

3. Presentations by North Carolina Research Campus in Kannapolis StudentsMichael Todd
Executive Director Research Campus

Situation: The EPPP Committee, in order to stay in touch with campus activity continues to open their meetings by highlighting students from various campuses to speak on their research experiences. The P²EP program is collaboration between multiple university and industry partners with three primary goals: educational opportunity, scientific discovery and knowledge base creation. P²EP will advance scientific research, create opportunities for industry and consumers, and enhance human health. Students from the North Carolina Research Campus in Kannapolis will speak briefly about their research as well as the unique educational opportunity the program has afforded them.

Background: NCA&T State University, UNC School of the Arts, UNC Greensboro, NC Central University, and UNCW's Onslow count Extension Program, have recently presented at the EPPP Committee. The topics of these presentations were widely varied and immensely informative.

Assessment: These student presentations continue to reinforce the EPPP Committee's understanding and connection to the meaning of their work.

Action: This item is for information only.
