Mr. Robinson reported that recent legislation governing traffic and parking vested responsibility in local Boards of Trustees, which would be wise to examine their present regulations to determine whether changes permitted under the new law would be advisable for their campuses.

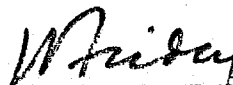

Each campus is requested to supply Mr. Robinson with carbon copies of letters of transmission to HEW regarding equal employment opportunities compliance.

Chancellors are requested to wait until they hear from this office before taking any action to implement the new statute defining residency for tuition purposes.

There was extended discussion of the appropriations bills enacted by the 1973 session. Mr. Joyner's budget instructions will be mailed to the Chancellors on Friday, June 1. These instructions are most important.
