Institute of Electrical and Electronics Engineers
Fellow, American Society for Engineering Education
Oklahoma State Lohmann Lecturer
American Society for Engineering Education Centennial Medallion
Engineer of the Year, 1990 (PENC)
Outstanding Engineering Achievement Award, 1990 (NCSE)
Distinguished Engineering Alumnus Award, Duke University, 1984

PUBLICATIONS

Numerous publications, papers and reports on sensors, transducers space charge effects, insulating materials, and materials used in electronic devices and circuits.
Numerous publications, papers and reports on engineering education, issues in higher education, and strategies for economic development.
