

AGENDA ITEM

A-2. Consideration of Targets Henry Hinton

Situation: The Committee will establish necessary targets associated with goals and metrics.

Background: The Strategic Plan consists of five broad theme areas including: Access, Student Success, Affordability and Efficiency, Economic Impact and Community Engagement, and Excellent and Diverse Institutions. After several months of committee work, draft definitions, goals, and metrics were developed.

The next step is to establish targets. The following provides background information to aid in the decision making process.

Assessment: The Committee is to review information relevant to their goals and metrics to set targets for each.

Action: This item is for discussion and consent.
