

There are 8 sections within the factsheets, providing summary data pertaining to:

- Institutional Characteristics
- Admissions
- Enrollment
- Student Success
- Faculty and Staff
- Revenues and Expenditures
- Undergraduate Tuition and Financial Aid
- Impact and Engagement

Note: Fact sheets are updated twice annually, once in the fall after the fall census data has been finalized (typically in November) and once in the spring after the IPEDS finance data has been finalized (typically in April). The title of the factsheet is driven by the fall term (e.g. 2021 Fact Sheet is first published in November of 2021 with some remaining 2020 data and updated in April 2022. 2022 Fact Sheet is published in November of 2022). Due to data availability, NCSSM's factsheet is only updated once per year in the spring to reflect the previous academic year's data.

Fall update: Institutional Characteristics (except credit rating and top degree fields), Admissions, Enrollment, Undergraduate Tuition and Financial Aid (only tuition and fees)

Spring update: Institutional Characteristics (only credit rating and top degree fields), Student Success, Faculty and Staff, Revenues and Expenditures, Undergraduate Tuition and Financial Aid (except tuition and fees), Impact and Engagement
