Policy on Design, Construction, and Financing of Capital Improvement Projects

I. Authority. G.S. 143C-8-12 provides the Board of Governors with authority to approve certain expenditures for capital improvement projects that will be funded and operated entirely from non-General Fund money, including expenditures to plan, construct, and change the scope of such projects.

Additionally, G.S. 116-31.11 delegates to the Board of Governors the authority for the administration of design, construction, or renovation of buildings, utilities, and other property developments requiring the estimated expenditure of public money of $2,000,000 or less. The Board is also authorized to delegate that authority to constituent institutions and affiliated entities of the University of North Carolina if an institution or affiliated entity is qualified under guidelines developed in consultation with the director of the budget and the State Building Commission. Pursuant to this authority, guidelines entitled “The University of North Carolina Design and Construction Guidelines” were implemented to provide assistance to the constituent institutions in the administration of the design and construction of capital improvement projects. Copies of the guidelines may be obtained at the UNC System Office.

Pursuant to and consistent with its authority under the North Carolina General Statutes, including G.S. 116-11(13), the Board of Governors adopts the following policy regarding authority of the president and boards of trustees to approve and administer certain capital improvement projects.

II. Approval of Certain Capital Improvement Projects

A. General Delegations of Authority to the President and Boards of Trustees for Approval of Certain Capital Improvement Projects.

1. The Board of Governors delegates to the president and the boards of trustees the power to approve capital improvement projects that are funded entirely with non-General Fund money that are projected to cost less than $750,000.1 The president’s authority may be exercised on behalf of the UNC System Office, affiliated entities, or the constituent institutions in the president’s discretion.

2. The Board of Governors delegates to the president and the boards of trustees authority to approve advance planning of capital improvement projects, where the advance planning effort is to be funded entirely with non-General Fund money.2

3. The Board of Governors delegates to the president the authority to approve an increase of up to 10 percent of the cumulative value of an originally-awarded construction contract for a System Office, affiliated entity, or constituent institution capital improvement project previously authorized by the Board of Governors.
43. After the long-term financing of a capital improvement project has been approved in accordance with statutory requirements, the president may approve interim financing or bank loans as a means of short-term financing. The president shall report any such actions to the Committee on Budget and Finance at its next meeting.

B. Additional Delegations of Authority to the President and Boards of Trustees for Approval of Capital Improvement Projects.

3. Should the Board of Governors delegate additional authority to one or more boards of trustees or affiliated entities consistent with paragraph 2., above, the president shall automatically receive authority to approve capital improvement projects at a level equal to the highest level of authority delegated to a board of trustees or affiliated entity. The president’s authority may be exercised on behalf of the UNC System Office, affiliated entities, or the constituent institutions in the president’s discretion.

4. The senior vice president for finance and administration, in consultation with the senior vice president and general counsel, shall establish the process by which a constituent institution may request and maintain delegated authority consistent with G.S. 143C-8-12 and other relevant state law. The minimum criteria a constituent institution must meet to receive and maintain authorization from the Board of Governors shall include, but not be limited to, performance of a written, comprehensive self-assessment that demonstrates:

   b. The chancellor has certified in writing that the constituent institution has the administrative, technical, and support resources necessary to properly carry out the delegated authority.

   c. The constituent institution has a properly constituted and active campus capital project review committee comprised of individuals with sufficient technical expertise, strategic perspective and executive authority to perform the duties required herein.

   d. The constituent institution has an individual on staff with substantial experience in managing capital improvement projects and the chancellor has designated that individual as the campus capital project coordinator.
e. The constituent institution has appropriate and sufficient technical and professional staff with demonstrated capability in the planning, financing, and oversight of capital improvement projects.

f. An assessment team, assembled and led by the senior vice president for finance, has reviewed the constituent institution’s self-assessment, has performed an on-site capabilities appraisal that confirms the institution’s self-assessment, and has recommended delegation to the president.

Constituent institutions will be reviewed for re-authorization under this section on a periodic basis, to be established by the senior vice president for finance and administration.

5. Upon review in response to a request for re-authorization or in response to a report of noncompliance with this policy or its associated regulations, for good cause, and consistent with G.S. 143C-8-12 and other relevant state law, the president may revoke or suspend the authority of a constituent institution or take other remedial action as the president deems necessary and appropriate. Once authority has been revoked or suspended pursuant to this policy, all future capital improvement projects for the institution involved shall be completed in accordance with the General Statutes of North Carolina and the general delegations of authority provided for in section II of this policy.

III. Administration of Design and Construction of Certain Capital Improvement Projects. Delegations of the Board of Governors authority for the administration of design and construction of capital improvement projects requiring the estimated expenditure of public money of $2,000,000 or less shall be in accordance with G.S. 116-31.11 and “The University of North Carolina Design and Construction Guidelines.”

The senior vice president for finance and administration shall have general authority to establish such procedures and reporting requirements for constituent institutions and affiliated entities as may be prudent to enable implementation of this policy and associated regulations.

V. Other Matters

A. Effective Date. The requirements of this policy shall be effective on July 1, 2019.

B. Relation to Other Laws. This policy is designed to supplement, and does not purport in any way to supplant or modify, those statutory enactments and rights which may govern capital improvement projects in the State of North Carolina.

C. Regulations and Guidelines. This policy shall be implemented and applied in accordance with such regulations and guidelines as may be adopted by the president.

1This delegation of authority shall be interpreted consistent with G.S. 143C-8-12. See also Appendix 1 to The Code and Section 200.6 of the UNC Policy Manual.

2Unless otherwise indicated by the Board of Governors, this delegation of authority to boards of trustees to approve advance planning efforts shall not be further delegated.

Regulation on Required Elements of University-Associated Entity Relationship

I. Purpose

A. Associated Entities. The University of North Carolina (UNC) System encourages the establishment of private organizations, known for purposes of these regulations as Associated Entities, to support the constituent institutions and other units of the University, consistent with G.S. 116-30.20. Associated Entities engage in activities that are critical to and aligned with the mission, goals, and objectives of the constituent institutions and institutional units with which they are associated. Activities undertaken by Associated Entities include fundraising, provision of services to students and campus organizations, research support, and collaborating with organizations outside the University System to promote and support initiatives and activities that are related to the University’s mission of teaching, research, and service. Associated Entities and the constituent institutions and units of the University with which they are associated rely on the dedicated guidance, support, and leadership of Associated Entity directors, officers, donors, and volunteers to pursue shared goals and objectives.

B. Associated Entity Affiliation. Each Associated Entity becomes affiliated with either a constituent institution or General Administration—the UNC System Office pursuant to the written approval of the chancellor and board of trustees (in the case of an entity associated with a constituent institution) or the president and Board of Governors (in the case of an entity associated with General Administration—the UNC System Office). Associated Entities are in turn, subject to the direction of the applicable Associated Entity’s governing body and provide funding and other support to the Approving Institution. In recognition of and to facilitate such support, Associated Entities are permitted, in accordance with these regulations and pursuant to written agreements with Approving Institutions, to represent that they are affiliated with the University or a constituent institution. In addition, many Associated Entities benefit from resources of the constituent institution in carrying out their activities.

C. Framework. These regulations establish—a framework of cooperation and coordination within which the chancellor or the president of the Approving Institution are expected to structure the Approving Institution’s engagement with its Associated Entities. The authority and responsibility for establishing and maintaining cooperative and mutually beneficial relationships between the Approving Institution and its Associated Entities rests with the chancellor or, as the case may be, the president, of the applicable Approving Institution. These regulations recognize the independence of each Associated Entity as an organization that is separate from the Approving Institution, while ensuring the Approving Institution maintains essential oversight and control over the Approving Institution’s name, marks, resources, and activities that could impact accreditation standards, and compliance responsibilities applicable to the Approving Institution. Further, these regulations recognize that funds raised by Associated Entities are to be used to support the Approving Institution consistent with donor intent and applicable law. Accordingly, these regulations articulate standards for governance and operations of Associated Entities in their support of and interaction with their constituents.
Approving Institutions, and create pathways of communication to ensure that the University and its constituent institutions are informed about the activities of their Associated Entities so that those activities remain aligned with the mission, goals, and objectives of the Approving Institution. An Associated Entity (including any subsidiary or affiliate of an existing Associated Entity), seeking to be associated with the UNC System Office must be approved in writing by the president and the Board of Governors, president, the chancellor, or the president’s or chancellor’s designee. An Associated Entity must be approved in order to receive University-provided services or to be able to use any University names, logos, or marks.

In order to obtain and maintain approved status, the Associated Entity must agree, pursuant to a written agreement also described in subpart F.1, VII.A., to abide by the policies or regulations established by the University and by the Approving Institution, including the requirements of these regulations, and to assure that the activities of the Associated Entity align with the mission, goals, and standards of or applicable to the Approving Institution, including accreditation standards applicable to institution-related entities, and athletics conference standards applicable to intercollegiate athletics programs. When any request for permission to remove or discontinue an Associated Entity’s approved status is submitted to the Board of Governors or board of trustees of the Approving Institution and the president, notice of the request and the grounds for such request shall be simultaneously submitted in writing to the Associated Entity.

D. Recusal of Board Members. When the Board of Governors or a board of trustees considers or votes whether to approve an Associated Entity, to remove an Associated Entity’s approved status, or to allow an Associated Entity’s approved status to expire, any member of the Board of
Governors or board of trustees who also serves as a member of the governing body of the relevant Associated Entity shall recuse himself or herself from any such consideration or vote.

E4. Compliance with Policies, Regulations, and Agreements. The head of the Approving Institution (chancellor or president) shall be responsible for taking reasonable steps to ensure that the Approving Institution and its Associated Entities operate in accordance with all requirements of these regulations, the applicable policies of the University and the Approving Institution, and the written approvals and agreements between the Approving Institution and each Associated Entity.

B2. Annual CPA Audit. A Major Associated Entity and its single-member subsidiaries (LLCs or corporations) must be audited on an annual basis by an independent CPA firm in good standing with the North Carolina Board of CPA Examiners and with substantial experience in performing audits for organizations of similar scope and complexity to the Major Associated Entity. A Minor Associated Entity must have an annual audit conducted either by the Approving Institution’s internal auditor, another University internal auditor, or an independent CPA firm. A Special Purpose Entity must be audited every two years. A Special Purpose Entity which has annual expenditures of $100,000 or more must be audited by an independent CPA firm. Each Associated Entity in setting its budget shall consider in good faith all suggestions offered by the head of the Approving Institution (or designee) regarding the proposed budget of the Associated Entity and how the budget might be better aligned with the mission, goals, and objectives of the Approving Institution.

**D4. Officer and Employee Compensation.** All salary and nonsalary compensation provided by the Associated Entity to its officers or employees must be approved by the Associated Entity’s governing board. The Associated Entity must comply with Board of Governors Policy—Section 300.1.1 of the UNC Policy Manual, concerning the prohibition of payments to specified University employees. A Major Associated Entity may not acquire debt in excess of $500,000 that is not to be publicly traded without first notifying the president or the chancellor or designee of the Approving Institution and consulting with the vice president for finance of the University. In determining the level of scrutiny to give to the proposed transaction, the vice president shall take into account the amount of the debt in relationship to the Associated Entity’s assets and income and the extent of experience of the Associated Entity in entering into similar debt transactions. A Special Purpose Entity that issues debt to construct facilities for the University must provide a financial or construction audit to the vice president for finance of the University at the vice president’s
request or to the governing board of the Approving Institution at the request of the chair of the governing board.
