

Declaration of Emergency Capital Improvements Project – Winston-Salem State University

The Chancellor of Winston-Salem State University has informed the President of the need to invoke emergency procedures as allowed by G.S. 143-129 to make needed repairs by the quickest means possible for the following project.

Declared on August 15, 2006, WSSU has an urgent need to complete repairs on an electrical/telecommunications duct bank serving a number of buildings on the south side of campus. Two power service interruptions occurred during the month of July, and on both occasions, significant damage was done to electrical equipment.

The project, estimated to cost \$150,000, would be funded from 2005 Repairs and Renovations funds.

In accordance with emergency procedures, the State Building Commission has been notified.
