In October 2018, the Board of Governors tapped Dr. Roper to lead the UNC System and he began his term as interim president in January 2019. Having spent most of his working life in public service, Dr. Roper stated that leading this wonderful institution had been a high honor and privilege. He was proud of the work the Board, the chancellors, the leadership team, faculty, staff, and he have accomplished.
He thanked everyone for their support and guidance. He wished incoming President Hans the very best as he begins his presidency.

Next, Interim President Roper introduced Dr. David Weber, medical director of hospital epidemiology and associate chief medical officer of UNC Health Care. Interim President Roper recalled that Dr. Weber provided a report on the COVID-19 pandemic to the Board at its March 2020 meeting and welcomed him back to the day’s meeting for an update. Dr. Weber provided a slide presentation highlighting the current trends and status of the COVID-19 pandemic as well as the latest on medical research on health and safety (see Appendix A).

Chair Ramsey thanked Dr. Weber for his report and stressed that the Board and the UNC System Office were planning for the safe return of students and employees to the campuses in the fall.

In closing, Interim President Roper announced that this marked the first Board of Governors meeting for Dr. Sharon Gaber, chancellor of UNC Charlotte. Included in the budget allocations were recommendations for enrollment funding, the NC Promise tuition buy down, and other related bills (see Appendix J).

Motion: James L. Holmes, Jr.
Motion carried (Roll Call vote taken; see Appendix P)

Next, the committee heard a presentation on the 2020-21 Capital Improvements Allocations from the Reserve for Repairs & Renovations (R&R). Mr. Holmes recalled that the 2020 General Assembly appropriated $85.2 million from the State Capital Infrastructure Fund to the R&R fund. It also appropriated $15 million pursuant to H.B. 1023, of which $6 million would be allocated to the Board of Governors. The committee recommended that the R&R funds be distributed based on the allocation model that was previously approved by the Board in September 2019. It also recommended that the president be authorized to make refinements in the interest of accuracy and completeness (see Appendix K).

Motion: Resolved, that on behalf of the Committee on Budget and Finance, the Board of Governors approve the 2020-21 Capital Improvements Budget Allocations.

Motion: James L. Holmes, Jr.

Mr. Holmes reported that the committee also considered and approved routine administrative and transactional items including N.C. A&T State University’s request for the sale of special obligation bonds (see Appendix C); Western Carolina University’s request for the sale of special obligation bonds (see Appendix D); UNC Hospital’s request for SBPA replacement remarketing agent (see Appendix E); and East Carolina University’s request for disposition of real property (see Appendix F). The committee heard a report from Mr. Parrish, chair of the Capital Construction Task Force. The task force submitted its final report, which included recommendations for changes to the capital project design and construction policies, procedures, and processes. The task force identified specific action items for each recommendation, which included six focus areas (see Appendix L). The committee voted to accept the recommendations. This item will be presented to the full Board at its next meeting.

Mr. Holmes reported that the committee discussed tuition and fees scenarios for the upcoming fall semester as each of the constituent institutions are preparing for the return of students this fall. He explained that some instructional formats for parts of the 2020-21 academic year may need to change in response to the uncertainties created by the COVID-19 pandemic and that questions would arise about how our institutions will approach tuition and fees during this time. From the Board’s perspective, it is important that our universities continue to operate and provide instruction, and the tuition and fees that we collect are important to sustaining this important mission not just for today’s students, but for the students who will attend our institutions in the future. Mr. Holmes offered the following motion (see Appendix M).

Motion: Resolved, that on behalf of the Committee on Budget and Finance, the Board of Governors affirm that the tuition and fees charged for the 2020-21 academic year will remain in place and shall not be refunded by any institution regardless of any changes in instructional format that may occur for any part of the 2020-21 academic year.

Motion: James L. Holmes, Jr.
Motion carried (Roll Call vote taken; see Appendix P)

Finally, Mr. Holmes announced that a committee will be formed to discuss the tuition and fees process. The purpose will be to conduct a comprehensive review of the entire tuition and fee process. The committee will be chaired by Mr. Mitchell and staffed by Senior Vice President Andrew Kelly. Other members of the committee will be identified in the coming weeks and will include representatives from the constituent institutions. Following the committee’s next meeting, it will host an open session where Board members and other constituents can voice their ideas on any topics, issues, or areas of concern that the committee should explore.

Report of the Committee on Educational Planning, Policies, and Programs

Mr. Sloan, chair of the committee, reported that during its meeting the previous day, the committee reviewed and approved the Annual Report of the Committee on Educational Planning, Policies, and Programs from July 1, 2019 through June 30, 2020 (see Appendix N). The committee also heard an update on the UNC System’s continued response to the impact of COVID-19 from the fully online summer session, the fall 2020 semester, and beyond. The committee heard an update on H.B. 1043 COVID-19 Response Project. The General Assembly allocated $5 million that will be used to support three areas of online education: a virtual student support initiative, a digital course enhancement initiative, and designing effective online course initiative.

Next, the committee discussed a waiver pertaining to UNC Policy Section 700.1.1 – Policy on Minimum Eligibility Requirements for Undergraduate Admissions to the UNC System. The impact of COVID-19 has reduced options for standardized testing. The committee considered a one-year temporary waiver to the requirements of the policy. The committee voted to waive the standardized testing component of UNC Policy Section 700.1.1 for students applying for admission in the Spring, Summer, and Fall 2021 semesters.

Motion: Resolved, that on behalf of the Committee on Educational Planning, Policies, and Programs, the Board vote to accept a temporary waiver to portions of UNC Policy Section 700.1.1 – Policy on Minimum Eligibility Requirements for Undergraduate Admissions to the University of North Carolina System as described above.

Motion: O. Temple Sloan

Mr. Long expressed concern with suspending the University's standardized test scores and offered an amended motion as follows.

Amended Motion: Resolved, that the Board of Governors provide that students applying for admission in the Spring, Summer, and Fall 2021 semesters need not provide a standardized test score as a condition of admission if they provide a written certification that they have not been able to take a standardized test and retest due to the COVID-19 pandemic, and that upon receipt of the certification, the University will disregard any standardized test scores of that student in considering their admission.

Amended Motion: Steve Long
Motion seconded: Thomas Goolsby
Motion failed (Roll Call vote taken; see Appendix P)

Following discussion, Chair Ramsey called on Mr. Sloan to restate the original motion and called for a vote.

Motion: Resolved, that on behalf of the Committee on Educational Planning, Policies, and Programs, the Board vote to accept a temporary waiver of portions of UNC Policy Section 7001.1. – Policy on Minimum Eligibility Requirements for Undergraduate Admissions to the University of North Carolina System. The impacts of COVID-19 have reduced options for standardized testing and have resulted in approximately 250 colleges and universities
waiving testing requirements for the upcoming admission cycle. The committee heard from enrollment managers and UNC-Chapel Hill and NC State, who explained the impact that this is having on their market competitiveness and on unconstructed student stress. The committee did not consider a permanent policy change, but only a one-year temporary waiver to the requirement of the policy directly related to the impacts of COVID-19. The committee voted to waive the standardized testing component of Section 700.1.1 in the spring, summer, and fall of 2021.

Motion: O. Temple Sloan
Motion carried (Roll call vote taken; see Appendix P)

In closing, Mr. Powers expressed concern about the wellbeing of students, given the fact that when they return to campus, students will spend a lot of time in their dorm rooms with severely limited campus activities and safe opportunities to socialize. He asked about the measures that our institutions are taking to address this challenge. Chancellor Martin stated that all the campuses are focusing a great deal of attention and energy on ensuring students’ safe return to the campuses for the new academic year. He spoke about the strategies that N.C. A&T State has implemented, which include extended access to certain campus facilities, increased counseling services, and virtual-service counseling.

Mr. Arthur Keeney, whom occupied Seat 11, has completed his service. The nominating committee recommended the appointment of Ms. Deborah Davis to Seat 11 for a five-year term beginning March 1, 2020 and ending on February 28, 2025. The other two vacancies would be considered later.

Motion: Resolved, that on behalf of the Committee on University Governance, the Board of Governors vote to approve the appointment of Ms. Deborah Davis to Seat 11 on the Board of Trustees at Vidant Medical Center.

Motion: David Powers
Motion carried (Roll call vote taken; see Appendix P)

Mrs. Coward, chair of the committee, reported that, during its meeting the previous day, the committee continued discussion on student mental health issues. The committee discussed trends and the utilization of student mental health services. Dr. Ben Locke, senior director of counseling & psychological services at Pennsylvania State University, shared key information from his research on student mental health delivery, staffing levels, and student demand. He recommended that the UNC System examine its capacity to offer these services. The committee will gather data related to the cost of financing mental health services.

The committee also heard a presentation by Dr. J.J. The information gathered from these collaborative activities will be provided to our state’s legislative leaders and policymakers.

Report of the Committee on Military and Veterans Affairs
Mr. Daughtry, chair of the committee, reported that, during its meeting the previous day, the committee focused on the value that military students bring to our University and our state. Over the past three years, the UNC System has seen a gradual increase in enrolled military-affiliated students. Mr. Daughtry spoke of the positive attributes that veterans bring to college and university campuses. He noted that the UNC System has seen a 24 percent revenue increase for those utilizing federal Veterans Administration’s educational benefits, which totaled $61 million in 2019. He stressed the importance of the UNC System to prioritize recruiting, retaining, and graduating military-affiliated students.
