#### **DRAFT MINUTES**

October 16, 2025 at 10 a.m.
Via Videoconference and PBS North Carolina Livestream
UNC System Office
223 S. West Street, Board Room (17th Floor)
Raleigh, North Carolina

This special meeting of the Committee on Budget and Finance was presided over by Chair Kirk Bradley. The following committee members, constituting a quorum, were also present in person, via videoconference, or by phone: Lee Barnes, Harry Brown, John Fraley, Reginald Holley, and Art Pope.

Chancellors participating were Karrie Dixon, Lee Roberts, and Philip Rogers.

The committee Faculty Assembly advisor present was Jim Westerman.

Staff members present included Jennifer Haygood, Katherine Lynn, and others from the University of North Carolina System Office.

#### 1. Call to Order and Approval of OPEN Session Minutes (Item A-1)

The chair called the meeting to order at 10 a.m., Thursday, October 16, 2025. The open session minutes from the Monday, September 15, 2025, and Wednesday, September 17, 2025, meetings were approved by unanimous consent.

#### 2. 2025 Hurricane Helene Grant Additional Allocation (Item A-2)

Chair Bradley called on Senior Vice President Jennifer Haygood to explain that the North Carolina General Assembly approved Session Law 2025-92, Part I Tropical Storm Chantal Funding and Other Disaster Recovery. S.L. 2025-92 appropriated \$1 million for an additional Hurricane Helene grant allocation to the University of North Carolina Asheville.

The chair called for a motion to approve the additional Hurricane Helene grant allocation.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the 2025 Hurricane Helene Grant Additional Allocation and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 3. Sale of Special Obligation Bonds — North Carolina Agricultural and Technical State University (Item A-3)

The chair called on Ms. Haygood to present North Carolina Agricultural and Technical State University's request to issue special obligation bonds in a principal amount not to exceed \$36 million for the purpose of (a) currently

refunding all or a portion of North Carolina A&T State University's General Revenue Bonds, Series 2015A, and (b) paying the costs of issuing the 2025 Bonds.

The chair called for a motion to approve the sale of special obligation bonds.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the sale of special obligation bonds for North Carolina A&T and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 4. Sale of Special Obligation Bonds — University of North Carolina at Chapel Hill (Item A-4)

The chair called on Ms. Haygood to present the University of North Carolina at Chapel Hill's request to issue special obligation bonds in a principal amount not to exceed \$100 million, plus an additional amount not to exceed five percent of such principal amount, for the purpose of (a) refunding all or a portion of UNC-Chapel Hill General Revenue Bonds, Series 2002A (commercial paper); (b) financing the remaining construction costs of the Avery Residence Hall Renovation, the Bingham Hall Comprehensive Renovation, and portions of the Chilled Water Infrastructure Expansion — Phase I; and (c) paying the costs of issuing the 2025A Bonds.

The chair called for a motion to approve the sale of special obligation bonds.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the sale of special obligation bonds for UNC-Chapel Hill and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

# 5. Authorized Use of Special Obligation Bonds "Commercial Paper Program" — University of North Carolina at Chapel Hill (Item A-5)

The chair called on Ms. Haygood to present the University of North Carolina at Chapel Hill's request to finance under its existing commercial paper program, all or a portion of the costs of the capital improvement projects previously approved by the Board and authorized by the General Assembly under S.L. 2025-46 (HB 378).

The chair called for a motion to approve the use of special obligation bonds.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the use of special obligation bonds for UNC-Chapel Hill for the previously approved projects and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### Sale of Special Obligation Bonds "New Commercial Paper Program" — University of North Carolina at Chapel Hill (Item A-6)

The chair called on Ms. Haygood to present the University of North Carolina at Chapel Hill's request to establish a new commercial paper program to provide short-term construction financing for capital projects for UNC-Chapel Hill authorized by the General Assembly, to include permitting up to \$250 million to be outstanding at any time.

The chair called for a motion to approve the sale of special obligation bonds for a new commercial paper program.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the sale of special obligation bonds for UNC-Chapel Hill's new commercial paper program and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 7. Sale of Special Obligation Bonds — University of North Carolina Wilmington (Item A-7)

The chair called on Ms. Haygood to present the University of North Carolina Wilmington's request to issue special obligation bonds in a principal amount not to exceed \$71,002,458, plus an additional amount not to exceed five percent of such principal amount. The 2025 Bonds will finance (a) the cost of the construction of a new residence hall referred to as "Student Housing Village — Phase III", (b) capitalized interest on the bonds, and (c) certain costs incurred in connection with the issuance of the 2025 Bonds.

The chair called for a motion to approve the sale of special obligation bonds.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the sale of special obligation bonds for UNC Wilmington and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 8. Capital Improvement Projects (Item A-8)

Chair Bradley called on Vice President Katherine Lynn to present the capital improvement projects for the authorization of seven new capital projects for a total of \$15,327,000 at Appalachian State University, East Carolina University, NC State University, the University of North Carolina at Greensboro, and The North Carolina Arboretum. In addition, she presented six capital projects for increased authorization at App State, ECU, NC State, and UNC Greensboro for a total of \$8,853,879.

The chair asked for a motion to approve the capital improvement projects.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the capital improvement projects and increased authorizations and recommend them to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 9. Disposition of Property by Lease — NC State University (Item A-9)

Chair Bradley called on Ms. Lynn to present NC State University's request for authorization to dispose of property by lease for the operation of a cellular tower on the roof of Metcalf Residence Hall.

The chair asked for a motion to approve the authorization to dispose of property by lease.

**MOTION:** Resolved, that the Committee on Budget and Finance approve the disposition of property by lease for NC State and recommend it to the full Board of Governors for a vote through the consent agenda.

**Motion:** Reginald Holley

**Motion carried** 

#### 10. 2025-26 NC Promise Tuition Plan Annual Report (Item A-10)

Chair Bradley called on Ms. Haygood to give an informational update and presentation on the 2025-26 NC Promise Tuition Plan Annual Report reflecting total allocations of \$92 million to offset the decrease in tuition revenue. The initial allocation breakdown is as follows: Elizabeth City State University will receive \$8.5 million, Fayetteville State University will receive \$18.4 million, the University of North Carolina at Pembroke will receive \$17.9 million, and Western Carolina University will receive \$39.4 million. The University of North Carolina System Office will make initial allocations to the institutions in the fall based upon fall census data and an average of fall-to-spring retention rates. Allocations will be further adjusted in late February based on spring census data, and any funds remaining after the spring adjustment will be allocated based on the prior year's summer term enrollment on a nonrecurring basis.

This item was for information only.

Chair Bradley called on Ms. Haygood to remind the committee that the FY 2020-25 Actual General Fund Expenditures and Revenues and the University of North Carolina Quarterly Capital Projects Report were provided as additional information available in its materials.

#### MEETING OF THE BOARD OF GOVERNORS Committee on Budget and Finance November 19, 2025

#### **AGENDA ITEM**

| A-2. | . Amend Section 700.1.3 of the UNC Policy Manual,   |             |
|------|---|-------------|
|      | Policy on Nonresident Undergraduate EnrollmentJenni | fer Haygood |

Situation:

Section 700.1.3 of the UNC Policy Manual, *Policy on Nonresident Undergraduate Enrollment*, sets a limit on the number of nonresident students in the entering fall first-time undergraduate class of each institution. The policy penalizes an institution if it exceeds the cap in two consecutive years. The Board of Governors should comprehensively revisit the penalty language in the policy to ensure it adequately promotes the Board's policy goals.

**Background:** 

At the October 2025 meeting of the Committee on Budget and Finance, the committee received the 2025-26 NC Promise Tuition Plan Annual Report. Undergraduate enrollment at all four NC Promise institutions is above enrollment prior to the implementation of the program, and the significant increase in nonresident enrollment has resulted in a shortage of funding. Given the limited availability of buydown funding, an NC Promise institution exceeding the cap for the first time negatively impacts funding for other NC Promise institutions.

Assessment:

The Board of Governors should comprehensively revisit the penalty language to:

- 1. Ensure an NC Promise institution exceeding the cap does not negatively impact funding for other institutions;
- 2. Determine the years penalties should be applied to both NC Promise and non-NC Promise institutions; and
- 3. Clarify how penalties are calculated and how recovered funds may be used.

This draft amendment would require an NC Promise institution that exceeds its nonresident cap in any year to return the associated buydown funds. It also clarifies the calculation of the existing penalty that applies to any institution, including non-NC Promise institutions, that exceeds its cap. The Committee should consider whether to assess this penalty in any year the cap is exceeded or maintain the current policy of applying it only when the cap is exceeded for two consecutive years.

**Action:** This item is for discussion only.

# **DISCUSSION: NONRESIDENT CAP PENALTY**AMEND SECTION 700.1.3 OF THE UNC POLICY MANUAL

## **Committee on Budget and Finance**

November 19, 2025

# **Current Nonresident Cap Policy**

#### **Nonresident Caps**

- Limits the # of first-time nonresident undergraduate students
- Cap based on % of total first-time undergraduate students enrolled in fall of the **prior year**.

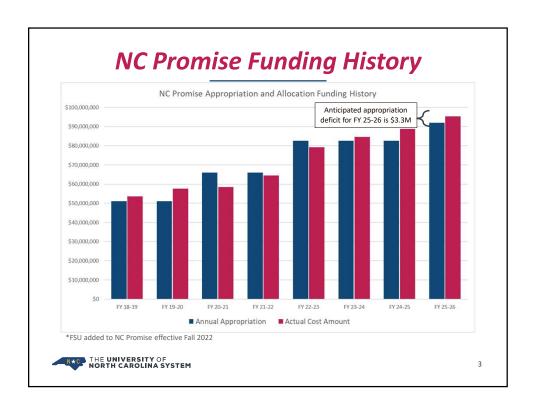

| Cap Rate | Institution(s)                          |
|----------|---|
| 18%      | App State, NC State, UNC-CH, UNCC, UNCW |
| 25%      | ECU, FSU, UNCG, UNCP, WCU               |
| 35%      | NCA&T, NC Central, UNCA, WSSU           |
| 50%      | ECSU                                    |

### **Nonresident Cap Penalty**

 Financial penalty assessed if institution exceeds cap for two consecutive years.

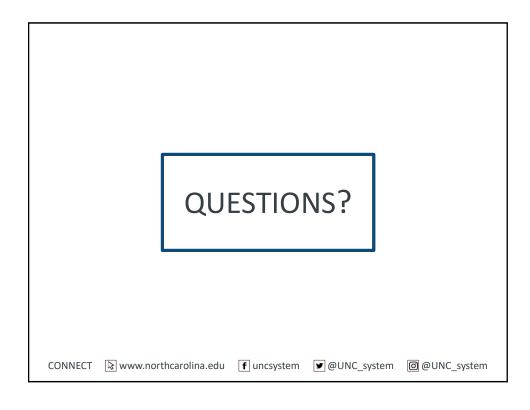

2

## **Discussion Points**

- The Board of Governors should comprehensively revisit the penalty language to:
  - Ensure an NC Promise institution exceeding the cap does not negatively impact funding for other institutions;
  - Determine the years penalties should be applied to both NC Promise and non-NC Promise institutions;
     and
  - Clarify how penalties are calculated and how recovered funds may be used.

The UNC Policy Manual 700.1.3 Adopted 04/07/22 Amended 01/19/23 Amended 09/12/24 Amended XX/XX/XX

#### **Policy on Nonresident Undergraduate Enrollment**

- I. Purpose. To ensure that constituent institutions maintain a level of nonresident undergraduate enrollment consistent with historical University policy and tradition, and one consistent with strong and balanced educational programs, this policy defining nonresident undergraduate student enrollment has been promulgated by the Board of Governors. Each constituent institution has, since 1988, limited the proportion of students classified as a nonresident for tuition purposes in the entering fall first-time undergraduate class.
- II. Requirements. Effective with the fall semester 2025, the following caps are established for students classified as nonresidents for tuition purposes in the fall first-time undergraduate class. The cap shall be equal to the percentage of the total number of first-time undergraduate students enrolled in the fall of the prior academic year.
  - A. The cap shall be 18 percent for Appalachian State University, North Carolina State University at Raleigh, University of North Carolina at Chapel Hill, University of North Carolina at Charlotte, and University of North Carolina Wilmington.
  - B. The\_cap shall be 25 percent for East Carolina University, Fayetteville State University, University of North Carolina at Greensboro, University of North Carolina at Pembroke, and Western Carolina University.
  - C. The cap shall be 35 percent for North Carolina Agricultural & Technical State University, <sup>4</sup> North Carolina Central University, University of North Carolina Asheville, and Winston-Salem State University.
  - D. The cap shall be 50 percent for Elizabeth City State University.

#### III. Penalties.

A. \_\_\_\_Any constituent institution that exceeds their nonresident enrollment cap prescribed in section II, above, for two consecutive fiscal years shall have its State operating budget reduced. This reduction shall be made in the second fiscal year in which the two consecutive fiscal year condition is violated; the reduction shall be made, on a non-recurringnonresident basis, immediately after the Board of Governors reviews final fall semester enrollment figures. The budget reduction shall be based on the number of non-resident nonresident students for tuition purposes in the entering fall first-time class enrolled in excess of the specified institutional percent limitation and the established method used for calculating the operating requirements for regular term enrollment changes, multiplied by the base nonresident tuition rate for the academic year. The operating funds subject to reduction shall be transferred to the NC State Education Assistance Authority to help fund the NextNC Scholarship program and be directed to benefit eligible

#### students attending a UNC constituent institution.

- B. In addition to the penalty provided in Section III.A above, any NC Promise constituent institution that exceeds their nonresident enrollment cap prescribed in Section II, above, in any fiscal year shall have its NC Promise budget allocation reduced. The reduction shall be made on a non-recurring basis, after the Board of Governors reviews final fall semester enrollment figures. The reduction shall be based on the number of nonresident students for tuition purposes in the entering fall first-time class enrolled in excess of the specified institutional percent limitation multiplied by NC Promise nonresident tuition buydown rate for the applicable institution. The NC Promise funds subject to reduction shall be used to support the budget allocations to NC Promise constituent institutions where there is a budget shortfall based on actual enrollment. To the extent there is not a budget shortfall based on actual enrollment, or there are excess funds available, the funds, or excess thereof, shall be transferred to the NC State Education Assistance Authority to help fund the NextNC Scholarship program and be directed to benefit eligible students attending a UNC constituent institution.
- IV. Pilot Programs. The Board of Governors may, on the president's recommendation, authorize enrollment pilot programs that are exempt from the requirements of sections II., and III., of this policy.
- V. Academic Competitiveness. It is the Board's expectation that institutions will admit only academically well-qualified out-of-state students. In any year in which the average combined SAT score or ACT composite score for students classified as first-time nonresidents for tuition purposes are below that for students classified as first-time residents for tuition purposes, the president shall require a written report from the chancellor.

#### VI. Other Matters.

- A. Effective Date. The requirements of this policy shall be effective on the date of the adoption of this policy by the Board of Governorsas of the 2025-26 academic year.
- B. Relation to Federal and State laws. The foregoing policy as adopted by the Board of Governors is meant to supplement, and does not purport to supplant or modify, those statutory enactments which may govern or relate to the subject matter of this policy.
- C. Regulations and Guidelines. This policy shall be implemented and applied in accordance with such regulations and guidelines as may be adopted from time to time by the president.

<sup>&</sup>lt;sup>1</sup>The North Carolina School of Science and Mathematics, the constituent high school, may not admit or enroll out- of-state students, and therefore is not subject to this policy G.S. 116-235. The University of North Carolina School of the Arts nonresident enrollment levels shall not exceed 50 percent, per S.L. 1985-479, Sec. 73, and therefore is not subject to this policy.

<sup>&</sup>lt;sup>2</sup>See G.S. 116-143.1 for the definition of nonresident student for tuition purposes.

<sup>&</sup>lt;sup>3</sup>As reported by the institution to the UNC System Office and the U.S. Department of Education as defined by the Integrated Postsecondary Education Data System (IPEDS).

<sup>&</sup>lt;sup>4</sup>Does not include undergraduate engineering students enrolled at North Carolina A&T State University per Board of Governors action, January 11, 2002.

#### MEETING OF THE BOARD OF GOVERNORS Committee on Budget and Finance November 19, 2025

#### **AGENDA ITEM**

| A-3. | 2025-26 State Capital and Infrastructure Fund (SCIF)       |             |      |
|------|--|-------------|------|
|      | Maintenance Repairs and Renovations (R&R) Capital Projects | Katherine I | _vnr |

Situation: In accordance with G.S. 143C-8-13 (b)(2), the University of North Carolina Board of

Governors shall report to the Fiscal Research Division on the initial allocation of State Capital and Infrastructure Fund (SCIF) for repairs and renovations (R&R) projects prior to the expenditure of funds. The Board of Governors must also approve any changes to

previously approved UNC SCIF R&R projects.

Background: On September 18, 2025, the Board approved the allocation of \$40 million in 2025-26

SCIF maintenance R&R funds based on the previously approved R&R allocation model. The Board of Governors must approve the SCIF maintenance R&R projects so that particular projects can be reported to the North Carolina General Assembly Fiscal

Research Division.

The compiled list of 2025-26 UNC SCIF maintenance R&R capital projects for each constituent institution is submitted for approval. Any remaining unassigned R&R funds from the constituent institution's 2025-26 R&R allocation are designated to the constituent institution's cost escalation and contingency reserve.

The allocation of the remaining 55.05 million of 2025-26 UNC SCIF R&R funds will be brought to the Board for consideration at a future meeting prior to the end of the fiscal

year.

**Assessment:** It is recommended that the Board approve the 2025-26 SCIF maintenance R&R projects

for submission to the Fiscal Research Division. It is further recommended that the Board delegate to the president the approval to allocate unassigned cost escalation and contingency reserves and to reallocate funds between approved SCIF maintenance R&R

projects upon request of the constituent institution.

**Action:** This item requires a vote by the committee, with a vote by the full Board of Governors

through the consent agenda.

# 2025-26 State Capital and Infrastructure Fund (SCIF) Maintenance Repairs and Renovations (R&R) Capital Projects

#### **ISSUE OVERVIEW**

The Continuing Budget Operations Act (S.L. 2025-89) appropriated \$100 million from the 2025-26 State Capital and Infrastructure Fund (SCIF) specifically for the capital repairs and renovations (R&R) projects approved by the University of North Carolina Board of Governors. On September 18, 2025, the Board approved a total allocation of \$44,948,878 for 2025-26 UNC SCIF R&R funds including approximately \$4.95 million for major R&R capital projects and \$40 million for maintenance R&R funds based on the previously approved R&R allocation model. The Board of Governors must approve the SCIF maintenance R&R projects so that particular projects can be reported to the North Carolina General Assembly Fiscal Research Division.

Each constituent institution submitted their list of priority maintenance R&R projects to be funded from their allocation of the 2025-26 R&R funds. The compiled list of maintenance R&R capital projects is included in **Attachment A**. Any remaining unassigned R&R funds from the constituent institution's 2025-26 R&R allocation are designated to the constituent institution's cost escalation and contingency reserve. The reallocations and assignment of contingencies shall be included in the annual report of reallocated funds to the General Assembly Fiscal Research Division.

The allocation of the remaining \$55,051,122 of 2025-26 UNC SCIF R&R funds will be brought to the Board for consideration at a future meeting prior to the end of the fiscal year.

#### RECOMMENDATION

It is recommended that the Board approve the 2025-26 SCIF maintenance R&R projects for submission to the Fiscal Research Division. It is further recommended that the Board delegate to the president the approval to allocate unassigned cost escalation and contingency reserve and to reallocate funds between approved SCIF maintenance R&R projects upon request of the constituent institution.

#### LEGEND

Projects in bold are new capital authorizations or increased authorizations for FY25-26 UNC SCIF or the reallocation of prior year UNC SCIF R&R.

<sup>\*</sup> Project will be phased over multiple years.

<sup>\*\*</sup> Project will be completed with other funding.

ADDITIONAL NOTES

1 NC State has combined the following projects into a single project: Research Building III—HVAC Upgrades 1, Research Building I—AHU Replacement, and Research Building IV-HVAC

<sup>&</sup>lt;sup>2</sup> NC State has combined the following projects into a single project: Morrill Drive Domestic Water Line Replacement and Campuswide

#### MEETING OF THE BOARD OF GOVERNORS Committee on Budget and Finance November 19, 2025

#### **AGENDA ITEM**

Situation: East Carolina University has requested one new project, and Fayetteville State

University, University of North Carolina Asheville, University of North Carolina at Chapel Hill, University of North Carolina Pembroke, and Winston-Salem State University have requested increased authorization for eight projects. In addition, North Carolina Agricultural and Technical State University and Western Carolina University have

requested approval of a fund source change to replace 2016 Connect NC bond funds.

**Background:** The University of North Carolina Board of Governors may authorize capital construction projects at University of North Carolina System institutions using available funds.

**Assessment:** ECU, FSU, UNC Asheville, UNC-Chapel Hill, UNC Pembroke, and Winston-Salem State are

requesting projects that meet statutory requirements. It is recommended that the Board approve the projects and the method of funding. It is further recommended that these projects be reported to the North Carolina Office of State Budget and Management as non-appropriated projects that do not require any additional debt or

burden on state appropriations.

North Carolina A&T and WCU are requesting approval to replace the 2016 Connect NC bond funds with non-appropriated funds to support two active capital improvement projects. The North Carolina Department of State Treasurer is closing all outstanding bonds, including the 2016 Connect NC bond, and the remaining bond funds are no longer available. It is recommended that the Board delegate to the president the authority to approve a change in fund source upon verification of the alternate fund

source and availability of funds.

**Action:** This item requires a vote by the committee, with a vote by the full Board of Governors

through the consent agenda.

# Capital Improvement Projects – East Carolina University, Fayetteville State University, University of North Carolina Asheville, University of North Carolina at Chapel Hill, University of North Carolina Pembroke, and Winston-Salem State University

#### **ISSUE OVERVIEW**

University of North Carolina System institutions are required to request authority from the University of North Carolina Board of Governors to proceed with non-appropriated projects using available funds (non-general funds). Non-appropriated capital projects are funded by the institution and include the construction, repair, or renovation of facilities such as residence halls, dining facilities, research buildings, athletic facilities, and student health buildings.

Six UNC System institutions have requested nine capital improvement projects: one new project and eight projects for increased authorization.

In addition, the North Carolina Department of State Treasurer is closing the 2016 Connect NC bond. Two UNC System institutions have active capital improvement projects that will not be able to complete construction without authorization to substitute a non-appropriated fund source.

#### **RECOMMENDATION**

All projects and associated funding sources are in compliance with G.S. 143C-8-12 (State Budget Act).

It is recommended that the new capital projects and increased authorizations be authorized and reported to the NC Office of State Budget and Management as non-appropriated projects that will be funded and operated entirely with non-General Fund and non-State Capital and Infrastructure Fund monies.

For the Connect NC Bond projects, it is recommended that the Board delegate to the president or his designee the authority to approve the change in fund source upon verification of the fund source and availability of funds with the constituent institution.

#### **IV. REPORTING**

The following projects are being reported to the Board of Governors and Fiscal Research Division in compliance with GS 143C-8-13 (d) which permits Chancellors to authorize Repairs and Renovation projects less than \$600,000 in thirteen allowable categories.

|      | Institution/Project Title                   | Amount    | Fund Source                | R&R Category  |
|------|---|-----------|----------------------------|---|
| Faye | tteville State University                   |           |                            |   |
| 1.   | Washington Drive Site<br>Improvements       | \$200,000 |                            | (11)-Improvements to roads, walks, drives, and utilities infrastructure |
