ADMINISTRATIVE MEMORANDUM

SUBJECT  Board of Governors Interpretations of and Instructions for its Policy on: "Political Activities of Employees"

NUMBER  332

DATE  March 8, 1993

On February 12, 1993, the Board of Governors issued interpretations and instructions designed to improve administration of its policy on "Political Activities of Employees" (adopted January 16, 1976, and amended February 8, 1985). The concerns that prompted Board action are discussed in the text of the enactment, a copy of which is attached to this memorandum.

This memorandum summarizes the new Board requirements and highlights the particular changes in administrative practice that each chancellor is responsible for implementing. These regulations apply to cases over which the Board of Governors has jurisdiction, viz., (1) candidacy for election or appointment to or occupancy of full-time public office; (2) candidacy for election to or membership in the General Assembly; and (3) candidacy for election or appointment to or occupancy of a major part-time office (i.e., an office for which compensation is more than nominal) by a senior administrative officer of the University.

1. Publicizing the Board policy

Members of all categories of EPA employment must receive regular and effective notice of the policies to which they are subject if they intend to pursue public officeholding. The Board has prescribed two methods for assuring such notice.

   a. A summary of the policy requirements must be published in the employment handbooks or manuals for each category of EPA employment. The Board has supplied a sample of the type of summary to be used. The summary should be made a permanent part of such informational brochures by no later than the beginning of the 1993-1994 academic year.
b. A brief written notice, referring to the applicable policies, is to be included with the paycheck of each EPA employee "in advance of each pending political season." To satisfy this requirement, such a notice should be inserted with the September and May paychecks of each EPA employee, every year. The following is a sample of the type of notice that will suffice:

University employees who wish to run for or hold any elective or appointive public office are subject to regulations adopted by the Board of Governors. For many types of office, the regulations require that before becoming a candidate for or occupying the office the University employee must make certain disclosures and receive various approvals on a prescribed schedule, or risk losing University employment. A copy of the full text of the Board regulations may be obtained at [campus office or other repository]. Advice concerning the interpretation and application of the policies may be obtained from [designated campus official].

Note that the Board directions require each campus to identify a repository where copies of the full text of the policy are to be available for inspection by interested employees; copies of this latest Board directive also should be made available to anyone who makes inquiry about their responsibilities under the policy. Further, the Board directions require that an officer of the institution be designated to provide guidance to employees in the interpretation and application of the Board policy.

2. Specified dates for complying with policy requirements

An affected employee who is required to receive advance clearance to pursue candidacy or hold office (e.g., petitions designed to rebut a presumed conflict of commitment or to obtain a leave of absence) must do so on a schedule specified by the Board policy. This is a new requirement that must be effectively publicized and scrupulously observed. The schedule to be followed appears at page 14 of the attachment to this memorandum.
3. Petitions regarding political activity

The most substantial change in practice mandated by the Board is the use of a prescribed form of petition by any employee who is required to obtain advance clearances from the Board with respect to contemplated involvement in political candidacy or officeholding. The required petition form and accompanying instructions appear at pages 14 through 23 of the attachment to this memorandum. Information essential to resolving questions about conflicts between employment responsibilities and political activities must be conveyed in that format.

4. Adoption of complementary policies by the boards of trustees

As noted in the Board directions, these new guidelines apply to cases over which the Board has reserved jurisdiction. The respective boards of trustees continue to have residual responsibility for candidacy and officeholding with respect to major part-time offices (other than membership in the General Assembly) by employees other than senior administrative officers. The Board directions state that each board of trustees shall establish procedures for handling such cases, consistent with the requirements of Board policies. Trustee compliance with that requirement could be achieved most simply and clearly by adopting for trustee purposes the same requirements as the Board has posited for its cases, with respect to (1) publicizing applicable policies, (2) establishing dates for filing any necessary petitions, and (3) using the same petition form.

Questions concerning these new Board directions may be addressed to Mr. Richard Robinson in my office.

DIRECTIONS OF THE BOARD OF GOVERNORS
FOR IMPLEMENTING
UNIVERSITY POLICY ON POLITICAL CANDIDACY AND OFFICEHOLDING

Based on a sixteen-year experience in administering the 1976 policy concerning Political Activities of University Employees, the Board of Governors has identified problems in implementing the policy that require attention. Accordingly, the following interpretations and instructions have been adopted to guide administration of the program at the constituent institutions.

I. Advance notice of policy requirements

During the political season in virtually every year that the policy has been in effect, cases have arisen in which a University employee has filed as a candidate without following the prescribed procedures for obtaining clearance; usually the affected employee has professed not to have known about the requirements of the policy. On an ad hoc basis, the Committee on University Governance has dealt with the problems generated by such circumstances. Typically, the affected employee is permitted to address the problem by filing a late petition, but frequently the consequences of delay, for both the employee and the institution, cannot be resolved in a completely satisfactory manner. Several of the other problems discussed below are, in turn, either caused or exacerbated by the absence of clear advance notice to employees of the requirements and effects of the Board policy. A system for insuring effective notice to potentially affected employees is critically important. This must be accomplished at the campus level.
Each Chancellor must assure that employees understand well in advance both the procedures to be followed in pursuing, as well as the possible employment implications of, their involvement in political candidacy and officeholding. Such measures shall include: (1) Publication of a notice, of the type set forth in Attachment 1, in documents that prescribe the terms and conditions of employment for each category of covered University employment, e.g., faculty handbooks and/or tenure policies, employment manuals for non-faculty employees (employees subject to the State Personnel Act are not covered by the policy); (2) distribution with paychecks, in advance of each pending political season, of reminders of policy requirements to which employees are subject.

II. **Addressing presumptive conflicts of time as a candidate**

The policy states that any employee who becomes a candidate for election to a full-time office or to a part-time office for which compensation is more than nominal presumably will engage in campaign activity that interferes with the satisfactory performance of his or her full-time employment responsibilities to the University. In the face of that presumption, the affected employee is accorded the options of (1) resigning in order to pursue political activity or (2) seeking to demonstrate that, contrary to the presumption, he or she can and will structure campaign activities so as to assure that they do not conflict with University employment or (3) seeking an appropriate leave of absence to enable the employee to pursue political activity.
A. **Timely presentation of petitions to rebut the presumption**

For the system to work, to the advantage of both the affected employee and the institution, the review process must be completed well in advance of the period of employment that would be affected by involvement in political candidacy. If the responsible governing board determines that in fact there is a conflict, the employee must either resign or obtain approval for a leave of absence or abandon the contemplated campaign. Obviously the chosen outcome must be determined in time to permit orderly planning by all concerned parties. Thus, a firm schedule for addressing such issues must be adopted, and the success of that schedule depends, again, on timely notice of such requirements.

With respect to an employee who intends to file as a candidate in a race that requires a May primary contest, any petition designed to rebut the presumption of conflict of time must be filed with the appropriate governing board by no later than November 1 in the year preceding the May primary election.

With respect to an employee who intends to stand for election in November, any such petition must be filed with the appropriate governing board by no later than July 1 of the election year.
B. **Showings necessary to rebut presumption of conflict**

An employee who wishes to campaign for a full-time or major part-time office and simultaneously maintain his or her full-time University employment must meet the burden of demonstrating that, contrary to the presumption established by the policy, no conflict of time in fact will occur. In conventional employment contexts, entailing a standard eight-hour work day, it is readily apparent that an employee would have to limit campaign activities to evenings and weekends in order to satisfy employment obligations. Compliance with that norm can be monitored with relative ease.

However, faculty employment presents a more difficult situation. In accruing their forty or more hours per week of employment activity, faculty members typically follow schedules that vary from day to day and, indeed, from week to week. Such variety reflects, among other factors, their scheduled teaching and counseling hours, the demands of their research projects, the time dedicated to classroom preparation, the requirements of institutional service through committee memberships, and study and travel associated with contributions to the profession, as in visiting lectureships, professional meetings, and reviews of the work of other scholars and programs. Thus, there is no "standard workday" among the professoriate. The need for flexibility in scheduling the component faculty endeavors of teaching, research and service is universally recognized. Yet, for purposes of this Board policy certain shared assumptions must be identified to help quantify employment obligations.
The most feasible approach in addressing this matter is to assume that each University employee, including members of the faculty, is obligated to be on duty for a minimum eight-hour day and forty-hour week. Unless there is clear demonstration to the contrary, it will be assumed, further, that the work day for professors is the conventional one that falls between the hours of 8 a.m. and 5 p.m. However, an individual faculty member is free to demonstrate that his full-time employment schedule for a given semester in fact does not or need not conform to the presumed norm and, accordingly, that times other than evenings and weekends properly would be available for campaign activity. Thus, a petition to the governing board in support of efforts to rebut the presumption of conflict would have to begin with a representation about what basic periods of time would be devoted to campaigning and why such a proposed schedule would not conflict with the forty or more hours per week of his or her University job. The unalterable premise is that the employee must meet the full requirements of his employment while campaigning, not that he will be permitted to reduce in any way his full-time University service in order to engage in a political campaign. A satisfactory showing therefore must quantify the distribution of time between employment time and personal time devoted to campaigning.

Attachment 2 is a sample petition that is to be used by all University employees, including faculty members, to display the
requirements of work time and, correspondingly, how campaigning would be fitted into the petitioner's total available personal time during a week.

C. Conditions imposed incident to permitting maintenance of full-time employment while campaigning

If the governing board determines that an employee has successfully rebutted the presumption of conflict, the permission to continue full-time University employment may need to be attended by special conditions. For example, the employee may be required to maintain a daily log of time devoted to campaign activity, subject to periodic inspection by the employee's supervisor. By way of further example, in arranging the division of time between University duties and campaigning, a member of the instructional faculty should not be permitted to reschedule class meeting times or office hours for counseling students, if students thereby would be inconvenienced. In summary, there is a need for responsible academic administrators to monitor closely a faculty member's compliance with the terms of the understanding reached with the governing board.

D. Leaves of absence during candidacy

If a University employee concludes or a governing board determines that engaging in a contemplated political campaign will prevent the employee from meeting full-time employment responsibilities, the employee may request a leave of absence,
either partial or full, with corresponding reduction in or
suspension of pay. The presentation of petitions in support of a
request for such leave must follow the same schedule as
prescribed above for efforts at rebuttal of presumed conflicts,
viz., by November 1 with respect to May primary contests and
July 1 for the general election. In fact, if an employee seeks
to be excused from the resignation requirement by rebutting the
presumption of conflict, his petition on that subject should be
accompanied by a petition for leave, to address the contingency
of a finding by the governing board that the presumption has not
been rebutted.

Attachment 2 includes a model petition form to be used by
University employees to describe the nature and extent of leave
requested, with accompanying representations from the Chancellor
and other responsible administrators about the feasibility of the
proposal, from the institution's perspective, e.g., whether it
would be possible to satisfactorily cover the duties of the
employee while he was absent. If an employee seeks a partial
leave of absence, the type of quantification effort described
above, with respect to rebuttal of a presumed conflict, would be
necessary. A listing of duties to be performed and duties not to
be performed would be required, which would account for the total
full-time employment responsibilities of the employee; and,
derivatively, a judgment then could be made about what percentage
reduction in salary would be required.
In the context of faculty employment, the Board of Governors already is on record prohibiting a partial leave in the form of interrupting instructional responsibilities during an academic term; that is, if a faculty member is assigned a course to teach for a semester, he or she will not be permitted to discontinue the instruction of that course (actual teaching hours and directly related instructional responsibilities, such as advising enrolled students) part way through the term by using a substitute teacher.

III. Addressing conflicts of time as an officeholder

The policy states that any employee who becomes an officeholder must insure that holding public office does not conflict with or detract from the satisfactory performance of university employment obligations. Obviously, the assumption of a full-time office precludes the continuation of university employment. However, the policy permits an affected employee to seek a leave of absence without pay, for a maximum period of two years. With respect to part-time officeholding, the policy again distinguishes between major offices (entailing compensation that is more than nominal) and minor offices (entailing nominal compensation), with corresponding presumptions about resulting conflicts with university employment. An affected employee who intends to hold such an office must pursue the same options concerning rebuttal of presumptions or leaves of absence as are applicable to candidacies for election. Attachment 2 includes provisions that address those questions. Because the deadline
for filing petitions for leaves of absence is November 1, which precedes the usual date of a general election, a candidate for election in November must file his petition in advance of the election, on the assumption that he will be elected, so as to permit timely action by the governing board before he assumes office.

IV. Consequences of failure to comply with required procedures

As noted at the outset, the Board policy is designed to accomplish a timely resolution of questions about an employee's proposed involvement in activities that could conflict with university employment responsibilities. The purpose is to avoid, through advance planning, any situation in which an employee might neglect his duty and thereby disrupt service to students and other beneficiaries of the university enterprise, with consequent need for disciplinary action against the culpable employee. The system established by the Board permits both the employee and the employer to identify potential problems in advance and to craft reasonable accommodations. Thus, it is essential that the procedures called for in the policy be observed carefully.

An employee who fails or refuses to observe the procedural requirements of the policy has violated the terms and conditions of his employment and is subject to disciplinary action. With the establishment of appropriate measures for providing notice of the policy requirements, all covered employees will be presumed to know their obligations under the policy.
A. With respect to officeholding

If a university employee is elected or appointed to a full-time public office, his university employment ends automatically ("will be deemed to have resigned") upon the assumption of that office. The automatic termination of employment may be avoided only if the employee, prior to assuming the office, has sought and obtained permission for a leave of absence, not to exceed two years in duration. Since the relevant provisions of the policy are self-executing, there is no occasion for disciplinary action in such a case.

If a university employee is elected or appointed to a part-time office for which compensation is more than nominal, holding the office is presumed to conflict with the satisfactory performance of university employment obligations, and the employee is obligated to resign upon assuming that public office. The required resignation may be avoided only if the employee, prior to assuming the office, follows prescribed procedures that result either in a finding that in fact there will be no conflict created by simultaneous officeholding and university employment or, alternatively, in the approval of a requested leave of absence. If an employee fails to follow the prescribed procedure or declines to resign after failing to rebut the presumed conflict or after being denied a leave of absence, disciplinary action may be brought against him for violation of the terms and conditions of his employment.
B. With respect to candidacy

Under the terms of the Board policy, if a candidacy for election to public office entails a presumed conflict with university employment, the affected employee is required to resign when he becomes a candidate. Resignation from employment may be avoided only if the employee, prior to becoming a candidate, follows prescribed procedures that result either in a finding that in fact there will be no conflict or, alternatively, in the approval of a requested leave of absence. If an employee fails to follow the prescribed procedure or declines to resign after failing to rebut the presumed conflict or after being denied a leave of absence, disciplinary action may be brought against him for violation of the terms and conditions of his employment.
SAMPLE SUMMARY OF POLICY PROVISIONS, FOR INCLUSION IN DOCUMENTS THAT PRESCRIBE TERMS AND CONDITIONS OF UNIVERSITY EMPLOYMENT

University Policies Governing Employee Involvement In Political Candidacy And Officeholding

Policies adopted by the Board of Governors in 1976 establish processes for resolving, in advance, questions about possible conflicts between a University employee's satisfactory performance of employment responsibilities and his involvement in political candidacy and officeholding. All University employees except those subject to the State Personnel Act are covered by the policies. An employee who intends to become a candidate for election or appointment to or to hold any public office is responsible for knowing the terms of and complying with the requirements of the Board policies. A copy of the full text of the Board policies may be obtained from ___(official and location)__. Failure to comply with the policies is a violation of the terms and conditions of University employment and may result in disciplinary action. The following is a summary of the basic provisions of the Board policies. The full text of the policies should be consulted by an affected employee. Advice concerning the interpretation and application of the policies may be obtain from ___(official)__. 
1. Candidacy for election to public office

Becoming a candidate for election to a full-time or major part-time office is presumed to create a conflict of time that interferes with the employee's satisfactory performance of University employment obligations. The conflict may be avoided by (1) resigning from University employment, (2) seeking an appropriate unpaid leave of absence from University employment, or (3) rebutting the presumption of conflict by demonstrating that there in fact will be no conflict between campaign activity and University employment. An employee who intends to become a candidate must follow prescribed procedures for resolving questions about conflicts in advance of becoming a candidate.

2. Holding public office

Upon assuming an elective or appointive full-time office, a University employee will be deemed to have resigned his University employment, unless prior to assuming office he requests and is granted a full leave of absence, without pay. Such a leave of absence may not exceed two years.

Upon assuming an elective or appointive major part-time office, a University employee will be presumed to have a conflict of time that necessitates his resignation from University employment; the resignation requirement may be avoided if (1) he requests and is granted an appropriate leave of absence or (2) he rebuts the presumption of conflict by demonstrating that there in fact will be no conflict between officeholding and University employment.

An employee who intends to occupy such an office must follow prescribed procedures for resolving questions about conflicts in advance of assuming the office.
INSTRUCTIONS REGARDING PROCEDURES TO BE FOLLOWED BY UNIVERSITY EMPLOYEES WHO INTEND TO BECOME CANDIDATES FOR OR HOLDERS OF POLITICAL OFFICES

These instructions pertain to University employees exempt from the State Personnel Act who intend to be candidates for election or appointment to or to hold (a) full-time public offices, (b) membership in the General Assembly or (c) major part-time offices for which compensation is more than nominal (if the employee is a senior academic or administrative officer of the University). Questions concerning candidacy for or holding of all other public offices are to be addressed through procedures established by the boards of trustees of the constituent institutions, consistent with policies of the Board of Governors. Attached is a copy of the policies of the Board of Governors to which these instructions pertain.

1. An affected employee must use the forms/format prescribed herein.

2. Contact the Office of the Chancellor for advice and assistance. All questions regarding a petition required by these instructions should be addressed to the Chancellor. Questions to be considered by the President or the Board of Governors are to be transmitted through the Chancellor.

3. Any petitions required by these instructions should be submitted as early as possible, but no later than the following:

<table>

<tr>
<th>Periods beginning:</th>
<th>Completed petition to be received by Chancellor:</th>
<th>Completed petition to be received by Board:</th>
</tr>
</thead>
<tbody>

<td>June 15</td>
<td>July 1</td>
</tr>
<tr>
<td>Other periods</td>
<td>90 days prior to beginning of period</td>
<td>60 days prior to beginning of period</td>
</tr>
</tbody>
</table>
4. An employee submitting a petition must present it and all accompanying information to supervisors designated by the Chancellor and to the Chancellor, in a timely manner, as the basic information upon which they may rely in reaching conclusions required of them as part of the petition process. Any such official may require additional information or explanation from the petitioner, to aid their evaluation of the petition.

5. A separate petition is required for action by the governing board with respect to each stage of involvement in political candidacy and officeholding. For example, an employee who proposes to become a candidate for election to the General Assembly must: (1) present an initial petition to the Board of Governors by no later than November 1 if he intends to be a candidate in the forthcoming May primary; (2) if successful in the primary, present a petition by no later than July 1 if he intends to be a candidate in the November general election; (3) in anticipation of success in the general election, present a petition by no later than November 1 of the election year, with respect to service in the General Assembly during the following year, and thereafter for each succeeding year of service. With respect to a member of the faculty who is elected to the General Assembly, it would be necessary to submit a timely petition for each semester of university employment during which he held such office.

6. Whether the petition relates to candidacy or officeholding, the petition form accords the employee more than one option that could be used to resolve the presumed conflict with university employment, e.g., (a) to rebut the presumption, (b) to seek a partial leave of absence, or (c) to seek a full leave of absence. Typically, an employee may prefer to avoid a leave of absence by seeking to demonstrate that his candidacy or officeholding, contrary to the presumption, in fact will not conflict with university employment. If his petition as initially submitted is limited to that choice, and it is not successful, there may not be sufficient time within the schedule established by the Board of Governors to file a followup petition seeking a leave of absence. Thus, every petitioner is advised to submit a petition that anticipates all contingencies by requesting all of the relevant outcomes alternatively, viz., first choice, a demonstration of grounds for rebutting the presumption that there is a conflict; but failing that, a request for a partial leave of absence and corresponding reduction in pay; and, failing that, a request for a full leave of absence without pay.

2. Holding Public Offices Concurrent With University Employment.
   a. Full-Time Public Offices.

   Upon election to or acceptance of appointment to a public office requiring full-time service an employee of the University will be deemed to have resigned from his or her University employment; provided, that if deemed practicable by the University, an affected employee may be granted a full leave of absence from University employment, without pay, to coincide with the period of public service, with such period of leave not to exceed two years in any case; such a request for leave shall be addressed to and resolved by the Board of Governors, shall be transmitted through the President, and shall be accompanied by a recommendation from the appropriate Chancellor in any case pertaining to an institutional employee (if the request for leave pertains to a Chancellor, it shall be accompanied by a recommendation of the Board of Trustees).

   If a University employee is elected to or accepts appointment to a public office requiring part-time service, for which compensation is more than nominal (including membership in the General Assembly), it shall be presumed that holding such public office creates a conflict of time or interest which interferes with responsibilities owed the University and which requires the affected employee either to procure an appropriate leave of absence or to resign from University employment. If prior to assuming the public office the affected employee by petition is able to establish to the satisfaction of the University that, contrary to the presumption, holding such public office in fact will not create a conflict of time or interest which interferes with responsibilities owed the University, the resignation requirement shall not be applicable; if consistent with the presumption of the resignation requirement is found to be applicable, upon request by the affected employee and if deemed practicable by the University the employee may be granted a full or partial leave of absence from University employment, with corresponding suspension of or reduction in pay, applicable to the period for public service (if a full leave of absence is deemed necessary and is granted, it shall not exceed two years in any case; if a partial leave of absence is deemed necessary and is granted, the period of leave shall be at the discretion of the University). Such petitions for leave by senior administrative officers (and by all other employees if the petition is for service in the General Assembly) shall be addressed to and resolved by the Board of Governors, shall be transmitted through the President, and shall be accompanied by a recommendation from the appropriate Chancellor in any case pertaining to an institutional employee (if the request for leave pertains to a Chancellor, it shall be accompanied by a recommendation of the Board of Trustees); such petitions for leave by University employees other than senior administrative officers (with the exception of petitions for service in the General Assembly) shall be addressed to and resolved by the Appropriate Board of Trustees and shall be transmitted through the Chancellor. With respect to each such
decision rendered by a Board of Trustees, the Chancellor shall transmit to the Committee on University Governance of the Board of Governors a report, containing such information as the Committee may specify, concerning the action of the Board of Trustees.

c. Part-Time Offices For Which Compensation Is Only Nominal.

Election to or acceptance of appointment to a public office requiring part-time service, for which no compensation is paid or for which the compensation paid is only nominal, shall be presumed not to create a conflict of time or interest which interferes with responsibilities owed the University; provided, that if the President (with respect to senior administrative officers) or the Chancellor (with respect to other employees) believes that, contrary to the presumption, there will be a conflict of time or interest in the particular case, the question may be referred for resolution by either the Board of Governors or the appropriate Board of Trustees (depending on whether or not the employee is a senior administrative officer). Any employee who files as a candidate for or intends to accept appointment to such a public office must file promptly with his or her immediate supervisor a written statement setting forth the amount of any payments to which the holder of such office is entitled as officeholder.

3. Candidacy For Elective Public Office.

a. Full-Time Offices.

The candidacy of a University employee for election to a public office requiring full-time service is presumed to create a conflict of time which interferes with the performance of responsibilities owed the University and requires the affected employee either to procure an appropriate leave of absence or to resign from University employment. If prior to announcing his or her candidacy the affected employee by petition is able to establish to the satisfaction of the University that, contrary to the presumption, such candidacy in fact will not create a conflict of time which interferes with responsibilities owed the University, the resignation requirement shall not be applicable; if consistent with the presumption the resignation requirement is found to be applicable, upon request by the affected employee and if deemed practicable by the University the employee may be granted a full or partial leave of absence from University employment, with corresponding suspension of or reduction in pay, to be coextensive with the period of candidacy. Such petitions and/or requests for leave shall be addressed to and resolved by the Board of Governors, shall be transmitted through the President, and shall be accompanied by a recommendation from the appropriate Chancellor in any case pertaining to an institutional employee (if the request for leave pertains to a Chancellor, it shall be accompanied by a recommendation of the Board of Trustees).
b. Part-Time Offices For Which Compensation Is More Than Nominal.

The candidacy of a University employee for election to a public office requiring part-time service, for which compensation is more than nominal (including membership in the General Assembly), is presumed to create a conflict of time which interferes with the performance of responsibilities owed the University and requires the affected employee either to procure an appropriate leave of absence or to resign from University employment. If prior to announcing his or her candidacy the affected employee by petition is able to establish to the satisfaction of the University that, contrary to the presumption, such candidacy in fact will not create a conflict of time which interferes with responsibilities owed the University, the resignation requirement shall not be applicable; if consistent with the presumption the resignation requirement is found to be applicable, upon request by the affected employee and if deemed practicable by the University the employee may be granted a full or partial leave of absence from University employment, with corresponding suspension of or reduction in pay, to be coextensive with the period of candidacy. Such petitions for leave by senior administrative officers (and by all other employees if the petition concerns candidacy for the General Assembly) shall be addressed to and resolved by the Board of Governors, shall be transmitted through the President and shall be accompanied by a recommendation from the appropriate Chancellor in any case pertaining to an institutional employee (if the request for leave pertains to a Chancellor, it shall be accompanied by a recommendation of the Board of Trustees); such petitions for leave by University employees other than senior administrative officers (with the exception of petitions concerning candidacy for the General Assembly) shall be addressed to and resolved by the appropriate Board of Trustees and shall be transmitted through the Chancellor. With respect to each such decision rendered by a Board of Trustees, the Chancellor shall transmit to the Committee on University Governance of the Board of Governors a report, containing such information as the Committee may specify, concerning the action of the Board of Trustees.

C. Part-Time Offices For Which Compensation Is Only Nominal.

The candidacy of a University employee for election to a public office requiring part-time service, for which no compensation is paid or for which the compensation paid is only nominal, is presumed not to create a conflict of time which interferes materially with responsibilities owed the University; provided, that if the President (with respect to senior administrative officers) or the Chancellor (with respect to other employees) believes that, contrary to the presumption, there will be a material conflict of time in the particular case, the question may be referred for resolution by either the Board of Governors or the appropriate Board of Trustees (depending on whether or not the employee is a senior administrative officer). Any employee who files as a candidate for such a public office must file promptly with his or her immediate supervisor a written statement setting forth the amount of any payments to which the holder of such office is entitled as officeholder.
4. Political Campaign Activities.

With respect to his or her own candidacy for election to public office or to any other person's candidacy for election to public office, no University employee shall:

a. Use University funds, services, supplies, vehicles, or other property to support or oppose the candidacy of any person for elective public office;

b. Make any promise of preferential treatment (or actually confer such preference) or make any threat of detrimental treatment (or actually impose such detriment) to any person, with respect to any condition or incident of employment over which the employee has authority, control, or influence, for purposes of inducing support of or opposition to any candidate for elective public office.

Violation of the prohibitions contained in subparagraphs a and b, above, shall be cause for appropriate disciplinary action, including discharge from employment.

5. Other Leaves of Absence for Senior Administrative Officers.

A senior administrative officer who desires a leave of absence for purposes other than political candidacy or officeholding may petition the University for such a leave in the following manner: (a) with respect to periods of leave not to exceed 90 days, the petition shall be addressed to and resolved by the President, who shall report to the Board of Governors all such leave arrangements as he may grant; (b) with respect to periods of leave to exceed 90 days, the petition shall be addressed to and resolved by the Board of Governors, shall be transmitted through the President, and shall be accompanied by a recommendation from the appropriate Chancellor in any case pertaining to an institutional employee (if the request for leave pertains to a Chancellor, it shall be accompanied by a recommendation of the Board of Trustees).

6. Appeals.

With respect to any decision reached by a Board of Trustees as prescribed in Sections 2 and 3 of this Resolution, an employee aggrieved by the decision may appeal to the Board of Governors only on the basis of an allegation that such decision was contrary to the provisions of this Resolution. Any such appeal shall be addressed to the Chancellor for transmission to the President, who in turn will transmit the appeal to the Board of Governors.

7. Effective Date.

The requirements of this Resolution shall be applicable prospectively only, on and after the date of adoption by the Board of Governors. No change in the employment status of an employee who was an incumbent in a public office as of the adoption date of this Resolution shall be required under the terms of this Resolution for the balance of the term of office being served on the effective date of this Resolution.
8. Relation to State Laws.

The foregoing regulations as adopted by the Board of Governors are
designed to supplement, and do not purport in any way to supplant or
modify, those statutory enactments which may govern or limit the
political activities of employees of the State of North Carolina.

9. Repeal of Prior Enactments.

With respect to the resolution of the Board of Governors entitled
"Policies Concerning Senior Administrative Officers of The University of
North Carolina" which was adopted under date of September 13, 1974,
paragraphs 1, 2, and 3 of said resolution are repealed; additionally, the
