A. Operating Budget Allocations

Table 1 summarizes the FY 2022-23 operating allocations that required approval from the University of North Carolina Board of Governors. Following the table is a summary of the methodology for each allocation. The complete operating budget allocations as approved by the Board can be found in Appendix A.

Funding for nonresident veterans tuition waivers is now included in the enrollment funding model. Funding previously appropriated for this purpose will be used as an offset to the total enrollment funding. The amounts shown for Building Reserves include both recurring and nonrecurring dollars.

Enrollment Change Funding

The North Carolina General Assembly appropriated \$38,146,796 in recurring funds in response to the Board's request for enrollment change funding. The General Assembly made the appropriation to the University of North Carolina System Office, Institutional Programs (BOG Reserve). The UNC System has based its enrollment funding request on actual credit hours completed in arrears using the new formula adopted by the Board of Governors in April with approved transition year adjustments. It was recommended that the enrollment change funding be allocated as shown in Table 1.

UNC Building Reserves

The General Assembly provided recurring funds of \$8,249,114 and nonrecurring funds of \$1,334,979 for 2022-23 to be used for operation and maintenance of building projects. These funds were transferred to the UNC System Office, Institutional Programs (Board Reserve) and were allocated, per House Bill 103 (S.L. 2022-74), as shown in Table 3.

HMSI Cybersecurity and Bomb Threat Preparedness

The General Assembly appropriated \$5,000,000 in nonrecurring funds in response to the Board's request. The General Assembly made the appropriation to the UNC System Office, Institutional Programs (BOG Reserve). The funds will be used to support costs associated with security camera and communication systems, access control and lockdown capabilities, integrated security systems, and cybersecurity. It was recommended that the HMSI Bomb Threat Preparedness funding be allocated as shown in Table 1. Each institution received a base allotment of \$500,000 and the remainder is allocated pro-rata based on full-time equivalent enrollment.

NC Promise Tuition Plan

The General Assembly fully funded the Board's request of \$15,000,000 for 2021-22 and an additional \$5,000,000 for 2022-23 for the NC Promise Tuition Plan, which sets undergraduate tuition at \$500 per semester for NC residents and \$2,500 per semester for nonresidents at four UNC System institutions: Elizabeth City State University, Fayetteville State University, University of North Carolina at Pembroke, and Western Carolina University. Funds will be used to support increased enrollment at each institution. The General Assembly requires a report by the Board and the chancellors of the NC Promise institutions by October. The General Assembly also provided recurring funds of \$11,500,000 to include FSU in the NC Promise Tuition Plan beginning in 2022-23.

Table 3 shown below provides more detail on the NC Promise buy-down calculation. FSU's allocation is greater than the other institutions as it is FSU's first year in the NC Promise program. After the spring 2023 census, the allocations for 2022-23 will be reallocated based on actual full-time enrollment.

B. Capital Improvement Budget Allocations

The 2022 Appropriations Act (S.L. 2022-74) authorized capital projects for the University of North Carolina System totaling \$24,200,000. The 2021 General Assembly appropriated \$250M for each fiscal year of the biennium specifically for the capital repairs and renovations (R&R) projects approved by the Board of Governors. The Board is responsible for determining the allocation of R&R funds for the specific capital projects authorized in the act. Section 40.1.(c) also reallocates \$2.5M at ECSU from the Butler Residence Hall project to the new Dining Facility. The board also approved the reallocation of \$5.8M at the University of North Carolina at Chapel Hill from Swain Hall and Wilson Library Renovation.

Of the 2022-23 R&R funds, it was recommended that \$60 million of the \$250M be allocated to minor R&R projects and \$72,538,596 be allocated for major R&R projects. The distribution of minor R&R funds to each institution is in accordance with the R&R allocation model approved by the Board of Governors on September 20, 2019. The Board is required to report to the Fiscal Research Division on the initial allocation of funding for specific repair and renovations projects prior to expenditure of funds. The prioritized R&R project lists from each institution were brought to the board for approval in November 2022. The allocation of the remaining 2022-23 R&R funds will be brought to the board for consideration at a future meeting prior to the end of the fiscal year to support projects that are ready for construction. The complete capital budget allocations as approved by the Board can be found in Appendix B.

C. 2022-23 Tuition and Fee Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted tuition and fee proposals for 2022-23. No resident tuition increases were recommended. However, seven institutions received approval to increase their nonresident tuition rates. Two institutions propose increases for their undergraduate nonresidents (Appalachian State University, UNC-Chapel Hill), one institution proposes an increase for its graduate nonresidents (UNCP), and four institutions propose increases for all nonresidents (North Carolina Central University, NC State University, University of North Carolina Charlotte, University of North Carolina Wilmington). Additionally, four institutions received approval to establish or increase rates for professional school programs.

Professional School Programs

University of North Carolina at Chapel Hill

UNC-Chapel Hill requested approval for four professional school programs.

1. UNC-Chapel Hill requested approval for a school-based tuition of \$8,500 tuition for its new, board approved, Master of Public Policy. The revenue generated would be used to support one faculty position, additional instructional and student support, and financial aid.
2. UNC-Chapel Hill requested approval to increase the nonresident tuition for its Master of Business Administration program by \$1,275. This 2 percent increase would bring the total tuition rate to \$65,015 for 2022-23. The revenue generated would fund program support/faculty and student aid and fellowships.
3. UNC-Chapel Hill requested approval to increase the total program rate for its receipts-supported MBA for Executives (evening) by \$6,204. The full program rate would increase by 7 percent to \$94,812. As it is a receipts-supported program, resident and nonresident students pay the same rate, which covers the full cost of the 24-month program. The revenue generated would support faculty salaries, technology, marketing, career services, and financial aid.
4. UNC-Chapel Hill requested approval to establish a new program-based rate for its Master of Public Health at UNC-Chapel Hill. Students currently enrolled in the program pay the rate for the MPH. Due to the change in credit hour billing, those students were paying a higher rate than their on-campus counterparts. The proposed new rate would be a reduction for those students, creating equity with the on-campus program. This program is a receipts-supported program, so resident and nonresident students pay the same rate, which covers the full cost of the program (typically 24 months).

University of North Carolina Charlotte

UNC Charlotte requested approval for two professional school programs.

1. UNC Charlotte requested to establish new tuition rates for the online MBA program. This is an existing program, but a new delivery method approved by the System Office under its delegated authority. The proposed school-based tuition would be \$8,760. The revenue generated would support career and professional development, faculty and staff supplemental wages, expanded student services, enhanced information technology, and financial aid.
2. UNC Charlotte requested a nonresident tuition increase of \$1,800 for its Master of Computer Engineering. This increase is in addition to the proposed 4 percent increase to all nonresident tuition and UNC Charlotte. The total proposed rate would be \$20,282, which is a 14 percent increase, bringing it consistent with other engineering programs at UNC Charlotte. The revenue generated would support an enhancement of the laboratory equipment and new teaching assistants.

The University of North Carolina at Greensboro

UNC Greensboro requested to establish new tuition rates for the Doctor of Computer Science program approved by the Board of Governors in the spring of 2021. The tuition revenue generated would support one graduate assistant and administrative support.

Western Carolina University

WCU requested a reduction of \$700 to its Master of Athletic Training due to an accreditation change requiring less faculty travel for clinic education site evaluation. WCU proposed passing on the savings due to reduced program administration costs to the students enrolled in the program. This would reduce the tuition to \$5,435 for residents and \$15,842 for nonresidents.

The full text of the 2022-23 Authorization of Tuition as approved by the Board of Governors is included in Appendix C.

2022-23 Fee Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted fee proposals for 2022-23. The tuition and fee instructions allowed institutions to propose an increase in one fee if it was offset by a commensurate decrease to another fee (except for Debt Service), resulting in no net increase in the total of all mandatory fees. The Board of Governors also considered exceptional circumstances where all three of the following criteria apply to the specific mandatory fee proposed for an increase:

1. The fee was not increased in the last two years.
2. The fee increase will not support an increase in scope of services or activities (i.e., the increase will cover specific, identifiable inflationary cost increases).
3. Without the fee increase, the ending fund balance is projected to be less than four months of recurring expenses.

D. Composition of Student Enrollment

The total enrollment across the UNC System is 239,663 – down 0.2 percent from last year’s previous record enrollment number. Undergraduate and graduate enrollment were both down 0.2 percent.

Three institutions have record enrollments: FSU, North Carolina Agricultural and Technical State University, and UNC-Chapel Hill. Four institutions have enrolled their largest new transfer class ever (ECSU, FSU, UNC-Chapel Hill, WCU).

E. Student Graduation and Retention Rates

More students are graduating from the UNC System within five years than at any other time in state history. The percentage of students who graduate within five years has climbed steadily and now stands at 72.1 percent. That number exceeds the Strategic Plan's 2022 goal (70 percent) and far outpaces the national average. The UNC System is serving and graduating more students from low-income backgrounds than ever before, despite national trends that show a decline in four-year college enrollment by low-income students. The same pattern is also true for students from North Carolina's rural counties.

F. Average State Faculty Salary

Faculty salaries are directly related to academic discipline and rank, complicating the ability to provide contextual comparisons across the entire institution and System. However, the UNC System is hopeful that additional benchmarking information will be available for subsequent reports.

G. Availability of Federal Funds

The UNC System normally receives two primary sources of federal funding—operating revenue to support research through sponsored program awards, and non-operating revenues to support student financial aid through programs like the Pell Grant. In FY 2021-22, the UNC System also received significant COVID relief funding through the Higher Education Emergency Relief Fund (HEERF). The UNC System received just over \$2.2 billion in revenue from federal funding in FY 2021-22, just over \$1.2 billion related to contracts and grants and \$1 billion in non-operating awards, including both student financial aid and HEERF funding.

These funds are important sources of revenue to support groundbreaking research and innovation in the state as well as to allow low-income students the opportunity to attend our institutions using federal financial aid. The HEERF funding was key to addressing emergency needs related to the COVID-19 pandemic.

H. Use of State Funds and Budget Flexibility

Most state funds in the UNC System go to support salaries and benefits for UNC faculty and staff. This totaled approximately 66 percent of expenditures, or \$3.58 billion, in 2021-22. While funds are also required to cover the cost of utilities, supplies, and equipment, this only comprises approximately 16 percent of total expenditures across the System. Additional details related to sources and uses of state funds by institution can be found in Appendix E.

Chart 2: FY 2021-22 Sources and Uses of State Funds

When expenses are categorized by activity, just under 50 percent is used to support direct instructional costs and student services, and five percent of funding covers research and public service. While research is core to the mission of many of our universities, most of the expenses related to research activities are not included in the General Fund.

* S.L. 2012-142, Section 9.9, permitted all student fees to be budgeted in Institutional Trust Funds, rather than the General Fund.

UNC System Budget Flexibility

UNC System institutions that are designated as Special Responsibility Constituent Institutions (SRCIs) receive appropriations in the form of a single sum to each budget code of the institution as directed by G.S. 166-30.2(a). These designated institutions are also permitted by statute to expend funds in the manner deemed by the Chancellor to maintain and advance the programs and services of the institutions, consistent with the directives and policies of the Board of Governors. Currently, all UNC System institutions, including the UNC System Office, are designated as SRCIs. As such, the UNC System exercises management flexibility to ensure that state funds are being used for their highest and best purpose in accordance with the policies and oversight of the UNC Board of Governors.

I. Sources of Non-State Revenue and Facilities and Administrative Receipts

Section 116-36.1 of the North Carolina General Statutes provides for institutions to maintain trust funds in order to supplement state appropriations and to enlarge areas of service so that they may become useful to a greater number of people. Primary sources of revenue deposited into the trust funds are generated from student fees, student auxiliary enterprises, and other institutional sales and services.

Transportation revenue is included with Parking at UNC Chapel Hill.

The sales and services categories shown are based on the revenue note in institutional audited financial statements. Decision criteria related to the categorization of the revenues are determined independently and may not be consistent across institutions.

Facilities and Administrative (F&A) Receipts

Recognizing that research carries necessary administrative, facilities, and other expenses above and beyond the direct costs of the project, federal agencies include in research grants and contracts a portion of funds to help offset these related costs – commonly called "indirect costs," "overhead receipts," or "facilities and administrative (F&A) receipts." Examples of F&A costs include lab infrastructure, research data networks, grants management staff, building maintenance, and hazardous waste disposal.

In 2021-22, the UNC System earned a total of \$335 million in facilities and administrative receipts and expended a total of \$253.3 million of these receipts to support costs associated with maintaining an environment conducive to research and scholarly advancement and ensuring competitiveness for attracting additional research funds. It is important to note that F&A receipts and expenditures for a given year are often not the same due to timing differences between receipts and expenditures and planning F&A receipt-supported projects. UNC System institutions also expended \$44 million of F&A receipts to operate or maintain facilities constructed with or operated by general fund appropriations as shown in Table 26.

2022-23 Operating Budget Allocations

AGENDA ITEM

A-2. 2022-23 Operating Budget AllocationsJennifer Haygood

- Situation:** One of the principal responsibilities of the Board of Governors is to “develop, prepare, and present to the Governor and the General Assembly a single, unified recommended budget for the constituent institutions of the University of North Carolina” [G.S. 116-11(9)a]. In odd numbered years, the governor recommends, and the General Assembly enacts a biennial (two-year) budget. In even-numbered years, adjustments are made to the budget for the second fiscal year of the biennium.
- Background:** During the Short Session, the General Assembly approved adjustments to the 2021-23 budget already enacted through the 2021 Appropriations Act (S.L. 2021-180).
- Assessment:** The 2021 Appropriations Act (S.L. 2021-180) included significant investments in the UNC System. Delivery and execution on each of these investments will be the primary focus for the immediate future. The System-wide priorities focus on budget adjustments critical to the core operations: funding for enrollment change and building reserves. Additional funds were also requested to support UNC K-12 programs and for HMSI security. Campus-specific requests will also be made available in the event the state has excess revenue.
- Action:** This item requires a vote by the Committee on Budget and Finance and a vote by the full Board of Governors.

2022-23 Operating Budget Allocations

This document includes recommended allocations for operating funding, as well as additional information about the 2022-23 budget. A comparison of the final enacted budget to the Board of Governors budget priorities can be found in Appendix A.

It is recommended that the following proposed allocations for 2022-23 be approved and that the president be authorized to make refinements in the interest of accuracy and completeness. It is also recommended that the president be authorized to seek such concurrence as may be required of the director of the budget in the allocation of budget priorities.

A. Recommended Allocations for Items Requiring Board Approval

Table 1 summarizes the operating allocations requiring Board of Governors approval. Following the table is a summary of the methodology for each allocation.

The amounts shown for Building Reserves include both recurring and nonrecurring dollars. See Table 2 for more detail, including project names.

2022-23 Operating Budget Allocations

1. Enrollment Change Funding

The General Assembly appropriated \$38,146,796 in recurring funds in response to the Board's request for enrollment change funding. The General Assembly made the appropriation to the UNC System Office, Institutional Programs (BOG Reserve). The UNC System has based its enrollment funding request on actual credit hours completed in arrears using the new formula adopted by the Board of Governors in April with approved transition year adjustments. It is recommended that the enrollment change funding be allocated as shown in Table 1.

2. UNC Building Reserves

The General Assembly provided recurring funds of \$8,249,114 and nonrecurring funds of \$1,334,979 for 2022-23 to be used for operation and maintenance of building projects. These funds were transferred to the UNC System Office, Institutional Programs (Board Reserve) and will be allocated, per House Bill 103 (S.L. 2022-74), as shown in Table 2.

2022-23 Operating Budget Allocations

3. HMSI Cybersecurity and Bomb Threat Preparedness

The General Assembly appropriated \$5,000,000 in nonrecurring funds in response to the Board's request. The General Assembly made the appropriation to the UNC System Office, Institutional Programs (BOG Reserve). The funds will be used to support costs associated with security camera and communication systems, access control and lockdown capabilities, integrated security systems, and cybersecurity. It is recommended that the HMSI Bomb Threat Preparedness funding be allocated as shown in Table 1. Each institution received a base allotment of \$500,000 and the remainder is allocated pro-rata based on full-time equivalent enrollment.

B. Additional Budget Actions

1. Compensation Increase Reserve

The General Assembly appropriated \$32,884,497 in recurring funds for 2022-23 for a one percent across-the-board salary increase for UNC System employees both subject to and exempt from the State Human Resources Act (SHRA and EHRA), in addition to the 2.5% salary increase appropriated in the 2021-23 budget. Although funding for compensation was appropriated directly to the UNC System budget, the allocation will be approved by the Office of State Budget and Management based on actual employee salary data as of June 30, 2022. The recurring funds will impact the employee's base salary and retirement contributions.

2. Labor Market Adjustment Salary Reserve

The General Assembly provided \$32,884,497 in recurring funds for 2022-23 to adjust salaries for specific staffing issues by providing targeted increases to recruit and retain employees. These funds were appropriated to the UNC System Office, Institutional Programs (Board Reserve), and it is recommended that the president be authorized to make further allocations based on the amount equivalent to the funds each institution receives for the one percent salary increase. See Section 39.2 in Appendix D for more information.

3. State Retirement Contributions – TSERS Members

Nonrecurring funds of \$3,983,805 were appropriated to increase the state's contribution for members of the Teachers' and State Employees' Retirement System (TSERS) to fund an additional one-time cost-of-living supplements to retirees of one percent in addition to the three percent already appropriated in S.L. 2021-180. These funds were appropriated from a reserve. Although funding for benefit changes was appropriated directly to the UNC System budget, the allocation will be approved by the Office of State Budget and Management.

4. UNC Laboratory Schools

The General Assembly provided \$1,500,000 in recurring funds in response to the Board's request. These funds will support the operations of the nine UNC Laboratory Schools. The revised net appropriation for this program is \$4.5 million. These funds were appropriated to the UNC System Office, Institutional Programs (Board Reserve), and it is recommended that the president be authorized to make further allocations.

2022-23 Operating Budget Allocations

UNC Section		
8.1	Revise UNC Enrollment Change Documentation Requirements	Requires the BOG to provide information concerning any metrics used when requesting changes in enrollment funding if the funding request is based on a metric other than enrollment growth.
8.2	Revise Wake Forest Institute For Regenerative Medicine Report	Replaces the BOG with the Joint Legislative Oversight Committee on Health and Human Services as the recipient of the report.
8.3	Recommendations on Increasing Nursing Graduates	Requires the BOG and State Board of Community Colleges to provide the Joint Legislative Education Oversight Committee and the Joint Legislative Oversight Committee on Health and Human Services a report on increasing the number of nursing graduates by at least 50%. The report is due by February 1, 2023.
8.4	UNC and ECU Dental School Clinical Operations Personnel Flexibility	Exempts employees of the Adams School of Dentistry at UNC-CH from most of the provisions of the State Human Resources Act. Requires the Board of Trustees at UNC-CH to develop policies and procedures governing the terms of employment for these employees. The Board of Trustees shall submit initial classification and pay plans, and other rules and regulations to the Office of State Human Resources for approval. Subsequent changes to the plans shall be submitted for review. Also provides ECU Dental School Clinical Operations the same employment flexibilities as the ECU Medical Faculty Practice Plan.
UNC/SEAA Section		
8A.1	Increase Funding and Eligibility Threshold for Opportunity Scholarships and Funding for Personal Education Student Accounts	Increases the funding for the Opportunity Scholarships Program and Personal Education Student Accounts for Children with Disabilities Program over the next ten fiscal years. The household income eligibility threshold for the Opportunity Scholarships Program is increased from 175% to 200% of the amount required for the student to qualify for the federal free or reduced-price lunch program.
8A.2	Limit Tuition Grants for Graduates of NCSSM and UNCSA to Undergraduate Tuition	Limits the tuition grant program to only be used for undergraduate students.
8A.3	Temporarily Waive Compliance with Certain Selective Service Requirements and Report	For the 2022-23 and 2023-24 academic years, removes the requirement that dependents of active duty military comply with the requirements of the Selective Service System in order to qualify for in-state tuition. Allows those who do not comply to be eligible for state-sponsored scholarships, financial assistance, or loans insured by state agencies. SEAA shall report to the Joint Legislative Education Oversight Committee by January 15, 2023 on recommendations on ensuring compliance with G.S. 116-143.3(c) and G.S. 143B-421.1 beginning in the 2024-25 academic year. The report should include the practicality of ensuring compliance, methods, administrative costs, and barriers.

Section & Title		Conference Budget
8A.4	Early Admission to Kindergarten for Students Participating in NCSEAA K-12 Scholarship Programs	Requires SEAA to adopt a rule regarding early admission of four-year-old children that establishes the same factors for eligibility as the rule adopted by the State Board of Education pursuant to G.S. 115C-364(d). The rule shall be adopted by December 31, 2022 and apply to applications for scholarship grants for 2023-24 school year.
8A.5	Changes to NCSEAA's Administration of the Opportunity Scholarship Program	Makes the criminal background check conducted for the staff member with the highest decision-making authority privileged information and not a public record. Also changes the requirement to contract with a certified public accountant to preform a financial review from receiving \$300,000 in scholarship funds to enrolling 70 or more receiving scholarship grants. Revises the procedures if a nonpublic school is found to be in violation of the requirements of the section and requires the Board of Directors of NCSEAA to review the criminal history of a schools highest decision making staff member to ensure the staff does not pose a threat to the safety of the students, has the integrity to oversee state funds, or has no outstanding criminal sentencing obligations.
8A.6	Changes to NCSEAA's Administration of Education Savings Accounts	Makes technical changes to the eligibility requirements and requires SEAA to provide written notice to every parent of an eligible student who would be impacted by the changes.
8A.7	Revise Washington Center Internship Scholarship Program	Allows for one to four week public policy and career readiness seminar programs to be eligible for the scholarships. Changes the maximum amount of the per student award for semester internships from \$7,000 to \$10,000 and establishes a maximum of \$8,000 for summer programs and \$4,000 for shortened seminar programs. Requires the BOG to develop guidance for awarding academic credit for participating in the programs. Changes the reporting requirement from March 1, 2023 to March 1 of each year in which grants are received under the program.
8A.8	Report On and Suspend Certain Program Evaluation Requirements for Opportunity Scholarships	Requires SEAA, the Department of Administration, Division of Nonpublic Education, and the Department of Public Instruction to report to the Joint Legislative Education Oversight Committee on the options and timeline to implement the recommendations from the March 1, 2018 task force report established pursuant to 2017 Budget Bill, the cost of implementing the recommendations, and any other legislative recommendations for improving evaluation of students receiving Opportunity Scholarships. For the 2022-23 academic year, if a school is unable to report test score data, then the school will not lose eligibility for opportunity scholarships. For the 2022 and 2023 calendar years, removes an SEAA reporting requirement on learning loss/gain and standardized test scores.
Salaries and Benefits		
39.2	Labor Market Adjustment Reserve	Establishes policies for the Labor Market Salary Adjustment Salary Reserve, including limiting the amount per employee to the greater of \$15,000 or 15% of their current salary. Requires agencies receiving a reserve to report to OSHR by September 30, 2022 on salary increases provided.
39.13	The University of North Carolina	Increases the legislative salary adjustment from 2.5% to 3.5%.
39.18	Mitigate Bonus Leave	Allows employees to voluntarily cash in special bonus leave benefits. Special leave is liquidated for a cash payment based on the employee's current annual salary. Participating agencies must report to the Fiscal Research Division by September 1, 2023 on the position characteristics of the employees participating in the program.
39.19	Salary Related Contribution Adjustments	Adjusts the state's employer contribution rates for retirement and related benefits.

Section & Title		Conference Budget
39.20	Increased One-Time Cost-Of-Living Supplement for Retirees of the Teachers' and State Employees' Retirement System, the Consolidated Judicial Retirement System, and the Legislative Retirement System	Increases the legislative cost-of-living supplement from 3% to 4%.
39.21	Temporary Arrangement to Increase Funding for Public Safety Employees' Line of Duty Death Benefits	Instructs the Department of State Treasurer to transfer funds to expedite the payment of line of duty death benefits for public safety employees.
Capital		
40.1	Capital Improvement and Repairs and Renovations Changes	Adds a new project authorization the UNC-CH Law School and ASU Hickory Campus. Increases the total project authorization for NCSU's Engineering Building from \$160M to \$180M, increases the total project authorization for UNC-CH's Nursing School renovation from \$60M to \$65.2M and appropriates an additional \$5.2M in FY 2023, authorizes and appropriates \$2M in FY 2023 for the UNC-CH Law School, decreases the FY 2023 appropriation for ECSU's new Resident Hall from \$30M to \$25M, increases the total project authorization for ECSU's new Dining Facility from \$7.5M to \$15M and appropriates an additional \$5M in FY 2023, authorizes and appropriates \$9M for ASU's Hickory Campus. Also requires the \$2.5M of the R&R funds appropriated to the BOG be used for ECSU's Dining Facility. Removes ECSU's Butler Residence Hall Renovation project from the list of projects authorized to receive R&R funds. Increases the matching requirement of private funds from \$80M to \$90M and the intended state allocation from \$80M to \$90M for NC State's STEM Building. Repeals Section 2 of the UNC Non-Appropriated Projects Capital Projects bill (S.L. 2022-15).
40.5	Six-Year Intended Project Allocation Schedule	Increases the intended allocation for NCSU's Engineering Building in FY 2024 from \$18.25M to \$28.25M, increases the intended allocation for UNC-CH's Business School from \$57.5M to \$68M and redistributes the funds through FY 2025, increases the intended allocation for UNC-CH's Nursing School in FY 2022 from \$13.75M to \$21.25M and in FY 2023 from \$18M to \$25.5M, increases the intended allocation for FSU's College of Education in FY 2024 from \$25.2M to \$27.2M.
40.6	Downtown Government Complex Capital Projects	Clarifies details of a number of downtown government projects, including that the General Assembly will have final authority over any activity related to the planning and construction for the downtown Education Campus.
40.7	Capital Project Inflationary Reserve	Establishes the Capital Project Inflationary Reserve within the State Capital Infrastructure Fund (SCIF). Agencies may request funds from the reserve if they have significantly reduced the scope of the project since it was authorized by the General Assembly, provided evidence of the scope reduction, and documented cost increases due to supply chain or inflationary pressures. Requests shall be submitted to Joint Legislative Oversight Committee on Capital Improvements and the Fiscal Research Division.

Section & Title		Conference Budget
40.9	Increase Dollar Threshold for Capital Projects	Increases the threshold for capital projects requiring BOG approval from \$2M to \$4M. Requires UNC institutions to follow the provisions of G.S. 143-131 for any repair work involving the expenditure of public money between \$100,000 and \$500,000.
Other UNC-Related Sections		
2.1	General Fund Appropriations	Includes budget code specific appropriations.
2.2	General Fund Availability	Directs the State Controller to transfer \$1.8B to the State Capital and Infrastructure Fund (SCIF), \$1B to the Stabilization and Inflation Reserve, and \$80M to the Local Project Reserve.
4.1	Appropriation of Receipts Increased Due to Salary and Benefit Increases	Appropriates any receipts necessary to be used to pay legislatively mandated salary increases and employee benefit increases.
5.1	Unexpended Nonrecurring Funds Appropriated in 2021-22 Fiscal Year Do Not Revert	Allows agencies to not revert nonrecurring funds that remain unspent as of June 30, 2022. Any remaining funding will revert on June 30, 2023.
7.8	Revise Allocation of Funds from the Elementary and Secondary School Emergency Relief Fund for the National College Advising Corps	Focuses the program on supporting existing college advisers and placement of new advisers especially in tier III counties as designated by the Department of Commerce. Changes the initial report due on October 1, 2022 from The National College Advising Corps (CAC) to the Joint Legislative Education Oversight Committee and the Fiscal Research Division to an interim report and requires a final report on October 1, 2023.
7.11	Interoperable and Interconnected Student Data Systems Study	Directs myFutureNC, Inc. to consult with SEAA, DPI, and the Community College and UNC System Offices to submit a report to the Joint Legislative Education Oversight Committee and the Fiscal Research Division by March 15, 2023 on the requirements necessary to create an interconnected and interoperable real-time data system to facilitate transmission of student data.
9D.1	Modify Medicaid Receivables Accounted for as Nontax Revenue	Makes technical changes to the deposits required by UNC Hospitals for FY 2023.
9D.11	Average Commercial Rate Supplemental and Directed Payment Program/ECU Health Physicians	Includes ECU Health Physicians in the Directed Payment Program.
9F.1	Use of Opioid Settlement Funds	Creates the Opioid Abatement Reserve and directs allocation of funds, including to the NC Collaboratory at UNC-CH.

43.8	Effective Date	Legislative is effective July 1, 2022.

The 2022 General Assembly appropriated funds for the following programs. The funds were appropriated directly to Aid to Private Institutions.

1. Wake Forest Institute for Regenerative Medicine

The General Assembly reduced the budget by \$10,000,000 to reflect a change in the administration of the funds to the Wake Forest Institution for Regenerative Medicine from the UNC System to the Office of State Budget and Management.

2. Opportunity Scholarship Grant Fund Reserve

The General Assembly appropriated \$56,000,000 in recurring funds for 2022-23 to the Opportunity Scholarship Grant Fund Reserve. Funds appropriated to the Reserve in a given fiscal year are used to award scholarship grants the subsequent fiscal year.

3. Personal Education Student Accounts for Children with Disabilities Program

The General Assembly appropriated recurring funds of \$16,300,000 in 2022-23 to the NC Personal Education Student Accounts for Children with Disabilities (PESA) Program.

4. High Point University Principal Preparation Program Support

The General Assembly appropriated \$1,000,000 in nonrecurring funds for 2022-23 for a directed grant to High Point University to support its principal preparation program.

5. Campbell University Principal Preparation Program

The General Assembly appropriated \$500,000 in nonrecurring funds for 2022-23 to Campbell University to support its principal preparation program.

6. HBCU Bound Athletics

Nonrecurring funds of \$25,000 are provided in 2022-23 from the Local Project Reserve to HBCU Bound Athletics, Inc.

REVISE UNC ENROLLMENT CHANGE DOCUMENTATION REQUIREMENTS

SECTION 8.1. G.S. 116-11(9)a1 reads as rewritten:

- "a1 The Board of Governors shall provide full documentation and justification of any enrollment change funding request at the time it is recommended. This documentation and justification shall include the following:
- 1 If the enrollment change funding request is based in whole or in part on enrollment growth, the most recent academic year's actual enrollment numbers in the same format in which the growth increase request is made. The actual enrollment numbers shall be the actual student credit hours (SCH) or full-time equivalencies (FTE)
 - 2 If the enrollment change funding request is based in whole or in part on one or more metrics other than enrollment growth, including student performance, identification of any metric used, and the portion of the funding request based on that metric for each constituent institution."

RECOMMENDATIONS ON INCREASING NURSING GRADUATES

SECTION 8.3. No later than February 1, 2023, the Board of Governors of The University of North Carolina, in collaboration with the State Board of Community Colleges, shall study and provide recommendations to the Joint Legislative Education Oversight Committee and the Joint Legislative Oversight Committee on Health and Human Services on methods and a timeline for increasing the number of graduates from nursing programs at constituent institutions of The University of North Carolina and community colleges by at least fifty percent (50%).

UNEXPENDED NONRECURRING FUNDS APPROPRIATED IN 2021-22 FISCAL YEAR DO NOT REVERT

SECTION 5.1.(a) Notwithstanding any provision of law to the contrary, any nonrecurring funds appropriated for the 2021-2022 fiscal year that remain unexpended as of the effective date of this section and are subject to reversion at the end of the 2021-2022 fiscal year shall not revert at the end of the 2021-2022 fiscal year and shall remain available for expenditure for the purpose for which the funds were appropriated until the earlier of the date the funds are expended or the date the funds revert pursuant to subsection (b) of this section.

SECTION 5.1.(b) Any funds described in subsection (a) of this section that remain unexpended as of June 30, 2023, shall revert to the appropriate fund at the end of the 2022-2023 fiscal year.

SECTION 5.1.(c) This section becomes effective June 30, 2022.

INTEROPERABLE AND INTERCONNECTED STUDENT DATA SYSTEMS STUDY

SECTION 7.11. myFutureNC, Inc., in consultation with the North Carolina State Education Assistance Authority, the Department of Public Instruction, the Community College System Office, and The University of North Carolina System Office, in partnership with their respective public school units, community colleges, and universities, shall submit a report to the Joint Legislative Education Oversight Committee and the Fiscal Research Division no later than March 15, 2023, on requirements necessary to create an interconnected and interoperable real-time data system to facilitate communication, collection, and transition of student data between public school units, community colleges, and universities and to provide students access to their own data, including after the student leaves the institution. The goal of such a system would be to share data more efficiently among educational institutions using existing student information management systems, to assist students in earning postsecondary credentials that could assist the student in finding employment, and to eliminate redundant efforts and expenses among the institutions. The report shall include at least the following:

- (1) Current instances of best practices regarding data warehouses, school district-community partnerships, and relationship management systems
- (2) Technology necessary to create such an interconnected and interoperable system and to create a working prototype.
- (3) Legal considerations for sharing data across institutional systems that would conform with the Family Educational Rights and Privacy Act (FERPA), specifically focusing on student support services.

- (4) Human capital and machine capabilities, such as artificial intelligence, needed to develop data and analytical capacity across institutions.
- (5) Any issues that may arise with cultural views on data as an individually owned resource, as opposed to a collaborative tool.
- (6) As applicable, the potential role of existing State longitudinal data systems.

LABOR MARKET ADJUSTMENT RESERVE

SECTION 39.2.(a) Of the Labor Market Adjustment Salary Reserve funds appropriated in this Act, agencies shall award salary adjustments to identified employees pursuant to the following requirements:

- (1) Any increase provided to an employee shall not exceed the greater of fifteen thousand dollars (\$15,000) or fifteen percent (15%) of their current base salary.
- (2) Any increase provided to an employee may not result in the employee's salary exceeding the maximum salary of the salary range associated with the position.
- (3) No more than twenty-five percent (25%) of the agency's permanent employees may receive a salary increase from the funds appropriated for this purpose.
- (4) Funds may not be awarded to employees in positions with salaries set in law or paid based on an experience-based salary schedule that is eligible to receive funding from the Pay Plan Reserve.
- (5) Funds must be used to increase salaries paid to employees and shall not be used to supplant other funding sources or for any other purpose.

SECTION 39.2.(b) The provisions of subsection (a) of this section do not apply to the State Highway Patrol or the State Bureau of Investigation, and no allocations shall be made to those agencies for labor market adjustments.

SECTION 39.2.(c) The Director of the Budget may adjust a State agency's budgeted receipts to provide an equivalent one percent (1%) Labor Market Adjustment Salary Reserve subject to the requirements in subsection (a) of this section, provided that sufficient receipts are available. Agency receipts needed to implement this section are appropriated for the 2022-2023 fiscal year.

SECTION 39.2.(d) The Office of State Human Resources (OSHR) shall compile a single report detailing how these funds were distributed by each agency. The OSHR shall develop a uniform reporting mechanism for agencies that displays the salary increases made for each position classification, the average increase provided to employees in each position classification, and the market-based justification for the awarded salary increases. Agencies receiving Labor Market Adjustment Salary Reserve appropriations shall report to the OSHR by September 30, 2022. By October 31, 2022, the OSHR shall submit the report containing the agency responses to the Fiscal Research Division.

THE UNIVERSITY OF NORTH CAROLINA

SECTION 39.13. Section 39.13(2) of S.L. 2021-180 reads as rewritten:

- "(2) Effective July 1, 2022, the Board of Governors of The University of North Carolina shall provide SHRA employees, EHRA employees, and teachers employed by the North Carolina School of Science and Mathematics with an across-the-board salary increase in the amount of ~~two and one-half percent (2.5%)~~ three and one-half percent (3.5%)."

Appendix B:

2022-23 Capital Improvement Budget Allocations

AGENDA ITEM

A-6. State Capital and Infrastructure Fund (SCIF) Program Update Ms. Lynn

Situation: The 2021 Appropriations Act (S.L. 2021-180) authorized repairs and renovations (R&R) projects totaling \$978,877,433 and appropriated \$250 million from the State Capital and Infrastructure Fund (SCIF) for each fiscal year of the 2021-23 biennium. In this legislation, the General Assembly also stated its intent to appropriate \$250 million for each fiscal year of the 2023-25 and 2025-27 biennia. While the Act includes the specific projects to be funded from the R&R funding, the Board of Governors of the University of North Carolina System determines the allocation of the funds to the institutions.

Background: To date the Board of Governors has allocated SCIF funds for the following purposes:

	FY 2022	FY 2023
Minor R&R projects	\$60,000,000	\$60,000,000
Major R&R project design	\$72,967,000

2022-23 Authorization of Tuition

AGENDA ITEM

A-1. Authorization of Tuition for 2022-23Jennifer Haygood

Situation: Tuition rates for undergraduate and graduate students, including professional schools, are recommended for approval. The Board of Governors recommended no increases for resident students due to the COVID-19 pandemic. Several institutions are requesting increases to nonresident rates.

Background: G.S. 116-143 requires that the Board of Governors of the University of North Carolina System fix the tuition and fees, not inconsistent with the actions of the General Assembly, at the constituent institutions of the UNC System. The 2016 General Assembly enacted a new guaranteed tuition program that fixes tuition rates for those first-time, full-time resident undergraduates and new transfer students who remain continuously enrolled for eight consecutive semesters or the equivalent number of remaining semesters for transfer students. Resident undergraduate tuition rates for 2022-23 will only apply to the cohort of students that enroll in the fall of 2022.

Assessment: The institutions have submitted 2022-23 tuition proposals in accordance with legislative and UNC System Office guidelines for consideration by the Board.

Action: This item requires a vote by the committee and a vote by the full Board of Governors.

A-2. Authorization of Tuition for 2022-23

The following RESOLUTION for the 2022-23 academic year reflects the tuition increases proposed by the institutions. The Board of Governors recommended no increases for resident students due to the COVID-19 pandemic. Several institutions are requesting increases to nonresident rates.

The 2016 General Assembly enacted a guaranteed tuition program that fixes tuition rates for first-time full-time resident undergraduates and transfer students that remain continuously enrolled for eight consecutive semesters or the equivalent number of remaining semesters for transfer students. Resident undergraduate tuition rates for 2022-23 will only apply to the cohort of students that enroll in the fall of 2022. The chancellors and their boards of trustees requested tuition rate increases for students consistent with legislative and UNC System Office guidelines.

RESOLUTION AUTHORIZING TUITION

WHEREAS, G.S. 116-143 requires that the Board of Governors of the University of North Carolina System shall fix the tuition and fees, not inconsistent with the actions of the General Assembly, at the UNC System constituent institutions.

NOW, THEREFORE, BE IT RESOLVED, that, effective with the Fall Term of 2022, the constituent institutions are authorized to charge and collect the following tuition rates.

I. 2022-23 Tuition Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted tuition and fee proposals for 2022-23. The tuition amounts for all programs are shown on pages 3 through 9.

A. Increases in Tuition for Nonresident Students

Seven universities are proposing increases for their nonresident students. Two institutions propose increases for their undergraduate nonresidents (ASU, UNC-CH), one institution proposes an increase for its graduate nonresidents (UNCP), and four institutions propose increases for all nonresidents (NCCU, NCSU, UNCC, UNCW).

Appalachian State University

Nonresident Undergraduates – \$397

ASU requests an increase of 2.0% for its nonresident undergraduates, which would bring its nonresident undergraduate tuition to \$20,246. The projected additional revenue would support three new faculty positions, one academic advisor, one position in the Office of Disability Resources, and one position in Enrollment management.

North Carolina Central University

Nonresident Undergraduates – \$329

Nonresident Graduates – \$354

NCCU requests a 2.0% increase for all of its nonresident students. This would bring its nonresident undergraduate rate to \$16,764 and its nonresident graduate rate to \$17,339. The projected additional revenue would be used to improve undergraduate degree efficiency, academic advising and coaching, transfer student engagement, and graduate assistantships.

North Carolina State University

Nonresident Undergraduates – \$956

Nonresident Graduates – \$1,219

NCSU requests a 3.5% increase for nonresident undergraduates and a 4.5% increase for nonresident graduates. This would bring its nonresident undergraduate rate to \$28,276 and its nonresident graduate rate to \$28,301. The projected additional revenue would be used to improve quality and accessibility, fund faculty promotional increases, and support need-based financial aid and the graduate student support plan.

UNC-Chapel Hill

Nonresident Undergraduates – \$698

UNC-CH requests a 2.0% increase for nonresident undergraduates. This would bring its nonresident undergraduate rate to \$35,580. The projected additional revenue would be used to fund faculty salaries and support.

UNC Charlotte

Nonresident Undergraduates – \$690

Nonresident Graduates – \$711

UNC Charlotte requests a 4.0% increase for all nonresident students. This would bring the nonresident undergraduate rate to \$17,936 and the nonresident graduate rate to \$18,482. The projected additional revenue would be used to fund student success initiatives.

UNC Pembroke

Nonresident Graduates – \$505

UNC Pembroke requests a 3.0% increase for nonresident graduate tuition, bringing the rate to \$17,339. The generated revenue would fund faculty recruitment and academic support, include tutoring services, advising needs, peer mentoring, and non-traditional teaching formats.

UNC Wilmington

Nonresident Undergraduates – \$555

Nonresident Graduates – \$556

UNC Wilmington requests a 3.0% increase for all nonresidents. This would increase the nonresident undergraduate rate to \$19,063 and the nonresident graduate rate to \$19,104. The additional revenue would be used to support graduate tuition remission and faculty and staff retention.

B. Increases in Tuition for Professional Schools

Four universities are proposing graduate professional school tuition increases for 2022-23. The rates require Board of Governors approval.

UNC-Chapel Hill

Master of Public Policy – new established rates – \$19,052, residents/\$37,344, nonresidents

UNC-Chapel Hill requests approval for a school-based tuition of \$8,500 tuition for its new, board-approved, Master of Public Policy. The revenue generated would be used to support one faculty position, additional instructional and student support, and financial aid.

Master of Business Administration – \$1,275 for nonresidents

UNC-Chapel Hill requests approval to increase the nonresident tuition for its MBA program by \$1,275. This 2.0% increase would bring the total tuition rate to \$65,015 for 2022-23. The revenue generated would fund program support/faculty and student aid and fellowships.

MBA for Executives (evening) – \$6,204 for all students (receipts-supported)

UNC-Chapel Hill requests approval to increase the total program rate for its receipts-supported MBA for Executives (evening) by \$6,204. The full program rate would increase by 7.0% to \$94,812. As it is a receipts-supported program, resident and nonresident students pay the same rate, which covers the full cost of the 24-month program. The revenue generated would support faculty salaries, technology, marketing, career services, and financial aid.

MPH@UNC – new established rates – \$72,870 for all students (receipts-supported)

UNC-Chapel Hill requests approval to establish a new program-based rate for its MPH@UNC. Students currently enrolled in the program pay the rate for the Master of Public Health. Due to the change in credit hour billing, those students were paying a higher rate than their on-campus counterparts. The proposed new rate would be a reduction for those students, creating equity with the on-campus program. This program is a receipts-supported program, so resident and nonresident students pay the same rate, which covers the full cost of the program (typically 24 months).

UNC Charlotte

eMBA – new established rates – \$13,127, residents/\$27,272, nonresidents

UNC Charlotte is requesting to establish new tuition rates for the online MBA program. This is an existing program, but a new delivery method approved by the System Office under its delegated authority. The proposed school-based tuition would be \$8,760. The revenue generated would support career and professional development, faculty and staff supplemental wages, expanded student services, enhanced information technology, and financial aid.

MS-Computer Engineering – \$1,800 for nonresidents

UNC Charlotte requests a nonresident tuition increase of \$1,800 for its Master of Computer Engineering. This increase is in addition to the proposed 4.0% increase to all nonresident tuition and UNCC. The total proposed rate would be \$20,282, which is a 14.0% increase, bringing it consistent with other engineering programs at UNCC. The revenue generated would support an enhancement of the laboratory equipment and new teaching assistants.

UNC Greensboro

PhD-Computer Science – new established rates – \$7,019, residents/\$20,737, nonresidents

UNC Greensboro is requesting to establish new tuition rates for the PhD of Computer Science program approved by the Board of Governors in the spring of 2021. The tuition revenue generated would support one graduate assistant and administrative support.

Western Carolina University

MS-Athletic Training – Reduction of \$700

Western Carolina requests a reduction of \$700 to its Master of Athletic Training due to an accreditation change requiring less faculty travel for clinic education site evaluation. WCU proposes passing on the savings due to reduced program administration costs to the students enrolled in the program. This would reduce the tuition to \$5,435 for residents and \$15,842 for nonresidents.

II. 2022-23 Special Tuition Rates

Nonresident Graduate Students

Consistent with the General Statutes and by authorization of the Board of Governors through a resolution passed by the Board in 1983, the institutions are authorized to charge special tuition rates for nonresident graduate students.

For nonresident graduate students who are awarded a graduate teaching or research assistantship and who are paid a stipend of at least \$2,000 per academic year, the institution may award tuition remission to reduce the nonresident tuition rate to the in-state rate. For example, the nonresident graduate student tuition rate is proposed to increase from \$27,082 to \$28,301 at North Carolina State University for 2022-23. NC State's graduate nonresident students who are eligible to receive tuition remission will be charged the resident tuition rate, which will remain at \$9,095 for the 2022-23 academic year.

Each university receives a state appropriation for graduate tuition remissions and some universities supplement this appropriation from other non-state sources. Institutions may not provide graduate tuition remissions to all students. The number of awards is limited to those that meet the criteria and the budget availability.

Note: The 2011 General Assembly eliminated state appropriations for nonresident undergraduate tuition waivers that had been in place since 1983 [Sec. 9.13(b) of S.L. 2011-145].

Appendix D:

2022-23 Authorization of Fees

AGENDA ITEM

A-2. Authorization of Fees for 2022-23Jennifer Haygood

Situation:	General Fees (Athletics, Health Services, Student Activities, Educational and Technology, and Campus Security), Debt Service, Application, and Special Fees are recommended for approval.
Background:	G.S. 116-143 requires that the Board of Governors of the UNC System fix the tuition and fees, not inconsistent with the actions of the General Assembly, at the constituent institutions of the UNC System. The 2016 General Assembly enacted a provision that caps mandatory student fee increases (including debt service fees) to three percent per year.
Assessment:	The institutions have submitted 2022-23 fee proposals in accordance with legislative and UNC System Office guidelines for consideration by the Board.
Action:	This item requires a vote by the committee and a vote by the full Board of Governors.

A-3. Authorization of Fees for 2022-23

The following RESOLUTION for the 2022-23 academic year reflects fee increase proposals by each university. Chancellors requested fee increases consistent with the tuition and fee instructions, including a three percent cap on mandatory student fee increases enacted by the 2016 General Assembly.

RESOLUTION AUTHORIZING FEES

WHEREAS, G.S. 116-143 requires that the Board of Governors of the University of North Carolina System shall fix the tuition and fees, not inconsistent with the actions of the General Assembly, at the UNC System constituent institutions.

NOW, THEREFORE, BE IT RESOLVED, that, effective with Fall Term 2022, the constituent institutions are authorized to charge and collect the following fees.

Fee Guidelines

For 2022-23, the tuition and fee instructions allowed institutions to propose an increase in one fee if it was offset by a commensurate decrease to another fee (except for Debt Service), resulting in no net increase in the total of all mandatory fees.

The Board of Governors would also consider exceptional circumstances where all three of the following criteria apply to the specific mandatory fee proposed for an increase:

- o The fee was not increased in the last two years.
- o The fee increase will not support an increase in scope of services or activities (i.e., the increase will cover specific, identifiable inflationary cost increases).
- o Without the fee increase, the ending fund balance is projected to be less than four months of recurring expenses.

Athletics Fees

Athletics fee revenues provide funds for intercollegiate athletic programs and for the maintenance and operation of athletic facilities.

UNC Pembroke is requesting a \$20 increase (with a decrease to the Student Activities fee) to cover athletics training, gender equity and health insurance.

Additionally, four institutions have proposed athletic fee increases that meet the criteria for exceptional circumstances. Fayetteville State University is requesting a \$65 increase to cover compliance costs related to an audit of their athletic operations. NC Central University is requesting a \$15 increase to cover mandatory salary and benefit increases. UNC Asheville is requesting a \$25 increase to cover mandatory salary and benefit increases, team travel costs, and officiating. Western Carolina University is requesting an \$86 increase that will cover debt service costs to repair and renovate existing athletic facilities.

The proposed Athletics fees, effective Fall Term 2022, are listed below.

<i>Institution</i>	<i>Requested Change</i>	<i>Proposed 2022-23 Fee</i>
Appalachian State University	\$ –	\$783.00

UNC School of the Arts	N/A	N/A
Western Carolina University	86.00	868.00
Winston-Salem State University	–	780.00

Health Services Fees

Health Services fees finance health and medical services for students, including the maintenance and operation of student health centers. Most institutions increased health service fees in 2021-22 due to increased demand for counseling services during the past few years and especially during the COVID-19 pandemic. No additional increases are requested for 2022-23.

The proposed Health Services fees, effective Fall Term 2022, are listed below.

<i>Institution</i>	<i>Requested Change</i>	<i>Proposed 2022-23 Fee</i>
Appalachian State University	\$ –	\$335.00

UNC Wilmington	–	246.07
UNC School of the Arts	–	882.00
Western Carolina University	–	350.00
Winston-Salem State University	–	340.00

Student Activities Fees

Student Activities fees provide funds for non-academic student services and for the maintenance and operation of facilities used in conjunction with those services. Included are funds to operate student unions and intramural facilities, and provide for student organizations, newspapers, yearbooks, and entertainment programs.

UNC Pembroke is requesting a reduction of \$20.00 in order to offset a proposed increase to the athletics fee.

Additionally, two institutions have requested fee increases under the criteria for exceptional circumstances. NC State is requesting a \$28.65 increase to fund student center operations and university wellness inflationary costs. UNC Asheville is requesting an increase of \$23.50 to fund increasing student employment costs and mandatory staff salary increases.

The proposed Student Activities fees, effective Fall Term 2022, are listed below.

Educational and Technology Fees

Educational and Technology fees were instituted as a result of the study of student fees conducted by the Board of Governors in 1992-93 and adopted in May 1993. These fees cover specialized instructional supplies/services and scientific and information technology equipment not provided by state funds.

Under the criteria for exceptional circumstances, UNC Asheville is requesting a \$13.00 increase in order to fund rising student employment costs.

The proposed Educational and Technology fees, effective Fall Term 2022, are listed below.

Campus Security Fee

The 2013-14 UNC Campus Security Initiatives Report included high priority recommendations for new initiatives, staffing, and security measures designed to benefit the UNC System institutions. The Board approved this fee in 2015.

The fee assessed to students by each institution provides the UNC System with approximately \$6 million annually to support implementation of priority needs, while incenting shared services, collaboration, group purchasing and efficiency on a system level, where most appropriate.

Last year, the Board of Governors approved a \$60 campus security fee at all institutions, except those that resulted in a total mandatory fee increase over three percent. The campus security fee at these institutions will automatically increase to \$60 in 2022-23. Five institutions have requested fee increases to meet this requirement.

The proposed Campus Security fees, effective Fall Term 2022, are listed below.

Indebtedness Fees

Under the policy for the establishment of fees adopted by the Board of Governors in 1993 and revised in 2003, fees for the retirement of indebtedness are approved at the time a project is approved and established at the time that debt is incurred. Indebtedness fees, once established, remain in effect until the debt is retired.

NC State is reducing its debt service fee by \$35 due to the retirement of debt for student health services. UNC-Chapel Hill is reducing its debt service fee by \$39 due to expiring debt from student union renovations.

The proposed Indebtedness fees, effective for Fall Term 2022, are listed below.

Special Fees

Special fees provide funds for specific needs that are not financed from other revenue sources. Special fees are charged *only* to students who participate in programs or activities financed from those fees. These are programs that have specialized instructional needs, e.g., programs in health affairs, law, business, engineering, and architecture. These programs are expensive and occur in curricula where students must obtain a “competitive edge” to acquire highly desirable jobs upon graduation.

East Carolina University has requested a \$195 increase to its dental housing fee in order to cover increased housing costs. Additionally, East Carolina University is requesting modifications to its dental preclinical educational materials fees, which are currently assessed to students with differential rates based on student level. The university proposes eliminating the level differentiation and increasing the fee to \$450 in order to fund additional costs for manikins due to licensure changes caused by COVID.

UNC Charlotte and Western Carolina University are requesting special fees of \$300 to cover mandatory assessment costs for their teacher education programs. The fee will cover the cost of one edTPA Assessment, which will allow student students to use their financial aid to cover the cost as part of their regular financial aid package.

The Special fees, effective for Fall Term 2022, are listed below.

Application Fees

Application fees are charged to individuals submitting applications for admission as students to the University to offset the cost of handling applications and to provide funds for recruiting students. Increases to Application fees were not allowed for 2022-23.

UNC-Chapel Hill has requested the elimination of the \$80.00 application fee for the Eschelman School of Pharmacy's PharmD program in order to reduce barriers to applying to the program.
