Such policy must be published in a manner accessible to students, prospective students, and the public.

P. Standard 15 (Institutional Agent). No person or agency with whom the institution contracts may have a record of unprofessional conduct, or incompetence that would reasonably call into question the overall quality of the institution. [G.S. 116-15(f)(15)] Appropriate information must be readily available for review concerning any person or agency with whom the institution contracts for academic or support services.

V. License and Interim Permit. To be issued a license, the institution must satisfy the Board that standards enumerated in section IV., above, are met. An institution which meets standards for licensure except for having conducted postsecondary degree activity for at least two years immediately prior to submitting an application for licensure may be granted an interim permit to conduct postsecondary degree activity if the institution can demonstrate a quality of stability, experience, reputation, and performance which two years of operation would normally denote. Before the end of the period of the interim permit, the institution will be re-evaluated to determine if it qualifies for a license. Procedural regulations regarding licenses and interim permits, including without limitation rules regarding reviewing, revoking, suspending, and modifying licenses and interim permits, will be promulgated by the UNC System Office. These procedural regulations may include regulations allowing the president or the president’s designee to grant licenses to be later ratified by the Board. Unless issued a license or interim permit, or declared exempt from licensure, postsecondary degree activity may not be undertaken in North Carolina by nonpublic institutions.

VI. Enforcement. The UNC System Office shall will to the attention of the Attorney General, for such action as the Attorney General may deem appropriate, any institution failing to comply with these requirements for licensure.

VII. Licensure Fees. All institutions applying for or receiving licensure to conduct educational activities in North Carolina must pay licensing fees and annual fees as set by the UNC System Office.

VIII. Other Matters

A. Effective Date. The requirements of this policy shall be effective on the date of adoption of this policy by the Board of Governors.

B. Relation to Federal and State Laws. The foregoing policy as adopted by the Board of Governors is meant to supplement, and does not purport to supplant or modify, those statutory enactments which may govern or relate to the subject matter of this policy.

C. Regulations and Guidelines. This policy shall be implemented and applied in accordance with such regulations and guidelines as may be adopted from time to time by the president.
