<u>REGULATIONS</u>

Edits from campus feedback have been made and a final copy is ready for System Office approval.   Official Regulations will be posted to the [CNS webpage](#).

<u>OPERATIONS MANUAL</u>

A draft copy of the Operations Manual (instructions and additional directions regarding the operation of the UNC CNS) is nearing completion and will be available for campus review by mid-September. As with the Regulations, campus feedback will be requested to ensure that the Operations Manual provides clear guidelines for CNS implementation and maintenance.

- The scope document is under review. The next step will be to begin the design process, which will include the creation of mock-ups for the public facing site.
