

2. 2015-16 Operating Budget Allocations.....Andrea Poole

Situation: While most of the funding for the Current Operations Budget of each institution comes in the base budgets as approved by the General Assembly, some funds for expansions and improvements are appropriated to the Board of Governors for allocation to the institutions. Reductions mandated by the General Assembly are also appropriated to the Board of Governors for allocation. These items are included in the 2015 Appropriations Act [S.L. 2015-241 (H97), as amended by S.L. 2015-268 (H259)].

Background: By statute, the Board is directed to allocate such funds in accordance with its 2015-17 Budget Priorities and with any specifications in the Appropriations Act and the Joint Conference Committee Report on the Continuation, Expansion and Capital Budgets, dated September 14, 2015. The General Assembly also made a number of appropriations and adjustments for designated programs in University Operations and Aid to Private Institutions.

Assessment: The allocations meet all of the directives cited in the Appropriations Act of 2015 and the related Joint Conference Committee Report. Many of the changes were made directly to each institution’s continuation budget; however, items that require Board action are shown in the table on the following page and are also designated with an “A” in this document.

Action: This item requires a vote.

2015-16 Operating Allocations

This document includes recommended allocations for operating and compensation funding, as well as additional information about the 2015 budget and related bills. A comparison of the final budget to the BOG budget priorities can be found in Appendix A.

It is recommended that the following proposed allocations for 2015-16 be approved and that the President be authorized to make refinements in the interest of accuracy and completeness. It is also recommended that the President be authorized to seek such concurrence as may be required of the Director of the Budget in the allocation of Budget Priorities.

A. Recommended Allocations for Items Requiring Board Approval

Table 1 summarizes the operating and compensation allocations requiring Board of Governors approval. Following the table is a summary of the methodology for each allocation.

**ECU, NCSU, UNC-CH, and WCU may allocate the management flex cut across the Health, Agricultural, and AHEC budget codes and NC Arboretum fund code within the parameters outlined in S.L. 2015-241 for the 2015-17 biennium.*

2015-16 Operating Allocations

1. Enrollment Change Funding ^A

The General Assembly fully funded the projected enrollment change in the UNC System by appropriating \$49,324,741 for 2015-16. Systemwide, enrollment is expected to increase by 3,345 FTE students. While in previous years, enrollment appropriations were allocated directly to the campuses through the continuation budget, the General Assembly made the appropriation for the 2015-16 enrollment changes to UNC-GA, Institutional Programs (BOG Reserve). Therefore, Board action is required for these allocations.

The enrollment change request and allocations are based on the University's student-credit-hour funding model, except for the components that remain on the FTE funding model. State-funded budgeted enrollments (SCH and FTE models) are established as shown in Table 2.

Table 2: FY 2015-16 Budgeted Enrollment

**FTE Model programs include: ECU Medical School, NCCU School of Law, NCSU School of Veterinary Medicine, UNC-CH Schools of Dentistry, Law, Medicine, and Pharmacy, UNCSA, and NCSSM. In addition, the General Assembly has fully funded the Board's request for the ECU School of Dentistry. The program will include 50 students per cohort, which began in 2011-12 and is now fully operational with a total of 200 students.*

An enrollment-related special provision (Section 11.14) moves the due date for enrollment projections to December 15 in even-numbered years and can be found on page B-3 of Appendix B.

2015-16 Operating Allocations

2. Management Flexibility Reduction^A

The 2015 General Assembly mandated management flexibility recurring reductions of \$18,033,112 for 2015-16 and \$43,474,267 in 2016-17 [S.L. 2015-241 (H97), as amended by S.L. 2015-268 (H259)]. In addition to these recurring reductions, a nonrecurring reduction of \$3 million will also be implemented in 2016-17.

Section 11.4 of S.L. 2015-241 (H97) prohibited reductions to certain campuses (ECSU, FSU, UNCA, UNCSA, and NCSSM), outlined other parameters for allocating the reductions for the 2015-17 biennium, and required a report to the Office of State Budget and Management and the Fiscal Research Division by April 1, 2016 on the implementation of the reductions.

Five BOG-adopted efficiency and effectiveness metrics and three additional factors were considered in the reduction methodology for the remaining institutions, in order for institutions increasing performance or exceeding peer averages to receive a lower reduction.

Efficiency and Effectiveness Metrics:

- Freshman to Sophomore Retention – Campus performance greater than public peer average
- Graduation Rate – Six-year graduation rate greater than public peer average
- Degree Efficiency – Bachelor's degrees produced per 100 FTE undergraduates greater than public peer average
- UNC Compliance Index – UNC Compliance score higher than UNC System average
- E&R Spending per Degree – Education and related spending per degree less than comparable public peer average

Other Factors:

- No Tuition – Entities without the ability to charge tuition
- Diseconomies of Scale – Headcount enrollment less than 6,500 students
- Pell Grant Recipients – Greater than 1/3 of North Carolina resident undergraduate students receiving a Pell Grant

The related special provision, Section 11.4, may be found on page B-1 of Appendix B.

3. Academic Summer Bridge^A

The 2015 General Assembly eliminated funding for the Academic Summer Bridge program, a program designed to provide a summer residential program for in-state, first generation students who would benefit from additional academic preparation to better transition from high school to the university. Although program funds are at the campus level, the \$1,073,700 reduction was to UNC-GA, Institutional Programs [S.L. 2015-241 (H97), as amended by S.L. 2015-268 (H259)]. Therefore, the Board of Governors needs to allocate the cut. The allocation is according to actual campus program funds.

4. UNC System SMART^A

UNC System SMART is an initiative to increase system-wide efficiency, transparency, and accountability in the areas of human resources, consolidated UNC System financials, procurement and strategic sourcing, capital planning and facilities review, legal services, and

2015-16 Operating Allocations

advancement. The methodology for allocation of the \$2,000,000 in reductions shown in Table 1 varies by activity. Each proposed activity, allocation method, and expected return can be found in Appendix C.

5. Comply with Federal Law on Veterans' Tuition ^A

Last year, the General Assembly provided funding for the Yellow Ribbon Program, which leveraged federal matching funds to reduce tuition costs for certain nonresident veterans. Subsequently, the federal Veterans Access, Choice, and Accountability Act of 2014 required public institutions of higher education to charge certain nonresident veterans no more than the resident tuition and fee rates or risk losing approval to receive federal educational benefits. To comply, the General Assembly passed S.L. 2015-116 (S478), In-State Tuition for Certain Veterans/Federal Programs, which is included as Appendix D. In the budget, the General Assembly eliminated funding for the Yellow Ribbon Program (\$4,863,276) and provided \$9,300,762 to offset an expected reduction in tuition receipts as a result of granting resident status for certain nonresident veterans for tuition purposes.

These funds were appropriated to UNC-GA, Institutional Programs (BOG Reserve). **It is recommended that the President be authorized to make further allocations, based on campus actual tuition revenue waived.**

6. Increasing Campus Performance ^A

In 2011, the General Assembly funded a Board request for \$1,000,000 to reward and improve campus performance. **It is recommended that to maximize the continued use of these funds, they be administratively consolidated with the President's Strategic Initiative Reserve, an existing reserve used to enhance the University's performance.**

B. *Additional Budget Actions Not Requiring Board Approval (for information only)*

As noted earlier, the General Assembly mandated reductions and increased appropriations directly to several campus budgets, which do not require Board allocation. These are described on the following pages, for information only. Additionally, although funding for compensation and benefit changes was appropriated directly to the UNC budget, Section 30.10 directs the Office of State Budget and Management (OSBM) to determine the allocation of these funds. Unless otherwise noted, appropriations were made in the 2015 Appropriations Act (S.L. 2015-241, H97).

1. Compensation Reserve

The General Assembly funded a \$750 one-time bonus for UNC employees both subject to and exempt from the State Human Resources Act (SHRA and EHRA). This bonus shall not be considered part of an employee's annual salary or base rate of pay for retirement purposes. The Office of State Budget and Management (OSBM) has been directed to determine the allocation of these appropriated funds to each constituent institution. No action is required by the Board of Governors to allocate these funds. Sections 30.10 and 30.18A on page B-5 of Appendix B provide more information.

2015-16 Operating Allocations

2. Retirement Funding – TSERS and ORP

The General Assembly increased the State’s contribution for members of the Teachers’ and State Employees’ Retirement System (TSERS) from 15.21% to 15.32% and for members of the Optional Retirement Program (ORP) from 12.74% to 12.85% to fund increased retiree medical premiums. The Office of State Budget and Management (OSBM) has been directed to determine the allocation of these appropriated funds to each constituent institution. No action is required by the Board of Governors to allocate these funds. Sections 30.10 and 30.20 on pages B-5 and B-6 of Appendix B provide more information.

3. State Health Plan

The General Assembly provided additional funding to continue health benefit coverage for enrolled active General Fund employees. The Office of State Budget and Management (OSBM) has been directed to determine the allocation of these appropriated funds to each constituent institution. No action is required by the Board of Governors to allocate these funds. Sections 30.10 and 30.20 on pages B-5 and B-6 of Appendix B provide more information.

4. NCSSM Teachers

The General Assembly provided \$58,980 in recurring funds for changes to the statewide teacher salary schedule that affect teachers at NC School of Science and Mathematics. These funds were appropriated to the NC School of Science and Mathematics.

5. Building Reserves

The 2015 General Assembly appropriated funds for the biennium for operating new or renovated University facilities, as shown in Table 3. These funds were appropriated directly to the campuses.

The General Assembly appropriated \$8,000,000 in nonrecurring funds in each year of the biennium for the Brody School of Medicine. These funds were appropriated to ECU, Health Affairs.

7. Mountain Area Health Education Center

The General Assembly appropriated \$8,000,000 in recurring funds for surgery and family medicine residencies in the MAHEC service area. These funds were appropriated to UNC-Chapel Hill, AHEC Programs.

8. Medical Scholars Program

The General Assembly appropriated \$1,000,000 in recurring funds for the Kenan Medical Scholars program at UNC-CH's School of Medicine. This program supports students with a specialization interest in primary care, general surgery, and psychiatry who are interested in practicing medicine in a rural area. These funds were appropriated to UNC-Chapel Hill, Health Affairs.

9. Eliminate Hunt Institute

The General Assembly eliminated all General Fund support for the Hunt Institute (\$737,230). Section 11.21 provides more detailed information. The funds were reduced from UNC-Chapel Hill, Academic Affairs.

10. Elizabeth City State University Transition

The General Assembly fully funded the Board's request of \$3,000,000 in nonrecurring funds in each year of the biennium for Elizabeth City State University Transition. These funds will be used to enhance technology related to enrollment and recruitment of students, campus access and safety, and human resources management. The related special provision, Section 11.13, requires regular reporting on the expenditure of funds, and can be found on page B-3 of Appendix B. These funds were appropriated to Elizabeth City State University.

11. UNC Core

The General Assembly appropriated \$1,000,000 in recurring funds to support course development for UNC Core, a program of online instruction for active duty service members and veterans housed at the Friday Center for Continuing Education at UNC-Chapel Hill. These funds were appropriated to UNC-CH, Academic Affairs.

12. Recruit Community College Students Pilot

The General Assembly appropriated \$140,868 in nonrecurring funds to establish a pilot program in the ASU College of Education for the purposes of recruiting and retaining both undergraduate students and community college students [S.L. 2015-241 (H97), as amended by S.L. 2015-268 (H259)]. The funds may be used for personnel, marketing, programming, counseling, and advising. The program ends in FY 2017-18. These funds were appropriated to Appalachian State University.

2015-16 Operating Allocations

13. Union Square Campus, Inc.

The General Assembly appropriated \$2,000,000 in nonrecurring funds for 2015-16 for the Union Square Campus, Inc., a non-profit entity providing nursing education and training facilities with NCA&T, UNCG, Guilford Technical Community College, and Cone Health. This project also received nonrecurring funds of \$2 million in FY 2014-15. These funds were appropriated to UNC-GA, Institutional Programs.

14. Amend UNC Carryforward Funds to be used for Repairs and Renovations

Section 31.17 allows for a one-year increase in carryforward not to exceed 5% of General Fund appropriation for FY 2015-16. The Board is required to submit a report on expenditures for repairs and renovations no later than October 1, 2017 and a report on any expenditures for advanced planning no later than 30 days after the funds are spent. The provision can be found on page B-6 of Appendix B.

15. NC Guaranteed Admission Program

Section 11.7 directs the Board of Governors and State Board of Community Colleges to study a deferred admissions program for students identified as academically at risk and requires a joint report by March 1, 2016 on the fiscal impact and the number of students who may participate. The provision further requires each constituent institution design a deferred admission program for implementation at the beginning of FY 2016-17 for 2017-18 admission. The provision, Section 11.7, can be found on page B-2 of Appendix B.

16. NC Research Campus at Kannapolis

Section 11.5 of the Appropriations Act, found on page B-1 of Appendix B, again mandated that the Board of Governors use \$29 million to support UNC-related activities at the NC Research Campus at Kannapolis. Since no new funding was provided, the President will direct the following institutions to continue expending additional funds at Kannapolis at the same amount as in 2014-15, as shown in Table 4.

Table 4: NCRC at Kannapolis FY 2015-16 Funding

Section 11.23 authorizes the State Education Assistance Authority (SEAA) to determine residency for UNC, Community Colleges, and students who apply for state-funded financial aid, beginning after December 31, 2016. The provision also directs various state agencies to cooperate with SEAA in electronic verification of evidence. The provision can be found on page B-4 of Appendix B.

18. National Guard Tuition Assistance Program

The General Assembly appropriated \$200,000 in recurring funds to increase tuition assistance by 10% for active members of the North Carolina Army or Air National Guard. The total program funding after the adjustment will be \$2.1 million. These funds were appropriated to UNC-GA, Related Educational Programs.

The following intra-agency transfers do not require Board action.

Amend Senator Jean Preston Marie Shellfish Sanctuary Legislation

In accordance with the Joint Conference Committee Report, recurring funds of \$450,000 in 2015-16 and \$500,000 in 2016-17 will be transferred to UNC Wilmington from the Environment and Natural Resources budget to develop oyster brood stock to provide seed for aquaculture. For more details, see Section 14.9 of the Appropriations Act.

Economic Modeling Initiative (UNCC)

In accordance with the Joint Conference Committee Report, \$500,000 in nonrecurring funds will be transferred to UNC Charlotte from the Information Technology budget to support the development of a state economic development modeling capability at UNCC. C. Budget Changes Effective for FY 2016-17 (for information only)

1. Limit Use of State Funds for UNC Advancement Programs

The General Assembly cut \$16,354,396 in recurring funds beginning in 2016-17 and capped the use of General Fund appropriations for campus advancement activities at \$1 million per campus. The associated special provision, Section 11.6, can be found on page B-1 of Appendix B.

2. Western Governors University Challenge Grant

The General Assembly appropriated \$2,000,000 in nonrecurring funds for 2016-17 to Western Governors University for development of a North Carolina campus contingent on the University raising \$5 million in private funds. SECTION 11.4.(a) The management flexibility reduction for The University of North Carolina shall not be allocated by the Board of Governors to the constituent institutions and affiliated entities using an across-the-board method but shall be done in a manner that recognizes the importance of the academic missions and differences among The University of North Carolina entities.

Before taking reductions in instructional budgets, the Board of Governors and the campuses of the constituent institutions shall consider all of the following:

- (1) Reducing State funding for centers and institutes, speaker series, and other nonacademic activities.
- (2) Faculty workload adjustments.
- (3) Restructuring of research activities.
- (4) Implementing cost-saving span of control measures.
- (5) Reducing the number of senior and middle management positions.
- (6) Eliminating low-performing, redundant, or low-enrollment programs.
- (7) Using alternative funding sources.
- (8) Protecting direct classroom services.

The Board of Governors and the campuses of the constituent institutions also shall review the institutional trust funds and the special funds held by or on behalf of The University of North Carolina and its constituent institutions to determine whether there are monies available in those funds that can be used to assist with operating costs. In addition, the campuses of the constituent institutions also shall require their faculty to have a teaching workload equal to the national average in their Carnegie classification.

SECTION 11.4.(b) In allocating the management flexibility reduction, no reduction in State funds shall be allocated in either fiscal year of the 2015-2017 biennium to any of the following:

- (1) UNC Need-Based Financial Aid.
- (2) North Carolina Need-Based Scholarship.
- (3) Elizabeth City State University.
- (4) Fayetteville State University.
- (5) NC School of Science and Mathematics.
- (6) University of North Carolina at Asheville.
- (7) University of North Carolina School of the Arts.
- (8) State funds allocated to NC State University for support to the Agriculture Education/Future Farmers of America Program.

SECTION 11.4.(c) The University of North Carolina shall report on the implementation of the management flexibility reduction in subsection (a) of this section to the Office of State Budget and Management and the Fiscal Research Division no later than April 1, 2016. This report shall identify both of the following by campus:

NC GUARANTEED ADMISSION PROGRAM (NCGAP)

SECTION 11.7.(a) The General Assembly finds that the six-year graduation rate for students pursuing a baccalaureate degree from any constituent institution of The University of North Carolina is too low. The General Assembly further finds that it is important to design and implement a program for the purpose of achieving the following goals: to assist more students to obtain a baccalaureate degree within a shorter time period; to provide students with a college education at significantly lower costs for both the student and the State; to help decrease the amount of debt resulting from loans that a student may owe upon graduation; to provide a student with an interim degree that may increase a student's job opportunities if the student chooses not to continue postsecondary education; and to provide easier access to academic counseling that will assist a student in selecting coursework that reflects the student's educational and career goals and helps the student succeed academically.

SECTION 11.7.(b) The Board of Governors of The University of North Carolina and the State Board of Community Colleges shall jointly study and evaluate how a deferred admission program, to be known as the North Carolina Guaranteed Admission Program (NCGAP), for students identified as academically at risk and designed pursuant to subsection (c) of this section, would address the issues and help achieve the goals set out in subsection (a) of this section. In its study the Board of Governors and State Board of Community Colleges shall also consider the best procedure for implementing NCGAP and the fiscal impact it may have with respect to enrollment.

SECTION 11.7.(c) NCGAP shall be a deferred admission program that requires a student who satisfies the admission criteria of a constituent institution, but whose academic credentials are not as competitive as other students admitted to the institution, to enroll in a community college in this State and earn an associate degree prior to enrolling as a student at the constituent institution. A student who earns an associate degree from a community college in this State within three years from the date of the deferred acceptance is guaranteed admission at that constituent institution to complete the requirements for a baccalaureate degree. A constituent institution shall hold in reserve an enrollment slot in the appropriate future academic year for any student who accepts a deferred admission. A constituent institution shall also reduce its enrollment for each academic year by the number of deferred admissions granted for that academic year.

SECTION 11.7.(d) The Board of Governors of The University of North Carolina and the State Board of Community Colleges shall report their finding and recommendations to the Joint Legislative Education Oversight Committee, the Fiscal Research Division, and the Office of State Budget and Management by March 1, 2016. The report shall include an analysis of the fiscal impact NCGAP may have with regard to enrollment at constituent institutions of The University of North Carolina and at community colleges, the number of students who may participate in NCGAP, and its effect on FTEs.

SECTION 11.7.(e) Based on the analysis conducted by the Board of Governors and the State Board of Community Colleges pursuant to subsection (b) of this section and the recommendations made pursuant to subsection (d) of this section, each constituent institution shall design a deferred admission program as part of NCGAP for implementation at the institution. The institution shall design the program so that it may be implemented at the institution beginning with the 2016-2017 fiscal year and applied to the institution's admission process for the 2017-2018 academic year and each subsequent academic year.

SECTION 11.7.(f) The State Board of Community Colleges, in consultation with the Board of Governors of The University of North Carolina, shall adopt rules to ensure that a student participating in NCGAP is provided counseling and assistance in selecting coursework that reflects the student's educational and career goals and that provides a smooth transition from the community college to the constituent institution.

SECTION 11.7.(g) NCGAP shall be implemented at all constituent institutions and all community colleges beginning with the 2016-2017 fiscal year and shall apply to admissions policies at each constituent institution and community college beginning with the 2017-2018 academic year and each subsequent academic year.

SECTION 11.7.(h) This section does not apply to the North Carolina School of Science and Mathematics.
