MEMORANDUM

TO: Chancellors

FROM: Margaret Spellings

DATE: April 5, 2016

SUBJECT: Guidance - Compliance with the Public Facilities Privacy & Security Act

The General Assembly and Governor McCrory enacted the Public Facilities Privacy & Security Act (the “Act,” copy attached) on March 23, 2016. This memorandum responds to requests for guidance from UNC system institutions concerning the Act’s requirements.

The Act amends the state’s public policy statement regarding nondiscrimination, and provides that it supersedes nondiscrimination regulations imposed upon employers and public accommodations by political subdivisions of the state, including local governments. The Act does not limit the ability of local governments and universities to adopt policies with respect to their own employees. The Act requires multiple occupancy bathrooms and changing facilities in government buildings to be designated for and only used by persons based on biological sex.

1. Does the Act require the University to change its nondiscrimination policies?

Answer: No. The Act does not require University institutions to change their nondiscrimination policies, and those policies should remain in effect.

2. What are the University’s obligations under the Act relating to bathrooms and changing facilities?

Answer: University institutions must require every multiple-occupancy bathroom and changing facility to be designated for and used only by persons based on their biological sex.

3. How should University institutions meet their obligations related to bathrooms and changing facilities?

Answer: University institutions should take the following actions to fully meet their obligations under the Act:

a. Designate and label multiple-occupancy bathrooms and changing facilities for single-sex use with signage.
b. Provide notice of the Act to campus constituencies as appropriate.
c. Consider assembling and making information available about the locations of designated single-occupancy bathrooms and changing facilities on campus.

UNC institutions already designate and label multiple-occupancy bathrooms and changing facilities for single-sex use with signage and should maintain these designations and signage. Institutions may provide accommodations such as single-occupancy bathrooms or changing facilities and may designate those facilities as gender-neutral.

4. *Does the Act address enforcement of the bathroom and changing facility provisions?*

Answer: The Act does not contain provisions concerning enforcement of the bathroom and changing facility requirements.

5. *What is the status of the lawsuit filed against the Governor, the Attorney General, and the University and how will it affect the implementation of the Act?*

Answer: The lawsuit is pending in federal court. The plaintiffs include a student, a faculty member, and a staff member from UNC system institutions. Once the lawsuit is formally served, the University will have several weeks to file a response. The lawsuit alleges that the Act violates rights to equal protection, due process, and privacy protected by the United States Constitution and discriminates on the basis of sex in violation of Title IX. The plaintiffs have asked the court to declare the Act unconstitutional and to stop the state from enforcing its provisions. The Attorney General has announced that he will not represent the Governor or the University in the lawsuit. The University will work with the Attorney General’s office to make arrangements for counsel in the lawsuit. Like all public agencies, the University is required to fulfill its obligations under the law unless or until the court directs otherwise.

6. *What should constituent institutions do if contacted by a federal regulatory agency concerning the Act and its implementation?*

Answer: If your institution is contacted by a federal agency with questions about the Act, please notify the Division of Legal Affairs at UNC General Administration.

7. *What is the effective date of the Act?*

8. *Are there any other issues that institutions should consider?*

Answer: State and federal law protect personal privacy and limit the personal information that may be requested and/or disclosed by the University concerning students, employees, visitors, patients, and others. In addition, constituent institutions must continue to operate in accordance with their nondiscrimination policies and must take prompt and appropriate action to prevent and address any instances of harassment and discrimination in violation of University policies.

If you have specific questions about your facilities and the Act, please address those with your campus legal counsel. We will continue to provide further guidance and information as appropriate.
