

3. Presentation by North Carolina School of Science and Math Student

Situation: The EPPP Committee, in order to stay in touch with campus activity continues to open their meetings by highlighting students from various campuses to speak on their research experiences. Jenny Wang, a senior student, will present a summary of her project: "Fully Automated Computational Brain Image Segmentation for Cross-Modality Analysis of Neurodegenerative Diseases." Her faculty mentor, Bob Gotwals, will accompany her.

Background: NCA&T State University, UNC School of the Arts, UNC Greensboro, NC Central University, UNCW's Onslow Count Extension Program, North Carolina Research Campus in Kannapolis, Western Carolina University, and Winston-Salem State University have presented at the EPPP Committee. The topics of these presentations were widely varied and immensely informative and wonderfully received.

Assessment: These student presentations continue to reinforce the EPPP Committee's understanding and connection to the meaning of their work.

Action: This item is for information only.
