

APPENDIX C

Declaration of Emergency Capital Improvements Project – East Carolina University

The Chancellor of East Carolina University has informed the President of the need to invoke emergency procedures as allowed by G.S. 143-129 to provide for replacement of a failed chiller providing cooling to the Brody School of Medicine.

In order to have this chiller back in service before the next cooling season, an immediate replacement must be ordered and design services must be secured. The project, estimated to cost \$350,000, will be financed from Renovation and Repair funds.

In accordance with emergency procedures, the State Building Commission has also been notified.
