DRAFT MINUTES

January 16, 2020
University of North Carolina System Office
Center for School Leadership Development, Board Room
Chapel Hill, North Carolina

This meeting of the Committee on Budget and Finance was presided over by Chair Temple Sloan. The following committee members, constituting a quorum, were also present: Darrell Allison, Carolyn Coward, W. Marty Kotis, III, R. Doyle Parrish, and Robert Rucho.

Chancellors participating were Chancellor Woodson and Chancellor Dubois.

Staff members present included Clinton Carter, Katherine Lynn, and others from the UNC System Office.

1. Call to Order and Approval of OPEN Session Minutes (Item A-1)

The chair called the meeting to order at 10:30 a.m. on January 16, 2020, and called for a motion to approve the open session minutes of December 12, 2019.

MOTION: Resolved, that the Committee on Budget and Finance approve the open session minutes of December 12, 2019, as distributed.

Motion: Darrell Allison
Motion: carried

2. UNC System Internal Bank Presentation (A-2)

Mr. Clinton Carter gave a presentation on the concept of the UNC System Internal Bank, which would serve as an internal lender, exclusively to our constituent institutions, and would make loans available for various capital projects. Internal banking has been effectively used by other multi-campus universities and large private universities to reduce overall institutional borrowing costs, create greater economies of scale, and reduce institutional workforce requirements. Final loan details are still to be determined and will be brought back to the Board of Governors for consideration and any necessary approval.

3. 2020-21 Tuition and Fee Proposals Presentation (A-3)

Mr. Carter presented a glance of the proposed 2020-21 Tuition and Fees that were received from the UNC System constituent institutions to the committee. These proposals will be discussed in-depth during the Tuition and Fee Workshop on February 19, 2020. The proposals will be considered for a vote in March.
4. **Capital Improvement Projects – East Carolina University, Fayetteville State University, NC State, UNC-Chapel Hill, and NC School of Science and Mathematics (Item A-4)**

Ms. Katherine Lynn presented prospective capital improvement projects to the committee for the following institutions: East Carolina University, Fayetteville State University, NC State, UNC-Chapel Hill, and NC School of Science and Mathematics. In total, five capital improvement projects were considered, including two advance planning projects and three increased authorization projects.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the capital improvement projects for East Carolina University, Fayetteville State University, NC State, UNC-Chapel Hill, and NC School of Science and Mathematics and recommend them to the full Board of Governors for a vote through the consent agenda.

**Motion:** Darrell Allison
Motion: carried

Mr. Kotis voted no, citing previously stated concerns about the capital projects approval process.

5. **Disposition of Property by Deed and by Ground Lease – East Carolina University (A-5)**

Ms. Lynn introduced Ms. Sara Thorndike, ECU’s vice chancellor for Administration and Finance, to present East Carolina University’s request for the disposition of three historic warehouse properties located on the Millennial Campus by deed. This type of transaction would be an Estate for Years transaction for 80 years (property sale that reverts back to ECU), followed by 19-year ground lease option negotiated in year 70, so historical tax credits can be used and monetized by the developer.

Upon approval, final action by the NC Council of State will be required.

**Motion:** To recommend that the full Board authorize the chancellor of ECU, or the chancellor’s designee, to enter into the disposition by deed transaction and ground lease agreement consistent with the terms provided in our materials, and to enter into those other agreements anticipated by these transactions that are necessary to bring the project to completion.

**Motion:** Robert Rucho
Motion: carried

6. **Disposition of Property by Ground Lease – East Carolina University (A-6)**

Ms. Thorndike presented ECU’s request for the disposition of real property by ground lease for the purpose of developing a 125-room hotel. The hotel will be located on the Millennial Campus on East Fourth Street. The initial ground lease is for 65 years with an option to renew for an additional 34 years.

**Motion:** To recommend that the full Board authorize the chancellor of ECU, or the chancellor’s designee, to enter into the ground lease consistent with the terms provided in our materials and to enter into those other agreements anticipated by the ground lease that are necessary to bring the project to completion.
Motion: Darrell Allison
Motion: carried

Mr. Kotis voted Nay.

7. Sale of Special Obligation Bonds – UNC School of the Arts (A-7)

Mr. Carter presented the University of North Carolina School of the Arts’ request to authorize issuance of special obligation bonds (the “2020 Bonds”) in an amount not to exceed $46,000,000 for the purpose of constructing, equipping, and furnishing a new residence hall on UNCSA’s campus, and not to exceed an additional 5% of such principal amount to pay the costs incurred in connection with the issuance of the 2020 bonds.

MOTION: Resolved, that the Committee on Budget and Finance approve UNCSA’s request for the president of the University, or his designee, be authorized to issue the special obligation bonds and recommend it to the full Board of Governors for a vote through the consent agenda.

Motion: R. Doyle Parrish
Motion: carried

8. Other Business (Item A-8)

Vice Chair Parrish gave an update on the Capital Construction Task Force. Gov. Parrish shared preliminary details with the committee for the next task force meeting on Thursday, January 23, including presentations from stakeholders.

There being no further business, the meeting adjourned at 12:57 p.m.

AGENDA ITEM

A-2. 2020-21 Budget Priorities................................................................. Clinton Carter

Situation: One of the principal responsibilities of the Board of Governors is to “develop, prepare, and present to the Governor and the General Assembly a single, unified recommended budget for the constituent institutions of the University of North Carolina” [G.S. 116-11(9)a]. In odd numbered years, the governor recommends, and the General Assembly enacts a biennial (two-year) budget. In even-numbered years, adjustments are made to the budget for the second fiscal year of the biennium.

Background: The Office of State Budget and Management (OSBM) has requested supplemental budget proposals for 2020-21, encouraging state agencies to focus requests around their mission and strategic plan.

Assessment: The 2020-21 budget priorities and legislative proposal are a continuation of efforts to lay the foundation for a more productive, data driven, and accountable system of higher education, and include support for faculty and staff recruitment and retention and promotion of summer school for student success. In addition, since no budget has been enacted for 2019-20, the proposal requests appropriation of items funded in the 2019 Appropriations Act (H. 966) and the Strengthening Educators’ Pay Act (S.354).

Action: This item is for discussion only.

Room to Improve On-time Graduation Rates

- Students who took at least one summer course had a 4-year graduation rate that was 17.4 percentage points higher than those who did not.
- However, only 58% of students took one or more courses in the summer.
- Increasing student enrollment in the summer has the potential to dramatically increase on-time graduation.

Summer Funding

- The System Office requested detailed information from institutions concerning the following:
  - Barriers to increasing summer enrollment
  - Undergraduate courses each campus would offer if summer enrollment was funded at the same level as fall and spring
  - Student services that could better leverage summer courses

Digital Learning Opportunities in Cybersecurity

- A newly created “UNC Accelerator” will provide funds through a competitive internal grant process that leverages demonstrated strengths of the UNC institutions.
- The funding requested will lay the groundwork for the dramatic acceleration in the UNC System’s ability to address critical workforce needs.
- This will include support for the expansion of essential programs, like cybersecurity, and online delivery options that will increase access for military, veterans, and rural students.

Enrollment Growth and Emergency Reserve

Enrollment Growth Reserve
- Moving to actual enrollment in arrears puts a strain on rapidly growing campuses making it difficult to support new programs and incoming students.
- This reserve would provide temporary funding to bridge extreme growth until enrollment is funded in the formula.

Emergency Reserve
- FY 2019-20 has seen a substantial increase in the number of one-time campus emergency requests.
- The budget impasse is expected to exacerbate this issue.

AGENDA ITEM

A-3. Capital Improvement Projects – NC State, UNC Charlotte, and NC School of Science and Mathematics

Situation: Three UNC System institutions have requested a total of five capital improvement projects: four projects for advance planning and one project for increased authorization.

Background: The Board of Governors may authorize capital construction projects and advance planning projects at UNC System institutions using available funds.

Assessment: NC State, UNC Charlotte, and the NC School of Science and Mathematics have requested projects that meet the statutory requirements, and it is recommended that the Board of Governors approve the projects and their methods of funding. It is further recommended that these projects be reported to the NC Office of State Budget and Management as non-appropriated projects that do not require any additional debt or burden on state appropriations.

Action: This item requires a vote by the committee, with a vote by the full Board of Governors through the consent agenda.
Capital Improvement Projects – NC State, UNC Charlotte, and NCSSM

ISSUE OVERVIEW

UNC System institutions are required to request authority from the Board of Governors to proceed with non-appropriated projects using available funds (non-general funds). Non-appropriated capital projects are funded by the institution and include the construction, repair, or renovation of facilities such as residence halls, dining facilities, research buildings, athletic facilities, and student health buildings.

There are three UNC System institutions that have requested a total of five capital improvement projects: four for advance planning and one project for increased authorization.

RECOMMENDATION

All projects and associated funding sources are in compliance with G.S. 143C-8-12 (State Budget Act).

It is recommended that these projects be authorized and reported to the NC Office of State Budget and Management as non-appropriated projects that do not require any additional debt or burden on state appropriations.
AGENDA ITEM

A-4. Sale of Millennial Campus Revenue Bond – Appalachian State University.............................. Clinton Carter

Situation: Appalachian State University ("Appalachian") requests that the Board of Governors issue a Millennial Campus revenue bond (the “2020 Bond”) in an amount not to exceed $2,650,000 for the purpose of acquiring and installing a field turf system (the “2020 Project”) for Kidd Brewer Stadium (the “Stadium”) and paying costs incurred in connection with the issuance of the 2020 Bond.

Background: The Board of Governors, pursuant to the Millennial Campuses Financing Act, Article 21B of Chapter 116 of the General Statutes (the “Act”), by resolution adopted on September 9, 2016, designated an 87.96-acre area of Appalachian that includes the Stadium and a number of west campus residence halls as a Millennial Campus (the “Millennial Campus”). The Board of Governors is authorized to issue Millennial Campus revenue bonds payable from any leases, rentals, charges, fees, and other revenues of a “project” (as defined in the Act) located on a Millennial Campus, and the 2020 Project constitutes a “project” under the Act.

Assessment: Appalachian currently has an issuer credit rating of “Aa3” with a negative outlook from Moody’s Investor Service, and Appalachian’s outstanding Millennial Campus revenue bonds are rated “A1” with a negative outlook from Moody’s Investor Service. This transaction is not expected to have any impact on Appalachian’s credit ratings.

AGENDA ITEM

A-5. Sale of Special Obligation Bonds – Appalachian State University...................................Clinton Carter

Situation: Appalachian State University requests that the Board of Governors issue a special obligation bond in a principal amount not to exceed $2,350,000 (the “Bond”) for the purpose of refunding up to $2,160,000 of outstanding special obligation bonds issued on Appalachian’s behalf in 2010 (the “2010B-1 Bonds”) and paying costs of issuance with respect to the Bond.

Background: The Board is authorized to issue special obligation bonds for capital improvement projects that have been approved by the General Assembly. These projects have been previously approved by the Board and the General Assembly and have been approved for financing. This request is to refinance for savings those previously issued bonds.

Assessment: Due to the favorable interest rate environment, Appalachian has the opportunity to refinance the 2010B-1 Bonds for debt service savings. Appalachian estimates that it can achieve approximately $120,000 in net present value savings by refunding the 2010B-1 Bonds, representing roughly 5.7% of the par amount refunded. Appalachian is pursuing this refinancing simultaneously with its turf field financing to streamline costs and improve savings.

Appalachian currently has an issuer credit rating of “Aa3” with a negative outlook by Moody’s Investor Service. This transaction is expected to have no impact on Appalachian’s credit rating.

Action: This item requires a vote by the committee, with a vote by the full Board of Governors through the consent agenda.

ISSUE OVERVIEW
