

ADMINISTRATIVE MEMORANDUM

SUBJECT: Administrative Council Meeting
April 24, 1984

NUMBER 196

DATE May 1, 1984

Calendar Items

May 11 - Board of Governors Meeting, General Administration Building,
Chapel Hill, 9:30 a.m.

May 22 - Administrative Council Meeting, General Administration Building,
Chapel Hill, 1:30 p.m.

Action Items

With respect to any requests received by constituent institutions for information associated with the proposed Reynolds Foundation study of higher education in North Carolina, Chancellors should notify either Vice President Dawson or Vice President Joyner, for the purpose of coordinating University responses.

Those Chancellors who have not previously responded to the request of the Community Colleges for information about articulation agreements between our constituent institutions and Community College institutions should do so promptly; such information is necessary in responding to OCR requirements associated with the Community College desegregation plan.

The constituent institutions should anticipate requests from the Governmental Operations Committee for additional information related to that committee's study of policies and practices governing vending machine profits; such requests should be addressed with great care, to insure comprehensive and accurate responses; a copy of any such responses should be shared with the President.

Other Items Discussed

1. President Friday and Vice President Joyner discussed the pending special session of the General Assembly and the budgetary implications for the University.
2. President Friday discussed the interest of the Fiscal Research Division in off-campus educational programs, as conducted by the three sectors of higher education in the state.

P. 2

3. President Friday reported on planning for the establishment of regional summer schools in math and science for North Carolina high school students; a prototype likely will be established for the summer of 1985 at WCU, with the possibility of other similar programs in other regions of the state in later years.
4. Vice President Carroll discussed demographic data on high school graduation rates, both past and projected, within North Carolina and nationally.
5. Chancellor Robinson and Chancellor Thomas reported on their respective recent trips abroad, in connection with higher education activities in which they are involved at foreign locations.

William Friday
