Mrs. Bernell Dickinson, Director of Veterans Education in the Department of Public Instruction, talked with the Chancellors about recent changes in the law concerning veterans benefits and about the importance of seeing that the institutions adhere to the regulations of the Veterans Administration. She suggested that the appropriate person at each institution get in touch with her or with one of her deputies to get specific information on procedures that should be followed by the institutions. Her telephone number in Raleigh is (919) 733-7535. The Deputy Director for the eastern part of the state is Charles Barrett, who is at the same telephone number. The Deputy Director for the western part of the state is Joe Sharpe who is in Greensboro at (919) 299-6963.

The President asked that Chancellors remain particularly alert to proposals that may erode support for the budget requests that have been submitted for the University.

Dr. Dawson called attention to a memorandum concerning enrollment estimates that had been mailed to the Chancellors. He asked each Chancellor to give personal attention to this memorandum. It is due in the President's office by February 8. He then reviewed minority presence enrollments for the fall of 1984 and noted that meetings on this topic would be scheduled soon with each of the predominantly white institutions.
