Policy on Endowment Funds

IA. PurposeAuthority. G.S. 116-36 provides the Board of Governors with authority to prescribe such terms and conditions under which each of the board of trustees of each constituent institution shall establish and maintain and endowment fund for the constituent institution. Pursuant to and consistent with its authority under the North Carolina General Statutes, including G.S. 116-36, the Board of Governors adopts the following policy regarding the establishment and maintenance of endowment funds.

II. Regulations Endowment Property Exclusively for the Benefit of One Constituent Institution

1A. Under the provisions of N.C.G.S. § 116-36, as amended by Chapter 506, 1977 Session Laws, and pursuant to these regulations, this policy, uniformly applicable to all constituent institutions, the Board of Trustees of each constituent institution shall establish and maintain an endowment fund for the constituent institution.

B2. It is not the statutory intent underlying these regulations that the proceeds from any endowment fund shall take the place of state appropriations or any part thereof, but it is the statutory intent underlying these regulations that those proceeds shall supplement the state appropriations to the end that the constituent institution may improve and increase its functions, may enlarge its area of service, and may become more useful to a greater number of people.

C3. Pursuant to these regulations, this policy each Board of Trustees shall appoint an investment board to be known as the “Board of Trustees of the Endowment Fund of _____” (here shall be inserted the name of the constituent institution).

D4. The Board of Trustees of the endowment fund shall consist of no fewer than six members and no more than nine members, as determined by the Board of Trustees of the constituent institution. One member of the Board of Trustees of the endowment fund shall be the chairman of the Board of Trustees of the constituent institution, one member shall be the chancellor of the constituent institution, and a third ex officio member shall be designated by the Board of Trustees of the constituent institution from among the officers of that board or of the committees of that board. The remainder of the members may be (but need not be) members of the Board of Trustees of the constituent institution and shall be elected by the Board of Trustees of the constituent institution for overlapping terms of three years each. The terms of the three elected members of the Board of Trustees shall be initially for one, two, and three years each. All elections thereafter shall be for a regular term of three years, except that any person elected by the Board of Trustees to fill a vacancy created otherwise than by the expiration of a term shall be elected to serve the remainder of the term of the person whom he or she succeeds. The chairman of the Board of Trustees of the
the constituent institution shall be *ex officio* the chairman of the Board of Trustees of the endowment fund of that institution. The Board of Trustees of the endowment fund may establish procedures, consistent with this policy, for executing business and shall at least establish a quorum and a necessary vote for the transaction of business and require the keeping of minutes for meetings of the endowment board.

**E5.** The trustees of the endowment fund may receive and administer as part of the endowment fund gifts and devises, devises, and bequests and any other property of any kind that may come to them from the Board of Governors of the University of North Carolina or that may come to the trustees of the endowment fund from any other source, excepting always the moneys received from state appropriations and from tuition and fees collected from students and used for the general operation of the institution.

**F6.** Any gift, or devise, or bequest of real or personal property to the constituent institution shall be presumed, nothing to the contrary appearing, a gift or devise, devise, or bequest, as the case may be, to the endowment fund of the constituent institution. This presumption shall not apply to property made available to the institution prior to June 8, 1977.

**G7.** Property shall not be deemed a part of the corpus of the endowment fund until it has been presented by the chancellor of the institution through written description of the property to the trustees of the endowment fund and has been acknowledged in writing as received by the trustees of the endowment fund. Property expressly or presumptively made available to the constituent institution for its endowment fund shall be presented by the chancellor to the trustees of the endowment fund as provided in this paragraph unless the chancellor finds that the property: (1) though presumptively made available to the institution for its endowment fund, was in fact made available to the institution for some other purpose; (2) has been made available to the institution under conditions which make its acceptance or use illegal; or (3) is unsuitable for use as property of the endowment fund.

**H8.** The trustees of the endowment fund shall be responsible for the prudent investment of the fund in the exercise of their sound discretion, without regard to any statute or rule of law relating to the investment of funds by fiduciaries but in compliance with any lawful condition placed by the donor upon that part of the endowment fund to be invested. Provided, however, that Chapter 36E of the North Carolina General Statutes shall apply to the endowment fund.

**I9.** The trustees of the endowment fund shall have the power to buy, sell, lend, exchange, lease, transfer, or otherwise dispose of or to acquire (except by pledging their credit or violating a lawful condition of receipt of the corpus into the endowment fund) any property, real or personal, with respect to the fund, in either public or private transaction, and in doing so they shall not be subject to the provisions of Chapters 143 and 146 of the General Statutes; provided that, any expense or financial obligation of the State of North Carolina created by any acquisition or disposition, by whatever means, of any real or personal property of the endowment fund shall be borne by the endowment fund unless authorization to satisfy the expense or financial obligation from some other source shall first have been obtained from the Advisory Budget Commission; and provided further that, unless approved by the Board of Governors, any acquisition, disposition, or capital project shall not materially alter the value or functionality of any State property; and provided further that, any gratuitous transfer of property or funds from
the endowment fund shall be only upon direction of the Board of Trustees of the institution upon recommendation of the chancellor. Notwithstanding any other provision of this Policy, any real property transaction or capital project that will require an increase of state funds, tuition revenue, or student fees must be approved in advance by the Board of Governors. Requests for Board of Governors’ approval shall be made in a manner as prescribed by the president, or designee, and may include the redaction of trade secret or other confidential or proprietary information not considered a public record within the meaning of Chapter 132 of the General Statutes and may be considered in closed session, as permitted by applicable law.

10J. The Board of Trustees of the endowment fund may appoint a fiscal agent or agents having all the privileges, powers, and immunities set forth in paragraph A.9.I.I., to the trustees of the endowment fund except that no fiscal agent shall have authority to approach the Advisory Budget CommissionDirector of the Budget as otherwise provided in paragraph A.9.I.I. The Board of Trustees of the endowment fund may from time to time change its appointed fiscal agent or agents.

11K. In the process of prudent investment of the fund (including the acquisition and maintenance of property for the fund) or to realize the intent underlying these endowment regulations this policy, the Board of Trustees of the endowment fund or a fiscal agent appointed pursuant to paragraph A.10.I.I. may expend or use interest and principal of gifts and devises, devises, and bequests; provided that, the expense or use would not violate any condition or restriction imposed by the original donor of the property which is to be expended or used nor violate the provisions of paragraph A.9.I.I.

12L. To realize the statutory intent underlying these endowment regulations this policy, the Board of Trustees of the endowment fund may transfer interest or principal of the endowment fund to the useful possession of the constituent institution; provided that, the transfer would not violate any condition or restriction imposed by the original donor of the property which is the subject of the proposed transfer; and provided further that, such transfer be executed only by direction of the Board of Trustees of the institution and for the purpose identified by the Board of Trustees of the institution, upon recommendation of the chancellor.

13M. Whenever any property of the endowment fund is disposed of or otherwise transferred from the endowment fund to the constituent institution or to any other recipient, any instrument of transfer shall indicate that the donor, grantor, seller, lessor, lender, or transferor, as the case may be, is the Board of Trustees of the endowment fund.

14N. The Board of Trustees of the endowment fund shall annually submit a comprehensive report on the endowment fund through the Board of Trustees of the institution to the Board of Governors. The annual comprehensive report shall include at least a consolidated financial statement, list of current real estate holdings, and current funding commitment for capital projects.

15O. The Board of Trustees of each constituent institution shall within a reasonable time establish an endowment fund as provided in these regulations.

16P. After a constituent institution has established an endowment fund as provided in these regulations, this policy, the Board of Trustees of the institution shall direct that the chancellor inventory, consider, and present for placement in the endowment fund, as provided in paragraph A.7.I.G., all property that reposes in any institutional endowment, trust, or
account as endowment property. The provisions of this paragraph shall not apply to property reposing in any endowment, trust, or foundation that has corporate identity other than under N.C.G.S. § 116-3.

17Q. When the trustees of the endowment fund acknowledge in writing receipt of property pursuant to paragraph II.P A.16., the provisions of the "Policy on Endowments" of April 11, 1974, of the Board of Governors and any resolution of the Board of Governors made in consequence of the "Policy on Endowments" shall be deemed inoperative with respect to the pertinent constituent institution; provided that, the transfer of title to any property by the Board of Governors to the endowment fund of the constituent institution shall be deemed to have continued in effect. These regulations shall be effective upon their enactment by the Board of Governors.

Regulation on Mission Statements

I. Purpose. The following regulation is designed to provide consistency and clarity regarding implementation of Section 400.2.1 of the UNC Policy Manual and Section 301 C of The Code, examination and determination of the mission and purpose of each University of North Carolina (UNC) System constituent institution.

A. N.C. Gen. Stat. § 116-1 (hereinafter G.S.) identifies that each constituent institution of the UNC System shares in a single mission, “…to discover, create, transmit, and apply knowledge to address the needs of individuals and society.” This overall mission is achieved in a coordinated manner by ensuring that each constituent institution is assigned a mission and function that is aligned with the overall needs of the state.

B. G.S. 116-1 further notes that the UNC System mission is accomplished through instruction; research, scholarship, and creative activities; and public service. Teaching and learning are identified as the primary responsibility of each constituent institution. The relative importance and inclusion of research and public service varies by institutional mission.

C. In order to ensure a well-planned and coordinated system of higher education, each UNC constituent institution has a mission that summarizes their unique and complementary role as part of the statewide System. That mission addresses teaching and learning, as well as the relative importance of research and public service.

D. Mission statements shall reflect national, state, and regional needs, from the System perspective, so that the programs and resources of all institutions serve the state and its regions in a manner that complement each other, maximize resources, and avoid unnecessary duplication.

E. The Board of Governors has sole responsibility for formally reviewing and approving the mission and associated mission statement of each constituent institution. Section 301 C of The Code notes that the “Committee on Educational Planning, Policies, and Programs shall receive the advice and recommendations of the president and make recommendations to the board in all areas pertaining to the development of a coordinated system of higher education in North Carolina, including (a) the definition of mission and assignment of functions of each constituent institution. . . .”

II. Definitions. The following operational definitions apply to this regulation:

A. “Mission.” The overall purpose of the constituent institution is articulated through the mix and level of academic programs offered, the range of colleges, schools, and departments on campus, and the scope and scale of teaching, research, and public service activities.
B. “Mission Statement.” The official document that broadly captures the core focus of the constituent institution and the distinctiveness of its approach to: teaching; research, scholarship, and creative activity; and public service.

C. “Other Statement.” Institutions often develop and publish other related statements that provide additional history, context, and future objectives (e.g., vision statements). These statements do not require approval by the Board of Governors, but cannot contradict the institution’s approved mission statement nor provide a broader or more expansive purpose than what is assigned to it through that statement.

IV. III Requirements and Timeline

A. The president shall submit to the Board of Governors a review and recommendation on institutional mission statements on a periodic basis, typically at five-year intervals.

B. Chancellors shall be responsible for overseeing the institutional mission statement review process in accordance with the process identified by the president. This shall include review and consultation with faculty, staff, students, and the board of trustees.

C. While the mission statement is not intended to capture the full contribution of the constituent institution to the state, it should be specific and focused enough to provide a clear understanding of the distinctive role of each institution. The mission statement shall include, at a minimum the:

1. Distinctiveness of the institution and its values;

2. Role of teaching and learning at the institution, including the relative importance of research, scholarship, creative activity, and public service; and

3. Full scope of educational programs and level of degrees offered at the institution
