

A-2. Authorization of Tuition for 2020-21

The following RESOLUTION for the 2020-21 academic year reflects no tuition increases due to the COVID-19 pandemic. The only exception is for new degree programs that will begin in Fall 2020. Resident undergraduate tuition rates for 2020-21 will only apply to the cohort of students that enroll in the fall of 2020.

RESOLUTION AUTHORIZING TUITION

WHEREAS, G.S. 116-143 requires that the Board of Governors of the University of North Carolina System shall fix the tuition and fees, not inconsistent with the actions of the General Assembly, at the UNC System constituent institutions.

NOW, THEREFORE, BE IT RESOLVED, that, effective with the Fall Term of 2020, the constituent institutions are authorized to charge and collect the following tuition rates.

I. 2020-21 Tuition Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted tuition and fee proposals for 2020-21. Due to the COVID-19 pandemic, no tuition increases are recommended. The tuition amounts for all current programs will remain unchanged from the 2019-20 academic year and are shown on pages 4 through 10. Four institutions are requesting to establish rates for new degree programs as shown below:

A. New Professional School Programs

Appalachian State University

MS in Athletic Training – new established rates – \$6,839, residents/\$20,271, nonresidents

Appalachian State University is requesting to establish tuition rates as shown above for the new Master of Science in Athletic Training program approved by the Board of Governors in November 2017. The tuition differential above the graduate base rate is \$2,000 for the MS in Athletic Training. This differential is comparable to other new MSAT programs within the UNC System. The tuition revenue would cover accreditation and association fees, as well as comprehensive program review fees for CAATE (the AT national accreditation board), clinical education site maintenance, program management software to track student hours, preceptors, and clinical site information, personnel costs to extend two nine-month faculty to 12 months, and support for student scholarships and graduate assistantships.

UNC Charlotte

College of Liberal Arts & Sciences – new established rates - \$7,037, residents/\$20,471, nonresidents
Graduate Certificate in Biomedical Sciences
Graduate Certificate in Biotechnology

UNC Charlotte is requesting to establish tuition rates as shown above for the new Graduate Certificates in Biomedical Sciences and Biotechnology. The tuition differential above the graduate base rate is \$2,700. The proposed rate is the same as the existing certificate programs for Bioinformatics Applications and Bioinformatics Technology at UNC Charlotte. The revenue generated would cover program instructional support, faculty development, program staffing and operating costs, and need-based and merit-based financial aid.

UNC Pembroke

MS-Athletic Training – new established rates – \$5,775, residents/\$17,838.18, nonresidents

UNC Pembroke is requesting to establish tuition rates as shown above for the new Master of Science in Athletic Training program approved by the Board of Governors in November 2017. The tuition differential above the graduate base rate is \$1,495. An analysis of MSAT programs in South Carolina, Virginia, and North Carolina (UNC System and private institutions) shows that the cost of UNCP's MSAT degree is less than most institutions. The requested differential puts UNCP's program in the best competitive position, both within the state and surrounding states, while providing the additional funds necessary for a quality graduate health care program. The tuition revenue generated would support recruitment of highly qualified faculty, clinical supplies and equipment, and equipment maintenance costs.

Western Carolina University

MS-Athletic Training – new established rates – \$6,135, residents/\$16,542, nonresidents

Western Carolina University is requesting to establish tuition rates as shown above for the new Master of Science in Athletic Training program approved by the Board of Governors in November 2017. The tuition differential above the graduate base rate is \$1,700 for the MS in Athletic Training. This program is housed in the College of Health and Human Services. There are several graduate programs within the college that have tuition differentials ranging from \$600 (Master of Social Work) to \$4,800 (Doctor of Nurse Practitioner). The tuition revenue generated would support faculty and student professional development, program software, clinical supplies and equipment, recruitment, and marketing.

B. 2020-21 Increases in Regular Tuition Rates

Proposed increases for professional schools may also include the requested campus-based increase for resident and nonresident graduate students.

II. 2020-21 Special Tuition Rates

Nonresident Graduate Students

Consistent with the General Statutes and by authorization of the Board of Governors through a resolution passed by the Board in 1983, the institutions are authorized to charge special tuition rates for nonresident graduate students.

For nonresident graduate students who are awarded a graduate teaching or research assistantship and who are paid a stipend of at least \$2,000 per academic year, the institution may award tuition remission to reduce the nonresident tuition rate to the in-state rate. For example, the nonresident graduate student tuition rate at NC State University is \$26,421. NC State's graduate nonresident students who are eligible to receive tuition remission will be charged the resident tuition rate, which is \$9,095 for the 2020-21 academic year.

Each university receives a state appropriation for graduate tuition remissions and some universities supplement this appropriation from other non-state sources. Institutions may not provide graduate tuition remissions to all students. The number of awards is limited to those that meet the criteria and the budget availability.

Note: The 2011 General Assembly eliminated state appropriations for nonresident undergraduate tuition waivers that had been in place since 1983 [Sec. 9.13(b) of S.L. 2011-145].

III. Tuition for Students Enrolled in Degree-Credit Distance Education Courses

Distance education (DE) students are charged on a per-credit-hour basis, rather than a “stair-step” methodology charged to regular-term students. The DE per-credit-hour tuition rate is derived by dividing regular term tuition costs by 29.6 for undergraduates and 20.4 for graduate students. Since distance education students are not charged athletics, health services, student activities, and debt service fees, the cost of education is considerably lower than students who are taking courses using face-to-face instruction.

It is proposed that, effective with the fall term of 2020, resident students and nonresident students taking courses within North Carolina who are enrolled in distance education courses be charged the regular-term tuition rates established in Section I. It is further proposed that tuition rates for these students be implemented on a per-credit-hour basis and that the charge per credit hour be calculated as follows:

- For undergraduate courses, the rate per student credit hour would be the annual rate divided by 29.6 hours.
- For graduate courses, the rate per student credit hour would be the annual rate divided by 20.4 hours.

It is further proposed that the Board delegate to the president the authority to set tuition rates for nonresident students taking courses outside North Carolina. These are students who primarily take courses via the Internet.
