Report from the Association of Student Governments
Mr. Green reflected on his college career and service on the Board. He appreciated the time spent on the Board and remarked that the experience has made him a better listener, leader, and advocate. He noted that despite the pandemic, the UNC Association of Student Governments had accomplished much over the past year. It is important for students to realize that their voices have value and are important. He spoke about the UNC Racial Equity Task Force and expressed gratitude to the Board in support of this effort. In closing, Mr. Green thanked the members of
the Board, President Hans, chancellors, students, and other affiliated leaders across the UNC System, whom he had the opportunity to work during the past year.

Report of the Committee on Budget and Finance
Mr. Holmes, chair of the committee, reported that the committee received the Report of Facilities and Administrative (F&A) Receipts and the UNC System Consolidated Financial Report. The committee asked the staff to provide additional information for some specific data contained in the reports. The committee will further examine the data at its next meeting.

The committee heard an update on the work of the Task Force on Pricing, Flexibility, and Affordability from Chair Murphy. The task force discussed billing methods for fees based on distance education programs. At its next meeting, the task force will examine student costs beyond tuition and fees including, room and board, books, and supplies, and other components of the total cost of attendance.

Next, the committee reviewed and approved proposed amendments to Section 600.1.1 of the UNC Policy Manual – Policy on Design, Construction, and Financing of Capital Improvement Projects. This item will be brought to the full Board for approval at its next meeting.

Mr. Holmes reported that the committee received a request related to the Designation of Millennial Campus at UNC Asheville (see Appendix C) and the request for Expansion of Millennial Campus at Appalachian State University (see Appendix D). The committee approved these items and placed them on the day’s consent agenda.

The committee also reviewed and discussed nine capital improvement projects from seven UNC System institutions (see Appendices E – M). The committee approved these items and placed them on the day’s consent agenda.

At the conclusion of Chair Holmes’ report, Chair Ramsey requested that Mr. Holmes and Mr. Powers discuss governance issues that surround millennial campuses and foundations.

Report of the Committee on Educational Planning, Policies, and Programs
Mr. Sloan, chair of the committee, reported that the committee heard updates on activities in Academic Affairs at the UNC System Office and across the 17 constituent institutions. The committee also received a presentation from Dr. Hugh Tilson, director of North Carolina Area Health Education Centers (NC AHEC), on the Pandemic Health Care Workforce Study. The study included recommendations of how to prepare the workforce for a future health crisis.

Next, the committee reviewed and approved revisions to Section 700.1.3 of the UNC Policy Manual – Policy on Out-of-State Undergraduate Enrollment (See Appendix N). The policy was reviewed and approved by the committee in February, and the policy was voted on earlier in the day (consent agenda). The revisions to the policy would raise the cap on non-resident first-time undergraduate enrollment from 18 percent to 23 percent effective as of fall 2021 at the UNC System’s Historically Black Colleges and Universities (HBCUs). The revised policy will be brought to the full Board for approval at its new meeting. Mr. Sloan reported that immediate action needed to be taken regarding institutions which had previously exceeded the designated cap. North Carolina Central University (NCCU) exceeded the nonresident enrollment cap in the fall 2020, which is in violation of the UNC System’s policy. The committee agree to offer NCCU a formal warning rather than impose a penalty.

Motion: Resolved, that on behalf of the Committee on Educational Planning, Policies, and Programs, the Board vote to grant a penalty waiver to North Carolina Central University for exceeding the 18 percent enrollment cap last fall and to let this serve as a formal warning to North Carolina Central University.

Motion: Temple Sloan
Motion carried (Roll Call vote taken; see Appendix P)

Next, Mr. Sloan called on Dr. Timothy Ives, chair of the UNC Faculty Assembly, for a brief report. Dr. Ives thanked the students, staff, and faculty for their response to the COVID-19 pandemic. He commended all the health care providers, who are working around the clock to serve their patients and their communities. Dr. Ives spoke about the ongoing activities of the Faculty Assembly. He highlighted the work of the Racial Equity Task Force, designing of online courses initiative, and adaptive learning initiatives. He thanked the Board members for attending last week’s Faculty Assembly meeting.

In closing, he announced that $1.7 billion was brought in across the UNC System in 2019 for research and sponsored programs. He mentioned “Essential UNC,” which touts stories of the faculty and staff who are making a positive impact with the pandemic. These stories are viewable on the UNC System website at Essential UNC.

The slate of nominees from the following campuses included: Appalachian State University, East Carolina University, two partial terms at Elizabeth City State University, Fayetteville State University, North Carolina A&T State University, North Carolina Central University, NC State University, UNC Chapel Hill, UNC Charlotte, UNC Greensboro, UNC Pembroke, UNC School of the Arts, UNC Wilmington, Western Carolina University, and Winston-Salem State University. Regarding state relations, the committee heard an update on recent bill activities and meetings at the North Carolina General Assembly. The committee heard an update on the status of items included in the UNC System’s 2021 budget and the UNC System’s legislative agenda. Regarding federal relations, the committee heard an update on recent legislation in Congress that has impacted the UNC System, including the American Jobs Plan, the American Rescue Plan Act, and the President’s Fiscal Year 2022 Budget Request that was recently sent to Congress.

The committee also heard an update from the Committee on Military Affairs regarding North Carolina’s Patriot Star Scholarship/Funds Program. The program was created by the North Carolina General Assembly to support children and spouses of fallen or injured veterans and military service members.

Report of the Committee on Audit, Risk Management, and Compliance
Mr. Holton, chair of the committee, reported that the committee discussed the reorganization of the UNC System’s internal audit roles and responsibilities prompted by the retirement of its chief audit officer. The duties of the chief audit officer will become a part of the vice president for compliance audit services duties. The realignment will result in a consistent and efficient alignment of internal audit responsibilities for the UNC System. The office will recruit an internal audit manager and staff auditor to respond to specific needs and audit risks. The committee voted to approve the new reorganization plan.

Next, Mr. Holton recalled that at its last meeting the committee heard a report from the Office of the State Auditor, Beth Wood, related to Western Carolina University’s recent IT audit. Ms. Wood challenged the committee to focus on cybersecurity processes throughout the UNC System. As a result, the UNC System’s internal audit team delved
into the full range of the System’s cybersecurity efforts and presented seven recommendations that will continue
to enhance the System’s cybersecurity efforts. The recommendations include: 1) completion of a third-party cyber
maturity assessment at each institution; 2) requiring the UNC System’s institutions to leverage their risk
management functions; 3) consider optional virtual chief information security officer consulting services at the
System Office; 4) identifying a budget specific to cybersecurity operations; 5) coordinate with the UNC System’s
technical partner, MCNC, for security services; 6) enhance the chief operation officer’s on-boarding programs
across the System; and 7) sharing audit information at the Information Security Council. The committee approved
the recommendations.

The committee also heard an update on the institutional status of the implementation of the Board’s priorities
related to information technology governance, information security, and user access control. These priorities serve
as the foundation for each institution’s overall efforts in the area of IT and cybersecurity.

Finally, the committee received a summary of the 2020 fiscal year financial statement and federal compliance audit
reports issued by the Office of the State Auditor since its last meeting. Mr. Holton noted that as to the financial
audit statements presented for the North Carolina School of Science and Mathematics and the UNC system Office,
there were no audit findings. As to the eight federal compliance audit reports, three institutions had audit findings
and corrective action had been taken.

Report of the Committee on Strategic Initiatives
Mrs. Coward, chair of the committee, reported that the committee heard a presentation from Ms. Terah Crews,
vice president of learning marketplace solutions of Guild Education – one of the nation’s largest providers of
education benefits. Ms. Crews shared an overview of Guild’s work with employers and adult learners. She spoke
about the steps the UNC System needs to take to expand and serve adult learners seeking a degree program. She
also spoke about creative ways to partner with employers to recruit and serve adult learners. The presentation
concluded with a discussion about the innovations that the Board may consider in planning for adult learning
opportunities. The committee will continue discussion on this topic at its future meetings.

shared services, which ultimately will increase quality, improve donor retention rates, and reduce fundraising
expenses.

Mr. Kirk Bradley, Mr. John Fraley, Ms. Sonja Nichols, and Mr. Lee Roberts, who will begin their service on the Board of Governors on July 1, 2021.

Chancellors Rogers and Allison both began their terms at their institutions on March 15, 2021. In addition, he recognized Interim Chancellor Ron Michelson of East Carolina University and Interim Chancellor Peggy Valentine of Fayetteville State University, and he thanked them for their service to the students and the UNC System.
