SUBJECT: Annual Report from UNC Health Care System

This is the month for the annual report from the UNC Health Care System. That report is included here as are the PowerPoint slides for the presentation.

The Annual Report addresses actions and results under the flexibility legislation in the areas of personnel, purchases, property, and property construction at the Chapel Hill component of the UNC Health Care System. The report documents performance improvements and savings under flexibility.

Recently a petition drive was initiated to call attention to the claim of its advocates that the changes at the Health Care System had resulted in some poor patients not getting care. Dean Roper has prepared a concern and response document to explain the position of and steps taken by the Health Care System to address the expressed concerns. That document is included as well.
